I. Supplementary Information

On March 4, 2024, the petitioners filed a petition requesting that the NRC exercise its supervisory authority to order the immediate closure of Diablo Canyon due to "the unacceptable risk of a seismically induced severe accident." An order was issued on March 12, 2024, referring the request to the enforcement petition process under section 2.206 of title 10 of the *Code of Federal Regulations* (10 CFR), "Requests for action under this subpart."

On August 27, 2024, the NRC staff issued an Acknowledgement Letter that summarized the evaluation activities of the March 4, 2024, petition, as supplemented on June 7, 2024, and described that the Petition Review Board (PRB) had accepted four specific concerns for further review.

Consistent with Section IV.B "Schedule," of the handbook for NRC Management Directive (MD) 8.11, "Review Process for 10 CFR 2.206 Petitions," and its associated Directive Handbook 8.11, the PRB intended to issue the proposed director's decision for comment within 120 days after issuing the August 27, 2024, acknowledgment letter. On October 24, 2024, Pacific Gas & Electric Company (PG&E) provided a voluntarily submittal to the NRC related to the PRB review of the petition. On October 31, 2024, the petitioners submitted a supplement to the petition. The PRB has considered information in the new supplement and intends to address the following supplemental concerns in the proposed director's decision:

1. PG&E's 2015 and 2024 seismic source characterizations omitted modern deformation modeling and failed to use globally-calibrated strainrate-to-seismicity conversions, that would have prevented their serious underestimates.

2. Additional justification supporting the use of the Noto Peninsula earthquake as a model characteristic thrust earthquake for the Irish Hills.

Consistent with Section III.I.6, "Supplements to the Petition," of the handbook for MD 8.11, the PRB now intends to issue the proposed director's decision for comment within 120 days of the issuance of the supplemental acknowledgement letter.
