Public Land Order No. 7898; Extension of Public Land Order 7467 San Francisco Peaks/Mount Elden Recreation Area; Arizona

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of public land order.

SUMMARY: This Public Land Order (PLO) extends for an additional 20-year term the withdrawal originally created by PLO No. 7467, published October 16, 2000. This extension is necessary to protect the capital investments, scenic values, and dispersed recreation in the U.S. Forest Service's (USFS) San Francisco Peaks/Mount Elden Recreation area, encompassing 74,689 acres. PLO No. 7467 withdrew these National Forest System Lands from location and entry under the United States mining laws for a 20-year period.

DATES: This Public Land Order takes effect on October 15, 2020.

FOR FURTHER INFORMATION CONTACT: Sara Ferreira, Land Law Examiner, Bureau of Land Management (BLM), at 602–417–9598 or by email at sferreir@blm.gov, or contact the BLM, Arizona State Office, One North Central Ave., Suite 800, Phoenix, AZ 85004. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Relay Service (FRS) at 1–800–877–8339 to contact Ms. Ferreira. The FRS is available 24 hours a day, 7 days a week, to leave a message or question. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The purpose of the original withdrawal requires an extension in order to continue to protect those areas withdrawn by PLO No. 7467 for an additional 20-year term and to protect the capital investments and dispersed recreation resources in the San Francisco Peaks/Mount Elden Recreation area, Coconino National Forest, Arizona.

ORDER

By virtue of the authority vested in the Secretary of the Interior by Section 204 of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1714, it is ordered as follows:

1. Subject to valid existing rights, PLO No. 7467, (65 FR 61180 (2000)), which withdrew National Forest System lands from location and entry under the United States mining laws, but not from leasing under the mineral leasing laws, is hereby extended for an additional 20-year period to protect the San Francisco Peaks/Mount Elden Recreation area, Coconino National Forest, Arizona.

The October 16, 2000, **Federal Register** publication (65 FR 61180) identified 74,380.50 acres of National Forest System Lands for the San Francisco Peaks/Mount Elden Recreation Area withdrawal. Since 2000, a Land Survey Report was completed and approved by BLM Cadastral Survey. The revised legal description and acreage set forth herein are consistent with the Specifications for Descriptions of Land (2015) and are used in place of the land description in the application and original PLO issued in 2000. The cadastral survey program reviewed the legal description and maps within the withdrawal boundary against all recent plat documents and found the acreage to be 74,689, a difference of 308.5 acres from the PLO issued in 2000. For the purposes of this withdrawal extension, the withdrawal boundary remains unchanged, and the total acreage reflects the more accurate calculation of 74,689 acres, which are legally described as follows:
