Department of Transportation

---

Semiannual Regulatory Agenda; Republication

**DEPARTMENT OF TRANSPORTATION****Office of the Secretary****14 CFR Chs. I–III****23 CFR Chs. I–III****33 CFR Chs. I and IV****46 CFR Chs. I–III****48 CFR Ch. 12****49 CFR Subtitle A, Chs. I–VI and Chs. X–XII**

[OST Docket 99–5129]

**Department Regulatory Agenda; Semiannual Summary****AGENCY:** Office of the Secretary, DOT.**ACTION:** Republication.

**SUMMARY:** The entire Department of Transportation Fall 2012 Unified Agenda published in the **Federal Register** on January 8, 2013 (78 FR 1604), is being republished to correct missing portions of the fall 2012 preamble. This information was omitted in error, and is therefore being reprinted to publish the data in its entirety.

**DATES:** This republication is effective January 15, 2013.

**FOR FURTHER INFORMATION CONTACT:****General**

You should direct all comments and inquiries on the Agenda in general to Neil R. Eisner, Assistant General Counsel for Regulation and Enforcement, Department of Transportation, 1200 New Jersey Avenue SE., Washington, DC 20590; (202) 366–4723.

**Specific**

You should direct all comments and inquiries on particular items in the Agenda to the individual listed for the regulation or the general rulemaking contact person for the operating administration in Appendix B. Individuals who use a telecommunications device for the deaf (TDD) may call (202) 755–7687.

**SUPPLEMENTARY INFORMATION SECTION:**

The entire Department of Transportation Fall 2012 Unified Agenda is being

republished to correct missing portions of the fall 2012 preamble.

**Brett Jortland,**  
*Deputy Assistant General Counsel,*  
*Department of Transportation.*

**DEPARTMENT OF TRANSPORTATION****Office of the Secretary****14 CFR Chs. I–III****23 CFR Chs. I–III****33 CFR Chs. I and IV****46 CFR Chs. I–III****48 CFR Ch. 12****49 CFR Subtitle A, Chs. I–VI and Chs. X–XII**

[OST Docket 99–5129]

**Department Regulatory Agenda; Semiannual Summary****AGENCY:** Office of the Secretary, DOT.**ACTION:** Semiannual Regulatory Agenda.

**SUMMARY:** The Regulatory Agenda is a semiannual summary of all current and projected rulemakings, reviews of existing regulations, and completed actions of the Department. The Agenda provides the public with information about the Department of Transportation's regulatory activity. It is expected that this information will enable the public to be more aware of and allow it to more effectively participate in the Department's regulatory activity. The public is also invited to submit comments on any aspect of this Agenda.

**FOR FURTHER INFORMATION CONTACT:****General**

You should direct all comments and inquiries on the Agenda in general to Neil R. Eisner, Assistant General Counsel for Regulation and Enforcement, Department of Transportation, 1200 New Jersey Avenue SE., Washington, DC 20590; (202) 366–4723.

**Specific**

You should direct all comments and inquiries on particular items in the Agenda to the individual listed for the regulation or the general rulemaking contact person for the operating administration in Appendix B. Individuals who use a telecommunications device for the deaf (TDD) may call (202) 755–7687.

**SUPPLEMENTARY INFORMATION:****Background**

Improvement of our regulations is a prime goal of the Department of Transportation (Department or DOT). Our regulations should be clear, simple, timely, fair, reasonable, and necessary. They should not be issued without appropriate involvement of the public; once issued, they should be periodically reviewed and revised, as needed, to assure that they continue to meet the needs for which they originally were designed. To view additional information about the Department of Transportation's regulatory activities online, go to <http://www.dot.gov/regulations>. Among other things, this Web site provides a report, updated monthly, on the status of the DOT significant rulemakings listed in the Semiannual Regulatory Agenda.

To help the Department achieve these goals and in accordance with Executive Order (E.O.) 12866, "Regulatory Planning and Review," (58 FR 51735; Oct. 4, 1993) and the Department's Regulatory Policies and Procedures (44 FR 11034; Feb. 26, 1979), the Department prepares a Semiannual Regulatory Agenda. It summarizes all current and projected rulemaking, reviews of existing regulations, and completed actions of the Department. These are matters on which action has begun or is projected during the succeeding 12 months or such longer period as may be anticipated or for which action has been completed since the last Agenda.

The Agendas are based on reports submitted by the offices initiating the rulemaking and are reviewed by the Department Regulations Council.

The Internet is the basic means for disseminating the Unified Agenda. The complete Unified Agenda is available online at [www.reginfo.gov](http://www.reginfo.gov), in a format that offers users a greatly enhanced ability to obtain information from the Agenda database.

Because publication in the **Federal Register** is mandated for the regulatory flexibility agendas required by the

Regulatory Flexibility Act (5 U.S.C. 602), DOT's printed Agenda entries include only:

1. The agency's Agenda preamble;
2. Rules that are in the agency's regulatory flexibility agenda, in accordance with the Regulatory Flexibility Act, because they are likely to have a significant economic impact on a substantial number of small entities; and
3. Any rules that the agency has identified for periodic review under section 610 of the Regulatory Flexibility Act.

Printing of these entries is limited to fields that contain information required by the Regulatory Flexibility Act's Agenda requirements. These elements are: Sequence Number; Title; Section 610 Review, if applicable; Legal Authority; Abstract; Timetable; Regulatory Flexibility Analysis Required; Agency Contact; and Regulation Identifier Number (RIN). Additional information (for detailed list see section heading "Explanation of Information on the Agenda") on these entries is available in the Unified Agenda published on the Internet.

