

incremental disclosure obligations related to consumers reporting a billing error under section 308.7(d) requires, on average, about one hour per each billing error. Previously, staff projected that approximately 5 percent of an estimated 46,981,200 calls made to pay-per-call services each year involves such a billing error. The staff is now reducing its prior estimate of the number of those calls by 4 percent<sup>13</sup> (to 45,101,950 calls) to reflect recent changes in the amount of pay-per-call services and their billing. Assuming the same apportionment (5 percent) of overall calls to pay-per-call services, this amounts to 2,255,100 hours, cumulatively. Applying the \$54/hour blended wage rate, the estimated annual cost is \$121,775,400 annually.
