The Army Corps of Engineers has filed a partial relinquishment of their reservation under these executive orders. Jurisdiction of the land is

transferred from the Secretary of the Army to the Secretary of the Interior for management by the Bureau of Indian Affairs. 1. The Executive Orders dated February 18, 1870 and March 26, 1881, which withdrew public land and reserved the land for use by the Department of the Army, are hereby modified to establish a 20-year term and to transfer jurisdiction to the Secretary of the Interior and reserve the land for use and administration by the Bureau of Indian Affairs. Ch.2 (1994)), but not from leasing under the mineral leasing laws, to protect an area having cultural, historical, religious, geological and archeological significance to the Navajo Nation and the Pueblo of Zuni. The withdrawn land is to be managed by the Bureau of Indian Affairs for these values, as well as, other compatible uses. This withdrawal will expire 20 years from the effective date of this order unless, as

a result of a review conducted before the expiration date pursuant to Section 204(f) of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1714(f) (1994), the Secretary determines that the withdrawal shall be extended.

3. The land and resources shall be managed by the Bureau of Indian Affairs, its successors or assignees, in accordance with the Memorandum of Agreement between the Ballistic Missile Defense Organization and the Department of the Interior. The Memorandum of Agreement shall be incorporated into any future land transfers for the life of the Memorandum of Agreement. The Memorandum of Agreement may be reviewed and amended by the agencies as necessary.

4. The Army and its officers, agents, employees, contractors, and subcontractors will have the right of access, upon reasonable notice, to enter the land described in this order for the purposes of activities related to the Fort Wingate Depot Activity Installation Restoration Program and other environmentally related compliance programs and to construct, operate, maintain or undertake response and remedial actions to implement this program.

5. The Army represents that, to the best of its knowledge, no unexploded ordnance are currently present on the land described in this order. Due to the former use of the land as an active military installation, there is a possibility that unexploded ordnance may exist on the land. Upon due notice, the Army agrees to remove any such remaining unexploded ordnance discovered on the land, as required under applicable law and regulations, as expeditiously as is reasonable and practicable, subject to the availability of funds.
