Congressional Review Act

The Commission has determined, and the Administrator of the Office of Information and Regulatory Affairs (OIRA), Office of Management and Budget (OMB), concurs, that this rule is non-major under the Congressional Review Act, 5 U.S.C. 804(2). The Commission will send a copy of this Order to Congress and the Government Accountability Office pursuant to 5 U.S.C. 801(a)(1)(A).

Final Regulatory Flexibility Certification

Under Section 604(a) of the Regulatory Flexibility Act, the Bureau is not required to prepare a final regulatory flexibility analysis because the Order does not require notice-and-comment rulemaking. Although not required in this particular situation, we are optionally including a Final Regulatory Flexibility Certification in this order since an Initial Regulatory Flexibility Certification was included in the *CEFS Announcement Public Notice*.

Paperwork Reduction Act

This document does not adopt or propose new or substantively modified information collection(s) subject to the Paperwork Reduction Act of 1995 (PRA), Public Law 104–13. In addition, therefore, it does not contain any new or modified information collection burden for small business concerns with fewer than 25 employees, pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107–198, *see* 44 U.S.C. 3506(c)(4). This document may contain non-substantive modifications to an approved information collection.

Any such modifications will be submitted to the Office of Management and Budget for review pursuant to OMB's non-substantive modification process.

Synopsis

Section 105 of the Communications Assistance for Law Enforcement Act, 47 U.S.C. 1004, and section 229(b) of the Communications Act, 47 U.S.C. 229(b), require all covered entities to file System Security and Integrity (SSI) Plans with the Federal Communications Commission (Commission). The Commission first specified the requirements for telecommunications carriers' SSI Plans in 1999. Pursuant to § 1.20005 of the Commission's rules, all providers subject to CALEA must file their SSI Plans prior to commencing service and must re-file a complete updated SSI Plan within 90 days following any changes to information contained in a previously-filed SSI Plan. All SSI Plans must contain all information listed under §§ 1.20003 and 1.20004 of the Commission's rules.

On June 1, 2022, the Public Safety and Homeland Security Bureau (Bureau) announced the launch of CEFS, which allows covered entities to file System Security and Integrity Policies and Procedures Documents (SSI Plans) confidentially and securely online, eliminating the need for paper filing. Filers that seek to file confidentially or to preserve the confidentiality of a piece of information in a filing may still request such treatment under § 0.459 of the Commission's rules. Also, CEFS operates on a platform that links to the Commission Registration System (CORES) to reduce the need for filers to re-enter basic information that CORES users have already provided to the Commission. The new system will allow users to file SSI Plans electronically and, once they have electronically filed a plan in CEFS, to log back in to CEFS and retrieve and view that filing. CEFS encourages timely filings of new SSI Plans and updated SSI Plans and reduces the risk of filing errors that require re-submission.

In the *CEFS Announcement Public Notice*, the Bureau stated that electronic filing of SSI Plans in CEFS would initially be voluntary and proposed to make electronic filing mandatory six months later. The six-month transition period allowed regulated entities time to familiarize themselves with CEFS and CORES, if necessary, and obtain FCC Usernames and FCC Registration Numbers (FRNs) needed to file in CEFS. The transition period also allowed time for internal consideration of any further modifications to the new system. In
