

vehicle or boat registration and license number and state of issue (if applicable), type and number of boats, stock or off-highway vehicles (if applicable), and assessed fee and method of payment (if applicable).

The FS-2300-48, National Recreation Permit, is a form used to authorize specific activities at particular facilities or areas. Information collected for FS-2300-48 includes the group or individual's name, responsible person's signature, address, phone number, date of permit, method of travel, license number and description of vehicle and tow type, payment method and amount, number and types of water craft (if applicable), number in a group at a cabin or campsite (if applicable), number and type of off-highway vehicles or other vehicles, and number and type of other use (if applicable).

This information is used to manage the application process and to issue permits for recreation uses of Federal recreational lands and waters. The information will be collected by Federal employees and agents who are authorized to collect recreation fees and/or issue recreation permits. Name and contact information will be used to inform applicants and permit holders of their success in securing a permit for a special area. Number in group, number and type of vehicles, water craft, or stock may be used to assure compliance with management area direction for recreational lands and waters and track visitation trends. A national forest may use ZIP codes to help determine where the national forest's visitor base originates. Activity information may be used to improve services. Personal information such as names, addresses, phone numbers, e-mails and vehicle registration information will be secured and maintained in accordance with the system of records, National Recreation Reservation System (NRRS) USDA/FS-55.

If unable to collect this information, national forests would not be able to manage their permit programs or disperse use, protect natural and cultural resources, provide for the health and safety of visitors, allocate capacity, and/or help cover the higher costs of providing specialized services on National Forest System recreational lands.
