

DEPARTMENT OF THE TREASURY

Internal Revenue Service

26 CFR Part 1

[TD 8867]

RIN 1545-AW69

Passive Foreign Investment Companies; Definition of Marketable Stock; Correction

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Correction to final regulations.

SUMMARY: This document contains a correction to final regulations which were published in the **Federal Register** on Tuesday, January 25, 2000 (65 FR 3817), relating to the new mark-to-market election for stock of a passive foreign investment company.

DATES: This correction is effective January 25, 2000.

FOR FURTHER INFORMATION CONTACT: Robert Laudeman at (202) 622-3840 (not a toll-free call).

SUPPLEMENTARY INFORMATION:**Background**

The final regulations that are the subject of this correction are under section 1296 of the Internal Revenue Code.

Need for Correction

As published, the final regulations (TD 8867) contain an error in the title of the official signing the document.

Correction of Publication

Accordingly, the publication of the final regulations (TD 8867), which were the subject of FR Doc. 00-1530, is corrected as follows:

1. On page 3820, third column, at the end of TD 8867, the title of the official signing the document, "Assistant Secretary of the Treasury," is corrected to read "Acting Assistant Secretary of the Treasury (Tax Policy)."

Dale D. Goode,

Federal Register Liaison, Assistant Chief Counsel (Corporate).

RIN 1545-AX29

Use of Penalty Mail in the Location and Recovery of Missing Children; Correction

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Correction to procedural rules.

SUMMARY: This document contains a correction to procedural rules which were published in the **Federal Register** on Monday, December 13, 1999 (64 FR 69398), establishing the procedures under which the IRS may use penalty mail to aid in the location and recovery of missing children.

DATES: This correction is effective December 13, 1999.

FOR FURTHER INFORMATION CONTACT: Randall Hall at (202) 283-7900 or Sandy Kopta at (202) 622-3726 (not toll-free numbers).

SUPPLEMENTARY INFORMATION:**Background**

The procedural rules that are the subject of this correction are the result of the Juvenile Justice and Delinquency Prevention Act of 1974.

Need for Correction

As published, the procedural rules (TD 8848) contain a typographical error that need correction to be corrected.

Correction of Publication

Accordingly, the publication of the procedural rules (TD 8848), which were the subject of FR Doc. 99-32098, is corrected as follows:

§ 601.901 [Corrected]

1. On page 69399, first column, § 601.901, paragraph (e) is corrected to read as follows:

§ 601.901 Missing children shown on penalty mail.

* * * * *

(e) *Period of applicability.* This section is applicable December 13, 1999 through December 31, 2002.

Dale D. Goode,

Federal Register Liaison, Assistant Chief Counsel (Corporate).

DEPARTMENT OF THE INTERIOR

Minerals Management Service

30 CFR Part 250

Oil and Gas and Sulphur Operations in the Outer Continental Shelf—Update of Revised/Reaffirmed Documents Incorporated by Reference

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Technical amendment.

SUMMARY: This document makes technical amendments to regulations that were published in a final rule on December 28, 1999 (64 FR 72756). This amendment incorporates the revision of 10 documents previously incorporated by reference in regulations governing oil and gas and sulfur operations in the Outer Continental Shelf (OCS). The revised editions of these 10 documents will ensure that lessees use the best available and safest technologies while operating in the OCS. Additionally, MMS is acknowledging the reaffirmation of 7 documents previously incorporated by reference in regulations governing oil and gas and sulfur operations in the OCS. The reaffirmation dates issued by the American Petroleum Institute's Manual of Petroleum Measurement Standards will be added to the 7 pertinent documents incorporated by reference.

EFFECTIVE DATE: April 24, 2000.

The incorporation by reference of publications listed in the regulation is approved by the Director of the Federal Register as of April 24, 2000.

FOR FURTHER INFORMATION CONTACT: Frederick Gray at (703) 787-1027.

SUPPLEMENTARY INFORMATION: The revised editions of the documents previously incorporated by reference are: (1) Fourth Edition of the American Petroleum Institute (API) Recommended Practice for Operation and Maintenance of Offshore Cranes (API RP 2D); (2) Sixth Edition of the API Specification for Quality Programs for the Petroleum and Natural Gas Industry (API Spec Q1); (3) Second Edition of the API Manual of Petroleum Measurement Standards (MPMS), Chapter 4, Proving Systems, Section 6, Pulse Interpolation (MPMS, Chapter 4, Section 6); (4) Second Edition of the API MPMS, Chapter 4, Proving Systems, Section 7, Field Standard Test Measures (MPMS, Chapter 4, Section 7); (5) American Society for Testing and Materials (ASTM) Standard Specification for Concrete Aggregates (ASTM Standard C 33-99a); (6) ASTM Standard Specification for Ready-Mixed Concrete

(ASTM Standard C 94/C 94M-99); (7) ASTM Standard Specification for Portland Cement (ASTM Standard C 150-99); (8) ASTM Standard Specification for Lightweight Aggregates for Structural Concrete (ASTM Standard C 330-99); (9) ASTM Standard Specification for Blended Hydraulic Cements (ASTM Standard C 595-98); and (10) 1999 Edition of the NACE International Sulfide Stress Cracking Resistant Metallic Materials for Oilfield Equipment (NACE Standard MR0175-99).

