

Federal Register for Federal-aid project NCPD–PE02(910), the I–85 Extension, in multiple counties in Alabama is being rescinded. A final environmental impact statement (EIS) will not be prepared for this project.

FOR FURTHER INFORMATION CONTACT: Mr. Mark D. Bartlett, Division Administrator, Federal Highway Administration, 9500 Wynlakes Place, Montgomery, Alabama 36117; Email: mark.bartlett@dot.gov; Telephone: (334) 274–6350.

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the Alabama Department of Transportation, is rescinding the NOI to prepare an EIS for Federal-aid project NCPD–PE02(910). The proposed project was to construct a multi-lane, limited access roadway to provide a connecting link in the freeway/Interstate system between Interstate 59/Interstate 20 (I–59/I–20) near the Mississippi state line and I–85 in Montgomery, Alabama. The study area included large parts of six Black Belt Counties (Dallas, Hale, Lowndes, Marengo, Perry, and Sumter), as well as Autauga and Montgomery Counties.

The NOI for the project was published in the **Federal Register** on September 20, 2005. A draft EIS was released in April 2010. The FHWA has determined, in conjunction with ALDOT, the NOI for the project shall be rescinded due to changes in economic projections and the lack of available funding. ALDOT has reassessed the needs and timing for the completion of this project and indefinitely postponed development.

Any future Federal-aid actions within this corridor will comply with environmental review requirements of the National Environmental Policy Act (NEPA, 42 U.S.C. 4321, *et seq.*), FHWA environmental regulations (23 CFR 771) and related authorities, as appropriate.

Authority: 23 U.S.C. 315; 49 CFR 1.48.

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Rescinding the Notice of Intent for an Environmental Impact Statement; Multiple Counties, Alabama

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Rescind Notice of Intent.

SUMMARY: The FHWA is issuing this notice to advise the public that the 2006 Record of Decision (ROD) and the Final Environmental Impact Statements (FEISs) for Federal-aid projects DPS–A002(002) and DPS–A002(003), the Memphis to Atlanta transportation corridor, in multiple counties in Alabama is rescinded.

FOR FURTHER INFORMATION CONTACT: Mr. Mark D. Bartlett, Division Administrator, Federal Highway Administration, 9500 Wynlakes Place, Montgomery, Alabama 36117; Email: mark.bartlett@dot.gov; Telephone: (334) 274–6350.

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the Alabama Department of Transportation (ALDOT), is rescinding the ROD and FEISs for projects DPS–A002(002) and DPS–A002(003) [previously DPS–A002(001)]. The proposed projects were to construct a multi-lane, limited access roadway that would function as a major segment of the Memphis to Atlanta transportation corridor. The roadway would have proved a direct link between the two metropolitan areas. DPS–A002(002) contained the western portion of the corridor between interstate 65 (I–65) and the Mississippi state line and located in Colbert, Lawrence, Morgan and Limestone Counties. DPS–A002(003) contained the eastern portion of the corridor between I–65 and the Georgia state line and located in Cherokee, Dekalb, Marshall, Madison, and Limestone Counties.

The ROD for the projects was issued August 31, 2006. The FHWA has determined, in conjunction with ALDOT, the ROD and the FEIS for the projects shall be rescinded due to objections raised by Redstone Arsenal. The Arsenal objected to a public roadway passing through Arsenal property due to increased security concerns.

Any future Federal-aid actions within this corridor will comply with environmental review requirements of the National Environmental Policy Act (NEPA, 42 U.S.C. 4321, *et seq.*), FHWA environmental regulations (23 CFR 771) and related authorities, as appropriate.

Authority: 23 U.S.C. 315; 49 CFR 1.48.
