The DMDC computer database file contains approximately 4.8 million records of active duty and retired military members, including the Reserve and Guard, and approximately 3.1 million records of active and retired non-postal Federal civilian employees.

Only when all of the steps have been taken will SBA disclose information, pursuant to a routine use, to effect an administrative or salary offset. Unless the individual notifies SBA within 30 days from the date of the notice, SBA will infer that the data provided the individual is accurate and correct and will take the next step, as authorized by law, to recoup the delinquent debt.

**G. Inclusive dates of the matching program:** This computer matching program is subject to review by the Office of Management and Budget and Congress. If the mandatory 30 day period for public comment has expired and if no objections are raised by either Congress or the Office of Management and Budget within 40 days of being notified of the proposed match, the computer matching program becomes effective and the respective agencies may begin the exchange of data at a mutually agreeable time and will be repeated on an annual basis. By agreement between SBA and DoD, the matching program will be in effect and continue for 18 months with an option to extend for 12 additional months unless one of the parties to the

agreement advises the other by written request to terminate or modify the agreement.
