FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-0859]

Information Collection Being Reviewed by the Federal Communications Commission Under Delegated Authority

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-3520), the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees. The FCC may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number.

No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written PRA comments should be submitted on or before March 23, 2015. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should

advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicole Ongele, FCC, via email PRA@fcc.gov and to Nicole.Ongele@fcc.gov.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities and State, Local, or Tribal Governments.

Number of Respondents: 24 respondents; 24 responses.

Estimated Time per Response: 63 to 125 hours.

Frequency of Response: On occasion reporting requirement.

Obligation to Respond: Voluntary. Statutory authority for this information collection is contained in 47 U.S.C. Section 253 of the Communications Act of 1934, as amended.

Total Annual Burden: 1,698 hours.

Total Annual Cost: No cost.

Privacy Impact Assessment: No impact.

Nature and Extent of Confidentiality: The Commission is not requesting respondents to submit confidential information to the Commission. Respondents may request confidential treatment of such information, in some cases, under 47 CFR 0.459 of the Commission's rules.

Needs and Uses: The Commission published a Public Notice in November 1998 which established various guidelines for the filing of petitions for preemption pursuant to section 253 of the Communications Act of 1934, as amended, as well as guidelines for the filing of comments opposing such requests for preemption. The Commission will use this information to discharge its statutory mandate relating to the preemption of state or local statutes, regulations, or other state or local legal requirements.

Section 253 of the Communications Act of 1934, as amended; added by the Telecommunications Act of 1996, requires the Commission, with certain important exceptions, to preempt (to the extent necessary) the enforcement of any state or local statute or regulation, or other state or local legal requirement that prohibits or has the effect of prohibiting any entity from providing

any interstate or intrastate telecommunications service. The Commission's consideration of preemption under section 253 typically begins with the filing of a petition by an aggrieved party. The Commission typically places such petitions on public notice and requests comment by interested parties. The Commission's decision is based on the public record, generally composed of the petition and comments. The Commission has considered a number of preemption items since the passage of the Telecommunications Act of 1996, and believes it is in the public interest to inform the public of the information necessary for full consideration of the issues likely to be involved in section 253 preemption actions. In order to render a timely and informed decision, the Commission expects petitioners and commenters to provide it with relevant information sufficient to describe the legal regime involved in the controversy and to provide the factual information necessary for a decision.

Federal Communications Commission.

Marlene H. Dortch,

Secretary, Office of the Secretary, Office of the Managing Director.
