SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-76429; File No. SR-NYSEARCA-2015-109]

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Discontinue the NYSE Arca Realtime Reference Price Market Data Product Offering

November 12, 2015.

Pursuant to Section 19(b)(1) ¹ of the Securities Exchange Act of 1934 (the "Act") ² and Rule 19b-4 thereunder, ³ notice is hereby given that, on October 30, 2015, NYSE Arca, Inc. (the "Exchange" or "NYSE Arca") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The

Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to discontinue the NYSE Arca Realtime Reference Price ("NYSE Arca RRP") market data product offering. The text of the proposed rule change is available on the Exchange's Web site at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

In 2008, the Securities and Exchange Commission ("Commission") approved the NYSE Arca RRP market data product and certain fees for it.⁴ The NYSE Arca RRP market data product provides, on a real-time basis, last sale prices in all securities that trade on the Exchange. Currently, there are no subscribers to the NYSE Arca RRP market data product. Therefore, the Exchange has determined to discontinue the NYSE Arca RRP market data product. The Exchange also proposes to update the Fee Schedule to remove reference to the NYSE Arca RRP in connection with this change.

The Exchange will announce the date that the NYSE Arca RRP will be decommissioned via an NYSE Market Data Notice.

2. Statutory Basis

The proposed rule change is consistent with Section 6(b) ⁵ of the Act, in general, and furthers the objectives of

Section 6(b)(5) ⁶ of the Act, in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest, and it is not designed to permit unfair discrimination among customers, brokers, or dealers.

The Exchange believes that discontinuing NYSE Arca RRP and removing it from the Fee Schedule would remove impediments to and perfect a free and open market by streamlining the Exchange's market data product offerings to include those for which there has been more demand and would provide vendors and subscribers with a simpler and more standardized suite of market data products. The proposal to discontinue NYSE Arca RRP is applicable to all members, issuers and other persons and does not unfairly discriminate between customers, issuers, brokers or dealers.

In adopting Regulation NMS, the Commission granted self-regulatory organizations ("SROs") and broker-dealers increased authority and flexibility to offer new and unique market data to consumers of such data. It was believed that this authority would expand the amount of data available to users and consumers of such data and also spur innovation and competition for the provision of market data. The Commission concluded that Regulation NMS—by lessening regulation of the market in proprietary data—would itself further the Act's goals of facilitating efficiency and competition:

[E]fficiency is promoted when broker-dealers who do not need the data beyond the prices, sizes, market center identifications of the NBBO and consolidated last sale information are not required to receive (and pay for) such data. The Commission also believes that efficiency is promoted when broker-dealers may choose to receive (and pay for) additional market data based on their own internal analysis of the need for such data.⁷

The Exchange believes that the discontinuation of a market data product for which there is little or no demand, as is the case with NYSE Arca RRP, is a direct example of efficiency because it acknowledges that investors

and the public have indicated that they have little or no use for certain information and allows the Exchange to dedicate resources to developing products (including through innovations of existing products and entirely new products) that provide information for which there is more of an expressed need.

B. Self-Regulatory Organization's Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,⁸ the Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

The Exchange notes that it operates in a highly competitive market in which other exchanges are free to offer similar products. Additionally, since there has been little or no demand for the NYSE Arca RRP product the Exchange's proposed discontinuance will not harm competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule does not (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, provided that the self-regulatory organization has given the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change or such shorter time as designated by the Commission,⁹ the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁰ and Rule 19b-4(f)(6) thereunder.¹¹

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such

action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹² of the Act to determine whether the proposed rule change should be approved or disapproved.

A proposed rule change filed under Rule 19b-4(f)(6)¹³ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹⁴ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative because it believes that immediate operation of this filing would not impact any users of NYSE Arca RRP. The Commission, noting that there are currently no subscribers to these data services, finds that it is consistent with the protection of investors and the public interest to waive the 30-day operative date and to permit the proposal to be operative upon filing.¹⁵

IV. Solicitation of Comments
