

distributed to IBP delegation members and other foreign buyers visiting the event.

The Form ITA-4102P, Application, is used by IBP applicant show organizers to demonstrate (1) Their experience, (2) ability to meet the special conditions of the IBP, and

(3) provide information about the domestic trade show such as the number of U.S. exhibitors and the percentage of net exhibit space occupied by U.S. companies vis-a-vis non-U.S. exhibitors.

III. Data

OMB Number: 0625-0151.

Form Number: ITA-4014P and ITA-4102P.

Type of Review: Regular submission.

Affected Public: Business or other for-profit organizations.

Estimated Number of Respondents: 7,250.

Estimated Time per Response: Application, 3 hours, and Exhibitor Data, 10 minutes.

Total Annual Burden Hours: 1,400.

Estimated Total Annual Costs: \$67,500.

IV. Request for Comments

Comments are invited on (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and costs) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: February 12, 2007.

Carbon and Certain Alloy Steel Wire Rod from Canada: Extension of Time Limit for Final Results of the Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: February 16, 2007.

FOR FURTHER INFORMATION CONTACT: Damian Felton or Brandon Farlander, AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-0133 or (202) 482-0182, respectively.

SUPPLEMENTARY INFORMATION:

Background

On December 1, 2005, the Department of Commerce ("Department") published its notice of initiation of an antidumping duty administrative review on carbon and certain alloy steel wire rod from Canada. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Deferral of Administrative Reviews*, 70 FR 72107 (December 1, 2005). On November 6, 2006, the Department published the preliminary results of this review. *See Notice of Preliminary Results of Antidumping Duty Administrative Review and Notice of Initiation of Changed Circumstances Review: Carbon and Certain Alloy Steel Wire Rod from Canada*, 71 FR 64921 (November 6, 2006).

Extension of Time Limit for Final Results

Pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), the Department shall issue final results in an administrative review of an antidumping duty order within 120 days after the date on which the preliminary results is published. However, if it is not practicable to complete the review within the specified time periods, section 751(a)(3)(A) of the Act allows the Department to extend this deadline to a maximum 180 days.

Completion of the final results within the originally anticipated time limit, March 6, 2007, is impracticable because this review requires the Department to analyze the complex issues regarding the level of trade. Because it is not

practicable to complete the review within the time specified under the Act, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time limit for completion of the final results by 60 days to May 7, 2007.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: February 12, 2007.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

Chlorinated Isocyanurates From Spain: Extension of Time Limit for Preliminary Results of the First Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: February 16, 2007.

FOR FURTHER INFORMATION CONTACT: Thomas Martin or Mark Manning at (202) 482-3936 or (202) 482-5253, respectively; AD/CVD Operations, Office 4, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION: On July 27, 2006, the Department of Commerce (the Department) initiated an administrative review of the antidumping duty order on chlorinated isocyanurates from Spain, for the period December 20, 2004, to May 31, 2006. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 71 FR 42626 (July 27, 2006).

Extension of Time Limits for Preliminary Results of Antidumping Duty Administrative Review

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.213(h)(1) require the Department to issue the preliminary results of an administrative review within 245 days after the last day of the anniversary month of the order for which the administrative review was requested, and the final results of the review within 120 days after the date on which the notice of the preliminary results was published in the **Federal Register**. However, if the Department

determines that it is not practicable to complete the review within these time periods, section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2) allow the Department to extend the 245-day period to 365 days and the 120-day period to 180 days.

We determine that it is not practicable to complete the preliminary results of this administrative review by the current deadline of March 2, 2007. The Department requires additional time to review Aragonesas Industrias y Energía S.A.'s recent submissions, which may require the Department to make additional requests for information in regard to affiliation, and certain sales and cost of production-related issues. Therefore, in accordance with section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2), the Department is extending the time limit for the completion of these preliminary results to June 1, 2007. The final results will be due 120 days after the date of issuance of the preliminary results, unless extended.

This notice is issued and published in accordance with sections 751(a)(3)(A) and 777(i)(1) of the Act.

