Copies of such filing will also be available for inspection and copying at the principal office of the Exchange. All submissions should refer to the File No. SR-NYSE-2001-38 and should be submitted by [insert date 21 days from date of publication].

### **IV. Commission's Findings and Order Granting Accelerated Approval of Proposed Rule Change**

The Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.<sup>12</sup> In particular, the Commission finds that the proposed rule change is consistent with Section 6(b)(5) of the Act, which requires that the

rules of an exchange be designed to promote just and equitable principles of trade, remove impediments to and perfect the mechanism of a free and open market and a national securities system, and protect investors and the public interest.<sup>13</sup> The Commission believes that the proposed rule change will remove impediments to and perfect the mechanism of a free and open market, and will protect investors and the public interest, by enabling the NYSE to serve as a market for shares of Deutsche Bank (rather than American depository receipts) while maintaining the standards that are substantially equivalent to the NYSE's existing standards.

The Commission believes that it is reasonable for the NYSE to interpret the Manual to permit Deutsche Bank shares to be in book-entry format only, provided that the securities are "depository eligible" as required by Exchange Rule 227. The interpretation is necessary to accommodate the fact that Deutsche Bank shareholders generally have no right to individual shares in certificate form. In the event that individual certificates are issued, the Commission believes that it is reasonable for the Exchange to interpret the Manual to permit it to list shares of Deutsche Bank despite differences from the Manual's standards for endorsement.

The Commission also believes that it is reasonable for the NYSE to interpret the Manual to accept Deutsche Bank's proxy procedures. By mailing stockholder meeting materials approximately 45 days prior to its annual meeting, Deutsche Bank will give shareholders the same type of advance notification provided for in the Manual. Moreover, Deutsche Bank's proxy procedures will cancel proxies for shares sold prior to the meeting, and will facilitate voting by persons who purchase shares during the month leading up to the meeting. In that way, the Exchange's proxy procedures regarding Deutsche Bank appear to be substantially equivalent to the NYSE's existing standards, by permitting the votes cast at the annual meeting to accurately reflect the company's shareholders at the time of the meeting.

The Exchange has requested that the Commission approve the proposed rule change prior to the thirtieth day after publication of the proposal in the **FEDERAL REGISTER**. According to the Exchange, the trading of Deutsche Bank shares is scheduled to commence as early as October 3, 2001. The Exchange states that approval of the rule change

by the date will facilitate the maintenance of an orderly market in the shares of Deutsche Bank. The Exchange further states that without accelerated approval of this proposed rule change, there will be uncertainty in the market regarding the form of Deutsche Bank certificates and the procedures governing Deutsche Bank proxies.

The Commission finds good cause, pursuant to Section 19(b)(2) of the Act,<sup>14</sup> for approving the proposed rule change prior to the thirtieth day after the date of publication of notice thereof in the **Federal Register**. The Commission believes that it is necessary to approve the NYSE's proposal on an accelerated basis to permit the public to begin to trade the newly issued Deutsche Bank shares on the NYSE without doubts about whether the book-entry only shares are acceptable under NYSE rules, and without question about how Deutsche Bank will conduct proxy voting.

### **V. Conclusion**

*It is therefore ordered*, pursuant to Section 19(b)(2) of the Act,<sup>15</sup> that the proposed rule change (SR-NYSE-2001-38) is hereby approved on an accelerated basis.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.<sup>16</sup>
