SUPPLEMENTARY INFORMATION:

I. Background

In accordance with the Privacy Act of 1974, the Department of Homeland Security is updating and reissuing Department of Homeland Security (DHS)/U.S. Immigration and Customs Enforcement (ICE)—011 Removable Alien Records System of Records (74 FR 4965, Jan. 28, 2009) to include additional DHS records pertaining to the investigation, arrest, booking, detention, and removal of persons encountered during immigration and criminal law enforcement investigations and operations conducted by DHS. This system of records is also being updated to include records pertaining to fugitive aliens and aliens paroled into the United States (U.S.) by ICE. The system

of records is being renamed DHS/ICE—011 Immigration and Enforcement Operational Records System of Records (ENFORCE) to better reflect the nature and scope of the records maintained.

DHS is updating this notice to include the following substantive changes: (1) An update to the categories of records to include clarifying language as well as to provide the Department of Justice (DOJ) with DNA samples as required by 28 CFR Part 28; (2) the addition of routine uses to (a) incorporate the routine uses that were already part of the published DHS/ICE—011 Removable Aliens Records System of Records (RARS) (74 FR 20719, May 5, 2009) into this newly consolidated SORN, (b) provide information to individuals in the determination of whether or not an alien has been removed from the U.S., (c) assist agencies in collecting debts owed to them or the U.S. Government, (d) allow sharing with the Department of State (DOS) for immigration benefits and visa activities, as well as when DOS is contacted by foreign governments to discuss particular matters involving aliens in custody or other ICE enforcement matters that may involve identified individuals, (e) allow the Office of Management and Budget (OMB) to review the private immigration relief bill process in Congress, (f) inform members of Congress about an alien who is being considered for private immigration relief, (g) share operational information with other law enforcement agencies to prevent conflicting investigations or activities, (h) coordinate the transportation, custody, and care of U.S. Marshals Service (USMS) prisoners, (i) allow third parties to facilitate the placement or release of an alien who has been or are in the process of being released from ICE custody, (j) provide information about an alien who has or is in the process of being released from ICE custody who may pose a health or safety risk, (k) to provide information facilitating the issuance of an immigration detainer on an individual in custody or the transfer of an individual to ICE or another agency, (l) disclose DNA samples and related information as required by Federal regulation, (m) to facilitate the transmission of arrest information to the Department of Justice for inclusion in relevant law enforcement databases and for the enforcement Federal firearms licensing laws, and (n) to disclose information to persons seeking to post or arrange immigration bonds. These updated routine uses are compatible with the purpose of this system because

they sharing will assist ICE with its immigration and law enforcement mission.

With the publication of this notice, DHS is also merging into the DHS/ICE-011 ENFORCE System of Records certain records from an existing system of records titled, DHS/ICE-CBP-CIS-001-03 Enforcement Operational Immigration Records System of Records (71 FR 13987, March 20, 2006), and retiring that system of records. When last published, DHS/ICE-CBP-CIS-001-03 Enforcement Operational Immigration Records System of Records covered biometric and biographic information collected during DHS enforcement encounters and screening at ports of entry. The system of records supported DHS in the identification, investigation, apprehension, and/or removal of aliens unlawfully entering or present in the U.S. and facilitated the legal entry of individuals. The records described in DHS/ICE-CBP-CIS-001-03 Enforcement Operational Immigration Records System of Records were owned by several components within DHS, specifically ICE, CBP, and USCIS. After stewardship for the DHS biometric records database titled, Automated Biometric Identification System (IDENT), which had been covered by DHS/ICE-CBP-CIS-001-03 Enforcement Operational Immigration Records System of Records, was transferred in 2006 to DHS's U.S. Visitor and Immigrant Status Indicator Technology (US-VISIT) Program, US-VISIT established a separate system of records titled, DHS/US-VISIT-0012 Automated Biometric Identification System (IDENT) (72 FR 31080, June 5, 2007) to cover records in that database. The remaining non-IDENT records in DHS/ICE-CBP-CIS-001-03 Enforcement Operational Immigration Records System of Records pertained to enforcement encounters and admission screening of individuals at the border, and were owned by ICE and CBP. Of those, CBP records are now covered by the system of records titled, DHS/CBP-011 TECS System of Records (73 FR 77778, December 19, 2008), and ICE's records are now covered by the DHS/ICE-011 ENFORCE System of Records, which is the subject of this notice.

II. ENFORCE System of Records

The DHS/ICE-011 ENFORCE System of Records consists of paper and electronic records related to the investigation, arrest, booking, detention, and removal of persons encountered during immigration and criminal law enforcement investigations and operations conducted by DHS,

including fugitive aliens and paroled aliens.

Criminal and Immigration Enforcement Records

The DHS/ICE-011 ENFORCE System of Records contains personal information about individuals who are criminal suspects, alleged immigration violators, and other individuals whose information may be collected or obtained during the course of an immigration enforcement or criminal matter (*e.g.*, witnesses, associates, relatives). This system of records will also contain biographical information of those prisoners that ICE holds in its detention facilities for the USMS under an interagency agreement. These records are maintained in an ICE-owned and operated information technology system known as the Enforcement Integrated Database (EID). Associated paper records are also maintained. EID captures and maintains information related to the investigation, arrest, booking, detention, and removal of persons encountered during immigration and law enforcement investigations and operations conducted by ICE. While CBP law enforcement personnel can also create and access EID information, CBP records in EID are covered by the DHS/CBP TECS System of Records.