Dated: February 13, 2007.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

Certain Hot-Rolled Carbon Steel Flat Products from the Netherlands; Preliminary Results of the Sunset Review of Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On August 1, 2006, the Department of Commerce ("the Department") initiated a sunset review of the antidumping duty order on certain hot-rolled carbon steel flat products from the Netherlands (*see Initiation of Five-year ("Sunset") Reviews*, 71 FR 43443 (August 1, 2006)). On the basis of the notice of intent to participate, adequate substantive responses and rebuttal comments filed on behalf of the domestic and respondent interested parties, the Department is conducting a full sunset review of the antidumping duty order pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act") and

section 351.218(e)(2)(i) of the Department's regulations. As a result of this sunset review, the Department preliminarily finds that revocation of the antidumping duty order would likely lead to continuation or recurrence of dumping at the levels listed below in the section entitled "Preliminary Results of Review."

EFFECTIVE DATE: February 16, 2007.

FOR FURTHER INFORMATION CONTACT:

Steve Bezirgianian or Robert James, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW, Washington, DC, 20230; telephone: 202-482-1131 and 202-482-0649, respectively.

SUPPLEMENTARY INFORMATION:

Background

On August 1, 2005, the Department published its notice of initiation of the first sunset review of the antidumping duty order on certain hot-rolled carbon steel flat products from the Netherlands, in accordance with section 751(c) of the Act. *See Initiation of Five-year ("Sunset") Reviews*, 71 FR 43443 (August 1, 2006) (*Notice of Initiation*).

The Department received a Notice of Intent to Participate from a respondent interested party, Corus Staal BV. Corus Staal BV claimed interested party status as a foreign producer, under section 771(9)(A) of the Act (19 U.S.C. 1677(9)(A)) and 19 CFR 351.102(b).

The Department also received a Notice of Intent to Participate from the following domestic interested parties: Nucor Corporation; Gallatin Steel; IPSCO Steel, Inc.; Steel Dynamics, Inc.; Mittal Steel USA; and United States Steel Corporation (collectively Domestic Producers). Finally, the Department received a Notice of Intent to Participate from an additional domestic interested party: United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, AFL-CIO-CLC. The Notices of Intent to Participate from domestic interested parties were within the deadline specified in section 351.218(d)(1)(i) of the Department's Regulations (*see Procedures for Conducting Five-year ("Sunset") Reviews of Antidumping and Countervailing Duty Orders* (Sunset Regulations), 63 FR 13516 (March 20, 1998)). The domestic interested parties claimed interested party status under sections 771(9)(C) and (D) of the Act, as manufacturers of a domestic-like product in the United States, and a union whose workers are engaged in the

production of a domestic like product in the United States.

The Department received a complete substantive response to the Notice of Initiation from the domestic interested parties within the 30-day deadline specified in the Sunset Regulations under section 351.218(d)(3)(i). The Department also received a complete substantive response from a respondent interested party, Corus Staal BV, within the deadline specified in section 351.218(d)(3)(i) of the Department's regulations.

On September 1, 2006, the Department received a request from United States Steel Corporation for an extension of the deadline for filing rebuttal comments to the substantive response of the respondent interested parties. Pursuant to section 351.302(b) of the Department's regulations, parties were granted an extension to file rebuttal comments to the substantive responses until September 8, 2006. On September 8, 2006, Corus Staal BV and United States Steel Corporation filed rebuttal comments.

On September 20, 2006, the Department found that the respondent interested parties accounted for more than 50 percent of exports by volume of the subject merchandise from Germany to the United States. *See* the September 20, 2006, memorandum from Robert James to Richard Weible entitled "Sunset Review of Certain Hot-Rolled Carbon Steel Flat Products from the Netherlands: Adequacy of Domestic and Respondent Interested Party Responses to the Notice of Initiation." In accordance with section 351.218(e)(2)(i) of the Department's regulations, the Department determined to conduct a full sunset review of this antidumping duty order.

The Department extended the deadlines for the preliminary results of this review and the final results of this review to February 12, 2007, and June 22, 2007, respectively. *See Certain Hot-Rolled Carbon Steel Flat Products from the Netherlands; Extension of Time Limits for Preliminary and Final Results of Full Five-year ("Sunset") Review of Antidumping Duty Order*, 71 FR 67854 (November 24, 2006).

Scope of the Order

For purposes of this order, the products covered are certain hot-rolled carbon steel flat products of a rectangular shape, of a width of 0.5 inch or greater, neither clad, plated, nor coated with metal and whether or not painted, varnished, or coated with plastics or other non-metallic substances, in coils (whether or not in successively superimposed layers),
