

Institute of Standards and Technology (NIST) Special Publications (SP) and Federal Information Processing Standards (FIPS) and Department of State policies and standards.

All data stored in cloud environments categorized above a low FISMA impact risk level must be encrypted at rest and in-transit using a federally-approved encryption mechanism. The encryption keys shall be generated, maintained, and controlled in a Department data center by the Department key management authority. Deviations from these encryption requirements must be approved in writing by the Department of State Authorizing Official. High FISMA impact risk level systems will additionally be subject to continual auditing and monitoring, multifactor authentication mechanisms utilizing Public Key Infrastructure (PKI) and NIST 800-53 controls concerning virtualization, servers, storage, and networking, as well as stringent measures to sanitize data from the cloud service once the contract is terminated.

Record Access Procedures:

Individuals who wish to gain access to or to amend records pertaining to themselves should write to U.S. Department of State; Director, Office of Information Programs and Services; A/GIS/IPS; 2201 C St. NW, Room B-266; Washington, DC 20520. The individual must specify that he or she wishes Overseas Citizens Services Records and Other Overseas Records to be checked. At a minimum, the individual must include: full name (including maiden name, if appropriate) and any other names used; current mailing address and zip code; date and place of birth; notarized signature or statement under penalty of perjury; a brief description of the circumstances that caused the creation of the record (including the city and/or country and the approximate dates) which gives the individual cause to believe that Overseas Citizens Services Records and Other Overseas Records include records pertaining to him or her. A request to search Overseas Citizens Services Records and Other Overseas Records, STATE-05, will be directed to the Passport Office when it pertains to passport, registration, citizenship, birth or death records, and any records transferred from STATE-05 to STATE-26. Detailed instructions on Department of State procedures for accessing and amending records can be found at the Department's FOIA website (<https://foia.state.gov/Request/Guide.aspx>).

Contesting Record Procedures:

Individuals who wish to contest record procedures should write to U.S. Department of State; Director, Office of

Information Programs and Services; A/GIS/IPS; 2201 C St. NW, Room B-266; Washington, DC 20520.

SUPPLEMENTARY INFORMATION:

Title: Relocation Assistance and Real Property Acquisition Regulations for Federal and Federally Assisted Programs.

Background: This program implements 42 U.S.C. 4602, concerning acquisition of real property and relocation assistance for persons displaced by Federal and federally-assisted programs. It prohibits the provision of relocation assistance and payments to persons not legally present in the United States (with certain exceptions). The information collected consists of a certification of residency status from affected persons to establish eligibility for relocation assistance and payments. Displacing agencies will require each person who is to be displaced by a Federal or federally-assisted project, as a condition of eligibility for relocation payments or advisory assistance, to certify they are lawfully present in the United States.

Respondents: Federal agencies, 50 State Transportation Departments, the District of Columbia, Puerto Rico, Guam, American Samoa, and the Virgin Islands, local government agencies, persons administering projects or

programs and airport sponsors receiving financial assistance for expenditures of Federal funds on acquisition and relocation payments and required services to displaced persons that are subject to the Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, for file maintenance and for annual statistical reports.

Estimated Average Burden per Response: The respondents electronically submit one statistical report each year. The average burden per statistical report is 16.5 hours. Each instance of file maintenance requires an estimated average of 30 minutes to complete.

Estimated Total Annual Burden Hours: Total estimated average annual burden is 25,000 hours.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burdens; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of electronic technology, without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. chapter 35, as amended; and 49 CFR 1.48.

Issued On: November 14, 2023.

Jazmyne Lewis,

Information Collection Officer.

DOT posts these comments, without edit, including any personal information the commenter provides, to <http://www.regulations.gov>, as described in the system of records notice (DOT/ALL-14 FDMS), which can be reviewed at <https://www.transportation.gov/privacy>.

Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477-78).

SUPPLEMENTARY INFORMATION: On October 13, 2023, NHTSA published a RFI to obtain public comments to inform *EMS Education Agenda 2050*, and request responses to specific questions provided in this document. For convenience purposes, NHTSA is republishing introductory information, background materials and questions from its RFI in this notice.

I. Introductory Information

In 2012, the National EMS Advisory Council (NEMSAC) convened a national roundtable meeting on *EMS Education Agenda for the Future: A Systems Approach*. In a 2014 report on these proceedings, NEMSAC advised that stakeholders at the State and local level had just begun to experience the full impact of the evolution toward a national integrated system of education for EMS personnel. While stakeholders were reticent to move forward with a new education agenda, they did provide feedback about themes that should be considered in the future publication. From the feedback collected at the meeting, NEMSAC developed recommendations to be used in the eventual re-envision of the agenda for EMS. These recommendations are summarized below:

- Educational content should retain the flexibility accorded by the National EMS Education standards, but programs should use nationally recognized evidence-based guidelines to drive local curriculum development.

- The National EMS Information System data, evidence-based research, and practice analyses should be sourced in developing evidence-based guidelines and curriculum.

- Mobile Integrated Healthcare has received considerable attention from the EMS Community. This and other alternative community-based healthcare