MMS has reviewed these documents and has determined that the new editions must be incorporated into the regulations to ensure the use of the best and safest technologies. Our review shows that the changes between the old and new editions result in safety improvements or represent new industry standard technology and will not impose undue cost on the offshore oil and gas industry. Furthermore, the old editions are not readily available to the affected parties because they are out of publication. Therefore, we are amending these documents to incorporate the updated editions

according to the authority in 30 CFR 250.198(a)(2). We are updating the appropriate sections of other subparts to reflect these document revisions.

The regulations for cranes and other material-handling equipment on fixed platforms were recently revised under § 250.108 for all operations on the OCS, including those for sulphur. However, crane operations for sulphur leases are also regulated under § 250.1605(g). For consistency, this technical amendment simply revises § 250.1605(g) to specify that sulphur operations follow the requirements in § 250.108 with respect to crane operations.

List of Subjects in 30 CFR Part 250

Continental shelf, Environmental impact statements, Environmental protection, Government contracts, Incorporation by reference, Investigations, Mineral royalties, Oil and gas development and production, Oil and gas exploration, Oil and gas reserves, Penalties, Pipelines, Public lands—mineral resources, Public lands—rights-of-way, Reporting and recordkeeping requirements, Sulphur development and production, Sulphur exploration, Surety bonds.

Accordingly, 30 CFR Part 250 is amended by making the following technical amendments:

PART 250—OIL AND GAS AND SULPHUR OPERATIONS IN THE OUTER CONTINENTAL SHELF

1. The authority citation for part 250 continues to read as follows:

Authority: 43 U.S.C. 1331 *et seq.*

2. In § 250.198, in the table in paragraph (e), the following changes are made:

A. Remove the entries for ASTM standards C33-93, C94-96, C150-95a, C330-89, C595-94, and NACE standard MR.01-75-96.

B. Add entries for ASTM standards C 33-99a, C 94/C 94M-99, C 150-99, C 330-99, C 595-98 and NACE standard MR0175-99 as set forth below.

C. Revise the remaining entries as set forth below.

§ 250.198 Documents incorporated by reference.

3. In § 250.417, paragraph (p)(2) is revised to read as follows:

§ 250.417 Hydrogen sulfide.

(p) * * *
(2) Use BOP system components, wellhead, pressure-control equipment, and related equipment exposed to H₂S-bearing fluids that conform to NACE Standard MR0175–99.

4. In § 250.908, paragraphs (b)(2)(i), (b)(4)(i), and (e)(2)(i) are revised to read as follows:

§ 250.908 Concrete-gravity platforms.

(b) * * *
(2) * * *
(i) Cement must be equivalent to Type I, II, or III portland cement as specified by ASTM Standard C 150–99, Standard Specification for Portland Cement, or portland-pozzolan cement as specified by ASTM Standard C 595–98, Standard Specification for Blended Hydraulic Cements. However, the suitability of Type III cement to serve its intended function must be demonstrated.

(4) * * *
(i) Aggregates must conform to the requirements of ASTM Standard C 33–99a, Standard Specification for Concrete Aggregates. Lightweight aggregates conforming to ASTM Standard C 330–99, Standard Specification for Lightweight Aggregates for Structural Concrete, will only be permitted if they do not pose durability problems and where they are used according to the

applicable provisions of the ACI publication, ACI Standard 318, Building Code Requirements for Reinforced Concrete, plus Commentary.

(e) * * *
(2) * * *
(i) Mixing of concrete must conform to the requirements of ACI Standard 318 and ASTM Standard C 94/C 94M–99, Standard Specification for Ready-Mixed Concrete;

5. In § 250.1605, paragraph (g) is revised to read as follows:

§ 250.1605 Drilling requirements.

(g) *Crane operations.* You must operate a crane installed on fixed platforms according to § 250.108 of this subpart.

* * * * *

Dated: March 16, 2000.

E. P. Danenberger,
Chief, Engineering and Operations Division.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[CA 040–0223a FRL–6563–3]

Approval and Promulgation of Implementation Plans; California State Implementation Plan Revision, Ventura County Air Pollution Control District, Monterey Bay Unified Air Pollution Control District, and Santa Barbara County Air Pollution Control District

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: EPA is taking direct final action on revisions to the California State Implementation Plan (SIP). The revisions concern rules from the following districts: Ventura County Air Pollution Control District (VCAPCD), Monterey Bay Unified Air Pollution Control District (MBUAPCD), and Santa Barbara County Air Pollution Control District (SBCAPCD). This approval action will incorporate these rules into the federally approved SIP. The intended effect of approving these rules is to regulate emissions of volatile organic compounds (VOCs) in accordance with the requirements of the Clean Air Act, as amended in 1990 (CAA or the Act). The revised rules control VOC emissions from architectural coatings. Thus, EPA is finalizing the approval of these revisions into the California SIP under provisions of the CAA regarding EPA
