SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general. This action may, however, be of interest to those persons interested in agricultural biotechnology or those who are or may be required to conduct testing of chemical substances under the Federal Food, Drug, and Cosmetic Act (FFDCA) or the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). Since other entities may also be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. What Should I Consider as I Prepare My Comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through regulations.gov or e-mail. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD ROM that you mail to EPA, mark the outside of the disk or CD ROM as CBI and then identify electronically within the disk or CD ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When submitting comments, remember to:

- i. Identify the document by docket ID number and other identifying information (subject heading, **Federal Register** date and page number).
- ii. Follow directions. The Agency may ask you to respond to specific questions or organize comments by referencing a Code of Federal Regulations (CFR) part or section number.
- iii. Explain why you agree or disagree; suggest alternatives and substitute language for your requested changes.
- iv. Describe any assumptions and provide any technical information and/or data that you used.
- v. If you estimate potential costs or burdens, explain how you arrived at

your estimate in sufficient detail to allow for it to be reproduced.

vi. Provide specific examples to illustrate your concerns and suggest alternatives.

vii. Explain your views as clearly as possible, avoiding the use of profanity or personal threats.

viii. Make sure to submit your comments by the comment period deadline identified.

II. Background

Monsanto Company has developed an insect-protected soybean, MON 87701, that produces the Cry1Ac protein to provide protection from feeding damage from certain lepidopteran pests. The 524-EUP-R application is for 56.0 acres of MON 87701 for the 2007 growing season. This insect-protected soybean product has a limited fit in the United States since only a small portion of the United States soybean production acres are significantly and consistently affected by the target lepidopteran pests. The purpose of growing MON 87701 in the United States is to evaluate and further develop the product in support of a planned commercialization in South America. A total of five trial protocols will be conducted, including: Agronomic yield trials, breeding and observation nursery trials, regulatory trials, efficacy trials, and product development trials. States involved include: Alabama, Arkansas, Georgia, Illinois, Indiana, Kansas, Louisiana, Maryland, Mississippi, Missouri, North Carolina, Oklahoma, Puerto Rico, South Carolina, Tennessee, Texas, and Virginia.

III. What Action is the Agency Taking?

Following the review of the Monsanto Company application and any comments and data received in response to this notice, EPA will decide whether to issue or deny the EUP request for this EUP program, and if issued, the conditions under which it is to be conducted. Any issuance of an EUP will be announced in the **Federal Register**.

IV. What is the Agency's Authority for Taking this Action?

The Agency's authority for taking this action is under FIFRA section 5.

Pesticides; Guidance for Pesticide Registrants on Disposal Instructions on Non-Antimicrobial Residential/Household Use Pesticide Product Labels

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of availability.

SUMMARY: The Agency is announcing the availability of a Pesticide Registration Notice (PR Notice) entitled "Disposal Instructions on Non-Antimicrobial Residential/Household Use Pesticide Product Labels." PR Notices are issued by the Office of Pesticide Programs (OPP) to inform pesticide registrants and other interested persons about important policies, procedures, and registration related decisions, and serve to provide guidance to pesticide registrants and OPP personnel. This particular PR Notice provides guidance to the registrant concerning the updating and revision of PR Notice 2001-6 to clarify that the use of a toll free number in the disposal instructions on non-antimicrobial residential/household use pesticide product labels is optional. If registrants choose to change or remove a toll free number from the disposal instructions on their label, this notice provides guidance on making such changes.

FOR FURTHER INFORMATION CONTACT: Jim Downing, Biopesticides and Pollution Prevention Division, (7511P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (703) 308-9071; fax number: (703) 308-7026; e-mail address: downing.jim@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general; however this action may be of particular interest to those persons who are responsible for registration and reregistration of pesticide products. Since other entities may also be

interested, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the information in this notice, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Get Copies of this Document and Other Related Information?

1. *Docket.* EPA has established a docket for this action under docket identification (ID) number EPA-HQ-OPP-2007-0040. Publicly available docket materials are available either in the electronic docket at <http://www.regulations.gov>, or, in hard copy, at the Office of Pesticide Programs (OPP) Regulatory Public Docket in Rm. S-4400, One Potomac Yard (South Building), 2777 S. Crystal Drive Arlington, VA. The hours of operation of this Docket Facility are from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The Docket telephone number is (703) 305-5805.

2. *Electronic access.* You may access this **Federal Register** document electronically through the EPA Internet under the "**Federal Register**" listings at <http://www.epa.gov/fedrgstr>.

II. What Guidance Does this PR Notice Provide?

This PR Notice provides guidance to the registrant updating and revising PR Notice 2001-6 to clarify that the use of a toll free number in the disposal instructions on non-antimicrobial residential/household use pesticide product labels is optional. If registrants choose to change or remove a toll free number from the disposal instructions on their label, this notice provides guidance on making such changes. This notice supersedes PR Notice 2001-6 in its entirety and PR Notices 83-3 and 84-1 in part.

This notice provides guidance for the development of disposal instructions for non-antimicrobial, residential/household use pesticide product labels. EPA is providing instructions that direct consumers to call their local authorities for specific disposal instructions in order to provide state and local governments greater latitude in carrying out their responsibilities for product disposal and waste management programs.

This notice is directed to registrants of non-antimicrobial, residential/household use products. Registrants using the revised disposal statements provided in this notice may add the disposal statements to their labels by notification or they may make the changes with non-notification,

according to PR Notice 98-10. The Agency expects that registrants of existing products will begin to revise their labels accordingly. All affected product labels were expected to have disposal statements according to issued guidance by October 1, 2003. The statements in this notice are not intended for non-residential/non-household use (e.g., agricultural, commercial, or industrial use) pesticide products where users generally have access to established recycling and/or disposal procedures and programs.

III. Do PR Notices Contain Binding Requirements?

The PR Notice discussed in this notice is intended to provide guidance to EPA personnel and decision makers and to pesticide registrants. While the requirements in the statutes and Agency regulations are binding on EPA and the applicants, this PR Notice is not binding on either EPA or pesticide registrants, and EPA may depart from the guidance where circumstances warrant and without prior notice. Likewise, pesticide registrants may assert that the guidance is not appropriate generally or not applicable to a specific pesticide or situation.
