the reviewed sales by the total entered value of those reviewed sales. We will direct Customs to assess the resulting percentage margin against the entered customs values for the subject merchandise on each of the entries during the review period (see 19 CFR 351.212(a)).

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Cash-Deposit Requirements

As discussed in the Decision Memorandum, we have determined that it is appropriate to require a per-unit cash-deposit amount for entries of subject merchandise produced or exported by CEMEX/GCCC. The following deposit requirements shall be effective upon publication of this notice of final results of administrative review for all shipments of gray portland cement and clinker from Mexico, entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(1) of the Act: (1) the cashdeposit amount for CEMEX/GCCC will be \$61.60 per metric ton; (2) for previously investigated or reviewed companies not listed above, the cashdeposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this or any previous reviews or the original lessthan-fair-value (LTFV) investigation but the manufacturer is, the cash-deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cashdeposit rate for all other manufacturers or exporters will continue to be 61.85 percent, which was the "all others" rate in the LTFV investigation. See Final Determination of Sales at Less Than Fair Value: Gray Portland Cement and Clinker from Mexico, 55 FR 29244 (July 18, 1990). The deposit requirements shall remain in effect until publication of the final results of the next administrative review.

This notice serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

These final results of administrative review and notice are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.210(c).

Dated: September 9, 2003.

Joseph A. Spetrini,

Acting Assistant Secretary for Import Administration.

National Oceanic and Atmospheric Administration

Notice of Designation of the San Francisco Bay National Estuarine Research Reserve, California

AGENCY: Estuarine Reserves Division, Office of Ocean and Coastal Resource Management, National Ocean Service, National Oceanic and Atmospheric Administration, Department of Commerce.

ACTION: Notice of designation.

SUMMARY: Notice is hereby given that the National Oceanic and Atmospheric Administration (NOAA), U.S. Department of Commerce, has designated certain lands and waters of San Francisco Bay in California as the San Francisco Bay National Esturaine Research Reserve.

On August 27, 2003, Vice Admiral Conrad C. Lautenbacher, Under Secretary for Oceans and Atmosphere, signed findings designating the San Francisco Bay National Estuarine Research Reserve in California pursuant to Section 315 of the Coastal Zone Management Act of 1972, as amended, 16 U.S.C. 1461, and its implementing regulations at 15 CFR part 921. The State of California Coastal Zone Management Program has certified that the Reserve designation is consistent to the maximum extent practicable with its program. A copy of the official Record of Decision is available for public review from NOAA's Office of Ocean and Coastal Resource Management at the address below.
