DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

[Docket No. BOEM–2023–0003]

Outer Continental Shelf Official Protraction Diagrams and Official Protraction Aliquot Diagrams

AGENCY: Bureau of Ocean Energy Management, Interior.

ACTION: Notice of availability.

SUMMARY: This notice announces the availability of the new North American Datum of 1983 (NAD83)-based Outer Continental Shelf (OCS) official protraction diagrams (OPDs) and official protraction aliquot diagrams (OPADs) depicting geographic areas in the Gulf of Mexico (GOM). These diagrams may be used for the description of potential renewable energy and mineral lease sales in the geographic areas that the diagrams represent.

ADDRESSES: Copies of the new OPDs and OPADs are available for download in .pdf format from <https://www.boem.gov/gom83-cadastral-data>.

FOR FURTHER INFORMATION CONTACT: Beth Wenstrom, Chief, Geospatial Services Division, Office of Strategic Resources, at (703) 787–1312 or via email at beth.wenstrom@boem.gov.

SUPPLEMENTARY INFORMATION: These diagrams represent BOEM's new OPDs and OPADs for the U.S. OCS seaward of the States of Louisiana and Texas in the NAD83 datum as described by the Submerged Lands Act. (43 U.S.C. 1301, *et seq.*). OPDs and OPADs depict the cadastral subdivisions of the OCS that legally define all leasing areas. The

diagrams depict areal measurements and offshore boundaries and identify Federal and State jurisdiction for individual OCS leasing blocks. These OPDs and OPADs delineate the Submerged Lands Act boundaries and the limit of the “8(g)/8(p) Zone” boundaries, as provided in those sections of the OCS Lands Act 43 U.S.C. 1337(g) and (p). Available diagrams have the latest approval date under the diagram number and may also carry the name of a city, town, or prominent natural feature within them. Further information is provided on the specific OPDs and OPADs.

These new OPDs and OPADs cover the area included in the “Call for Information and Nominations—Commercial Leasing for Wind Power Development on the Outer Continental Shelf in the Gulf of Mexico.” See 86 FR 60283, November 1, 2021, section 3 for a detailed description of the call area. The extent of the published diagram coverage is shown in figure 1.

Figure 1

The new OPDS and OPADs neither supersede nor replace the North American Datum of 1927 OPDs (NAD 27

OPDs), the Texas and Louisiana leasing maps (LMs), nor notices to lessees (NTLs) previously published by BOEM and currently used for oil and gas

leasing (e.g., NTL No. 2009–G29). For purposes of oil and gas leasing, BOEM will continue to use the NAD 27 OPDs and LMs.

The OPDs and OPADs described in this notice are published to support potential future GOM offshore renewable energy and mineral lease sales and to supersede the provisional OPDs and OPADs published on August 19, 2022. See 87 FR 51133.

SUPPLEMENTARY INFORMATION: The Department is announcing WIOA allotments for PY 2023 for Youth Activities, Adults and Dislocated Worker Activities, Wagner-Peyser Act PY 2023 allotments, and PY 2023 Workforce Information Grant allotments. This notice provides information on the amount of funds available during PY 2023 to states with an approved WIOA Combined or Unified State Plan, and information regarding allotments to the Outlying Areas.

WIOA allotments for states and the state allotments for the Wagner-Peyser Act are based on formulas defined in their respective statutes. WIOA requires allotments for the Outlying Areas to be competitively awarded rather than based on a formula determined by the Secretary of Labor (Secretary) as occurred under the Workforce Investment Act (WIA). However, for PY 2023, the Consolidated Appropriations Act, 2023 waives the competition requirement, and the Secretary is using the discretionary formula rationale and methodology for allocating PY 2023 funds for the Outlying Areas (American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, the Republic of Palau, and the United States Virgin Islands) that was published in the **Federal Register** at 65 FR 8236 (Feb. 17, 2000). WIOA specifically included the Republic of Palau as an Outlying Area, except during any period for which the Secretary of Labor and the Secretary of Education determine that a Compact of Free Association is in effect and contains provisions for training and education assistance prohibiting the assistance provided under WIOA; no such determinations prohibiting assistance have been made. The formula that the Department of Labor (Department) used for PY 2023 is the same formula used in PY 2022 and is described in the section on Youth Activities program allotments. The Department invites comments only on