The EID supports a variety of DHS law enforcement processes and workflows, especially those related to the enforcement of immigration laws. As an alleged immigration violator (*i.e.*, subject) moves through the enforcement process (*e.g.*, arrest, booking, detention, or removal), DHS personnel create, modify, and access the data stored in the EID's central data repository. In addition to supporting the immigration enforcement process, EID also supports DHS's arrest and booking of subjects for violations of U.S. customs laws and other Federal criminal laws. This updated system of records notice is being published concurrently with the Privacy Impact Assessment (PIA) for ICE's EID because information maintained in EID is described in this notice. The EID PIA is available on the DHS Privacy Office Web site at <http://www.dhs.gov/privacy>.

Fugitive Alien Records

The DHS/ICE-011 ENFORCE System of Records also contains records pertaining to ICE's efforts to identify, locate, apprehend and remove fugitive aliens from the United States. Fugitive aliens are aliens ordered and/or removed from the United States by a U.S. Immigration Judge, but who failed to appear as ordered for removal. ICE

maintains records on aliens who are fugitives and collects information from other government systems and commercial data sources to identify leads that may reveal the fugitive's current location. ICE records are updated when fugitive aliens are apprehended and removed by ICE. ICE's Fugitive Case Management System (FCMS) is the information system in which these records are maintained, and associated paper records are also maintained. A PIA for FCMS is available on the DHS Privacy Office Web site at <http://www.dhs.gov/privacy>.

Paroled Alien Records

Finally, the DHS/ICE-011 ENFORCE System of Records also contains records pertaining to aliens who are paroled into the United States by ICE. ICE maintains records on the individual aliens who are paroled into the United States in order to track and manage parolees and ensure they comply with the terms of parole. ICE's Parole Case Tracking System (PCTS) is the information system in which these records are maintained, and associated paper records are also maintained. A PIA for PCTS is in progress and expected to be published in 2010.

Consistent with DHS's information sharing mission, information stored in the DHS/ICE-011 ENFORCE System of Records may be shared with other DHS components, as well as appropriate Federal, State, local, Tribal, foreign, or international government agencies. This sharing will only take place after DHS determines that the receiving component or agency has a need to know the information to carry out national security, law enforcement, immigration, intelligence, or other functions consistent with the routine uses set forth in this system of records notice.

Portions of the DHS/ALL-011 ENFORCE System of Records are exempt from one or more provisions of the Privacy Act because of criminal, civil and administrative enforcement requirements. Individuals may request information about records pertaining to them stored in the DHS/ALL-011 ENFORCE System of Records as outlined in the "Notification Procedure" section below. ICE reserves the right to exempt various records from release. The Secretary of Homeland Security has exempted portions of this system of records from subsections (c)(3) and (4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(5), and (e)(8); and (g) of the Privacy Act pursuant to 5 U.S.C. § 552a(j)(2). In addition, the Secretary of Homeland Security has exempted portions of this system of records from

subsections (c)(3); (d); (e)(1), (e)(4)(G), and (e)(4)(H) of the Privacy Act pursuant to 5 U.S.C. 552a(k)(2). These exemptions apply only to the extent that records in the system are subject to exemption pursuant to 5 U.S.C. 552a(j)(2) and (k)(2).

III. Privacy Act

The Privacy Act embodies fair information principles in a statutory framework governing the means by which the U.S. Government collects, maintains, uses, and disseminates individuals' records. The Privacy Act applies to information that is maintained in a "system of records." A "system of records" is a group of any records under the control of an agency for which information is retrieved by the name of an individual or by some identifying number, symbol, or other identifying particular assigned to the individual. In the Privacy Act, an individual is defined to encompass U.S. citizens and lawful permanent residents. As a matter of policy, DHS extends administrative Privacy Act protections to all individuals where systems of records maintain information on U.S. citizens, lawful permanent residents, and visitors. Individuals may request access to their own records that are maintained in a system of records in the possession or under the control of DHS by complying with DHS Privacy Act regulations, 6 CFR Part 5.

The Privacy Act requires each agency to publish in the **Federal Register** a description denoting the type and character of each system of records that the agency maintains, and the routine uses that are contained in each system in order to make agency recordkeeping practices transparent, to notify individuals regarding the uses to which their records are put, and to assist individuals to more easily find such files within the agency. Below is the description of the DHS/ICE-011 Immigration and Enforcement Operational Records (ENFORCE) System of Records.

In accordance with 5 U.S.C. 552a(r), DHS has provided a report of this system of records to the Office of Management and Budget and to Congress.

NOTIFICATION PROCEDURE:

The Secretary of Homeland Security has exempted this system from the notification, access, and amendment procedures of the Privacy Act because it is a law enforcement system. However, ICE will consider individual requests to determine whether or not information may be released. Thus, individuals seeking notification of and access to any record contained in this system of

records, or seeking to contest its content, may submit a request in writing to ICE's FOIA Officer, whose contact information can be found at <http://www.dhs.gov/foia> under "contacts."

When seeking records about yourself from this system of records or any other Departmental system of records your request must conform with the Privacy Act regulations set forth in 6 CFR Part 5. You must first verify your identity, meaning that you must provide your full name, current address and date and place of birth. You must sign your request, and your signature must either be notarized or submitted under 28 U.S.C. 1746, a law that permits statements to be made under penalty of perjury as a substitute for notarization. While no specific form is required, you may obtain forms for this purpose from the Chief Privacy Officer and Chief Freedom of Information Act Officer, <http://www.dhs.gov> or 1-866-431-0486. In addition you should provide the following:

- An explanation of why you believe the Department would have information on you;
- Identify which component(s) of the Department you believe may have the information about you;
- Specify when you believe the records would have been created;
- Provide any other information that will help the FOIA staff determine which DHS component agency may have responsive records; and
- If your request is seeking records pertaining to another living individual, you must include a statement from that individual certifying his/her agreement for you to access his/her records.

Without this bulleted information the component(s) may not be able to conduct an effective search, and your request may be denied due to lack of specificity or lack of compliance with applicable regulations.
