

should be identified as “petition for exemption, 16 CFR part 423—Comment.”

FOR FURTHER INFORMATION CONTACT:

Constance M. Vecellio, Attorney,
Federal Trade Commission,
Washington, DC 20580, (202) 326–2966.

SUPPLEMENTARY INFORMATION: The Rule was promulgated by the Commission on December 16, 1971, 36 FR 23883 (1971), and amended on May 20, 1983, 48 FR 22733 (1983). The Rule makes it an unfair or deceptive act or practice for manufacturers and importers of textile wearing apparel and certain piece goods to sell these items without attaching care labels stating “what regular care is needed for the ordinary use of the product.” (16 CFR 423.6(a) and (b)) The Rule defines a care label as a “permanent label or tag * * * that is attached or affixed in such a manner that it will not become separated from the product * * *” (16 CFR 423.1(a))

Section 423.8(b) of the Rule states that manufacturers or importers can ask for an exemption from the requirement of attaching a permanent care label for any textile wearing apparel product or product line if the label would harm the appearance or usefulness of the product. Section 423.8(c) of the Rule states that if an item is exempt from care labeling under subparagraph (b) of section 423.8, the consumers still must be given the required care information for the product, but the care information can be provided on a hang tag, on the package, or in some other conspicuous place, so that consumers will be able to see the care information before buying the product. The petitioner claims that the appearance and usefulness of the camisoles would be damaged by attaching permanent care labels.

List of Subjects in 16 CFR Part 423

Care labeling of textile wearing apparel and certain piece goods; Trade Practices.

Authority: 15 U.S.C. 41–58.

By direction of the Commission.

Donald S. Clark,
Secretary.

Approval and Promulgation of State Air Quality Plans for Designated Facilities and Pollutants; Delaware; Control of Emissions From Existing Hospital/Medical/Infectious Waste Incinerators

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve the hospital/medical/infectious waste incinerator (HMIWI) 111(d)/129 plan submitted by the State of Delaware, Department of Natural Resources and Environmental Control, Division of Air and Waste Management. The plan establishes emission limitations for existing HMIWIs, and provides for the implementation and enforcement of those limitations. In the final rules section of the **Federal Register**, EPA is approving the plan. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this rule, no further activity is contemplated in relation to this rule. If EPA receives relevant adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this rule. EPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.

DATES: Comments must be received in writing by May 15, 2000.

ADDRESSES: Comments may be mailed to Makeba A. Morris, Chief, Technical Assessment Branch, Mailcode 3AP22, Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, Pennsylvania 19103.

FOR FURTHER INFORMATION CONTACT: James B. Topsale at (215) 814–2190, or by e-mail at topsale.jim@epa.gov.

SUPPLEMENTARY INFORMATION: See the information provided in the direct final rule, with the same title, which is located in the rules section of the **Federal Register**.

Authority: 42 U.S.C. 7401–7671q.

Dated: April 3, 2000.

Bradley M. Campbell,
Regional Administrator, Region III.

Waste Characterization Program Documents Applicable to Transuranic Radioactive Waste From the Idaho National Engineering and Environmental Laboratory Proposed for Disposal at the Waste Isolation Pilot Plant

AGENCY: Environmental Protection Agency.

ACTION: Notice of availability; opening of public comment period.

SUMMARY: The Environmental Protection Agency (EPA) is announcing the availability of, and soliciting public comments for 30 days on, Department of Energy (DOE) documents on waste characterization programs applicable to certain transuranic (TRU) radioactive waste at the Idaho National Engineering and Environmental Laboratory (INEEL) proposed for disposal at the Waste Isolation Pilot Plant (WIPP). The documents are: “Quality Assurance Project Plan for the Transuranic Waste Characterization Program (PLN–190), Revision 4 (March 2000),” “INEEL TRU Waste Characterization, Transportation, and Certification Quality Program Plan (PLN–182), Revision 4 (March 2000),” and “Program Plan for Certification of INEEL Contact-Handled Stored Transuranic Waste (PLN–579), Revision 0 (March 2000).” The documents are available for review in the public dockets listed in **ADDRESSES**. The EPA will use these documents to evaluate waste characterization systems and processes applicable to waste streams containing debris waste at INEEL, as requested by DOE. In accordance with EPA’s WIPP Compliance Criteria at 40 CFR 194.8, EPA will conduct an inspection of waste characterization systems and processes at INEEL on April 24–27, 2000 to verify that the proposed systems and processes at INEEL can characterize transuranic debris waste properly, consistent with the Compliance Criteria. This notice of the inspection and comment period accords with 40 CFR 194.8.

DATES: The EPA is requesting public comment on these documents. Comments must be received by EPA’s official Air Docket on or before May 15, 2000.

ADDRESSES: Comments should be submitted to: Docket No. A–98–49, Air Docket, Room M–1500 (LE–131), U.S.
