III. Summary of Public Comments Received and Agency Response to Comments

The Agency received two anonymous public comments on the notice. For these reasons, the Agency does not believe that the comments submitted during the comment period merit further review or a denial of the requests for voluntary cancellation.

IV. Cancellation Order

Pursuant to FIFRA section 6(f) (7 U.S.C. 136d(f)), EPA hereby approves the requested cancellations of the registrations identified in Table 1 of Unit II. Accordingly, the Agency hereby orders that the product registrations identified in Table 1 of Unit II are canceled. The applicable date of the cancellations that are the subject of this notice is April 2, 2021. Any distribution, sale, or use of existing stocks of the products identified in Table 1 of Unit II in a manner inconsistent with any of the provisions for disposition of existing stocks set forth in Unit VI will be a violation of FIFRA.

V. What is the Agency's authority for taking this action?

Section 6(f)(1) of FIFRA (7 U.S.C. 136d(f)(1)) provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, following the public comment period, the EPA Administrator may approve such a request. The notice of receipt for this action was published for comment in the **Federal Register** of July 30, 2020 (85 FR 45881) (FRL–10012–41). The comment period closed on January 26, 2021.

VI. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products which are currently in the United States and

which were packaged, labeled, and released for shipment prior to the applicable date of the cancellation action. The existing stocks provisions for the products subject to this order are as follows.

The registrants may continue to sell and distribute existing stocks of products listed in Table 1 of Unit II until April 4, 2022, which is 1 year after the publication of the Cancellation Order in the **Federal Register**.

Thereafter, the registrants are prohibited from selling or distributing products listed in Table 1, except for export in accordance with FIFRA section 17 (7 U.S.C. 136o), or proper disposal. Persons other than the registrants may sell, distribute, or use existing stocks of products listed in Table 1 of Unit II until existing stocks are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products.

Proposed Information Collection Request; Comment Request; Acid Rain Program (Renewal)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) is planning to submit an information collection request (ICR), “Acid Rain Program (Renewal)” (EPA ICR No. 1633.18, OMB Control No. 2060–0258) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. Before doing so, EPA is soliciting public comments on specific aspects of the proposed information collection as described below. This is a proposed extension of the ICR, which is currently approved through December 31, 2021. An Agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: Comments must be submitted on or before June 1, 2021.

ADDRESSES: Submit your comments, referencing Docket ID No. EPA–HQ–OAR–2009–0022, online using www.regulations.gov (our preferred method), by email to a-and-r-Docket@epa.gov, or by mail to: EPA Docket

Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW, Washington, DC 20460.

EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

SUPPLEMENTARY INFORMATION:

Supporting documents which explain in detail the information that the EPA will be collecting are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. Pursuant to section 3506(c)(2)(A) of the PRA, EPA is soliciting comments and information to enable it to: (i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (ii) evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (iii) enhance the quality, utility, and clarity of the information to be collected; and (iv) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval. At that time, EPA will issue another **Federal Register** notice to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB.

Abstract: The Acid Rain Program was established under Title IV of the 1990 Clean Air Act Amendments to address acid deposition by reducing emissions of sulfur dioxide (SO₂) and nitrogen oxides (NO_x). This information collection extension is necessary to continue implementation of the Acid Rain Program. It includes burden and costs associated with developing and modifying permits, complying with NO_x permitting requirements, monitoring emissions, transferring allowances, participating in the annual allowance auctions, and participating in the program as an opt-in source.

Form Numbers: Agent Notice of Delegation #5900-172, Certificate of Representation #7610-1, General Account Form #7610-5, Allowance Transfer Form #7610-6, Retired Unit Exemption #7610-20, Allowance Deduction #7620-4, Acid Rain Permit Application #7610-16, Acid Rain NO_x Compliance Plan #7610-28, Acid Rain NO_x Averaging Plan #7610-29, New Unit Exemption #7610-19, Opt-In Permit Application #7610-26, Opt-In Utilization Report #7620-9.

Respondents/affected entities:

Electricity generating plants, industrial sources, and other persons.

Respondents' obligation to respond: Voluntary and mandatory (Clean Air Act sections 403, 407, 408, 410, 412, and 416).

Estimated number of respondents: 1,219 (total); includes 1,169 sources and 50 non-source entities participating in allowance trading activities.

Frequency of response: On occasion, quarterly, and annually.

Total estimated burden: 1,826,133 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$276,811,849 (per year); includes \$129,450,755 annualized capital or operation & maintenance costs.

Changes in Estimates: There is a decrease of 47,747 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. The decrease is principally due to source retirements, which have both reduced the estimated overall number of affected sources and shifted the estimated mix of monitoring methodologies used. The other factors contributing to the decrease in burden are reductions in the estimated numbers of allowance transfer and deduction

submissions, expected opt-in sources, and allowance auction bids.

Reid P. Harvey,

Director, Clean Air Markets Division, Office of Atmospheric Programs, Office of Air and Radiation.

Cancellation Order for Certain Pesticide Registration and Amendments To Terminate Uses

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's order for the cancellations and amendments to terminate uses, voluntarily requested by the registrants and accepted by the Agency, of the products listed in Table 1 and Table 2 of Unit II, pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). This cancellation order follows a February 10, 2021 **Federal Register** Notice of Receipt of Requests from the registrants listed in Table 3 of Unit II to voluntarily cancel and amend to terminate uses of these product registrations. In the February 10, 2021 notice, EPA indicated that it would issue an order implementing the cancellations and amendments to terminate uses, unless the Agency received substantive comments within the 30-day comment period that would merit its further review of these requests, or unless the registrants withdrew their requests. The Agency received three comments on the notice, but none merited its further review of the requests. Further, the registrants did not withdraw their requests. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested cancellations and amendments to terminate uses. Any distribution, sale, or use of the products subject to this cancellation order is permitted only in accordance with the terms of this order, including any existing stocks provisions.

DATES: The cancellations and amendments are effective April 2, 2021.