#### Significant/Priority Rulemakings

The Agenda covers all rules and regulations of the Department. We have classified rules as a DOT agency priority in the Agenda if they are, essentially, very costly, beneficial, controversial, or of substantial public interest under our Regulatory Policies and Procedures. All DOT agency priority rulemaking documents are subject to review by the Secretary of Transportation. If the Office of Management and Budget (OMB) decide a rule is subject to its review under Executive Order 12866, we have classified it as significant in the Agenda.

#### Explanation of Information on the Agenda

An Office of Management and Budget memorandum, dated June 13, 2012, requires the format for this Agenda.

First, the Agenda is divided by initiating offices. Then, the Agenda is divided into five categories: (1) Prerule stage, (2) proposed rule stage, (3) final rule stage, (4) long-term actions, and (5) completed actions. For each entry, the Agenda provides the following information: (1) Its "significance"; (2) a short, descriptive title; (3) its legal basis; (4) the related regulatory citation in the Code of Federal Regulations; (5) any legal deadline and, if so, for what action (e.g., NPRM, final rule); (6) an abstract; (7) a timetable, including the earliest expected date for a decision on whether to take the action; (8) whether the rulemaking will affect small entities

and/or levels of government and, if so, which categories; (9) whether a Regulatory Flexibility Act (RFA) analysis is required (for rules that would have a significant economic impact on a substantial number of small entities); (10) a listing of any analyses an office will prepare or has prepared for the action (with minor exceptions, DOT requires an economic analysis for all its rulemakings.); (11) an agency contact office or official who can provide further information; (12) a Regulation Identifier Number (RIN) assigned to identify an individual rulemaking in the Agenda and facilitate tracing further action on the issue; (13) whether the action is subject to the Unfunded Mandates Reform Act; (14) whether the action is subject to the Energy Act; and (15) whether the action is major under the congressional review provisions of the Small Business Regulatory Enforcement Fairness Act. If there is information that does not fit in the other categories, it will be included under a separate heading entitled "Additional Information." One such example of this is the letters "SB," "IC," "SLT." These refer to information used as part of our required reports on Retrospective Review of DOT rulemakings. A "Y" or an "N," for yes and no, respectively, follow the letters to indicate whether or not a particular rulemaking would have effects on: Small businesses (SB); information collections (IC); or State, local, or tribal (SLT) governments.

For nonsignificant regulations issued routinely and frequently as a part of an established body of technical requirements (such as the Federal Aviation Administration's Airspace Rules), to keep those requirements operationally current, we only include the general category of the regulations, the identity of a contact office or official, and an indication of the expected number of regulations; we do not list individual regulations.

In the "Timetable" column, we use abbreviations to indicate the particular documents being considered. ANPRM stands for Advance Notice of Proposed Rulemaking, SNPRM for Supplemental Notice of Proposed Rulemaking, and NPRM for Notice of Proposed Rulemaking. Listing a future date in this column does not mean we have made a decision to issue a document; it is the earliest date on which we expect to make a decision on whether to issue it. In addition, these dates are based on current schedules. Information received subsequent to the issuance of this Agenda could result in a decision not to take regulatory action or in changes to proposed publication dates. For example, the need for further evaluation

could result in a later publication date; evidence of a greater need for the regulation could result in an earlier publication date.

Finally, a dot (•) preceding an entry indicates that the entry appears in the Agenda for the first time.

#### Request for Comments

##### General

Our agenda is intended primarily for the use of the public. Since its inception, we have made modifications and refinements that we believe provide the public with more helpful information, as well as make the Agenda easier to use. We would like you, the public, to make suggestions or comments on how the Agenda could be further improved.

##### Reviews

We also seek your suggestions on which of our existing regulations you believe need to be reviewed to determine whether they should be revised or revoked. We particularly draw your attention to the Department's review plan in appendix D. In response to Executive Order 13563 "Retrospective Review and Analysis of Existing Rules," we have prepared a retrospective review plan providing more detail on the process we use to conduct reviews of existing rules, including changes in response to Executive Order 13563. We provided the public opportunities to comment at regulations.gov and IdeaScale on both our process and any existing DOT rules the public thought needed review. The plan and the results of our review can be found at <http://www.dot.gov/regulations>.

##### Regulatory Flexibility Act

The Department is especially interested in obtaining information on requirements that have a "significant economic impact on a substantial number of small entities" and, therefore, must be reviewed under the Regulatory Flexibility Act. If you have any suggested regulations, please submit them to us, along with your explanation of why they should be reviewed.

In accordance with the Regulatory Flexibility Act, comments are specifically invited on regulations that we have targeted for review under section 610 of the Act. The phrase (sec. 610 Review) appears at the end of the title for these reviews. Please see appendix D for the Department's section 610 review plans.

### *Consultation With State, Local, and Tribal Governments*

Executive orders 13132 and 13175 require us to develop an accountable process to ensure “meaningful and timely input” by State, local, and tribal officials in the development of regulatory policies that have federalism or tribal implications. These policies are defined in the Executive orders to include regulations that have “substantial direct effects” on States or Indian tribes, on the relationship between the Federal Government and them, or on the distribution of power and responsibilities between the Federal Government and various levels of government or Indian tribes. Therefore, we encourage State and local governments or Indian tribes to provide us with information about how the Department’s rulemakings impact them.

#### **Purpose**

The Department is publishing this regulatory Agenda in the **Federal Register** to share with interested members of the public the Department’s preliminary expectations regarding its future regulatory actions. This should enable the public to be more aware of the Department’s regulatory activity and should result in more effective public participation. This publication in the **Federal Register** does not impose any binding obligation on the Department or any of the offices within the Department with regard to any specific item on the Agenda. Regulatory action, in addition to the items listed, is not precluded.

Dated: November 2, 2012.

**Ray LaHood,**

*Secretary of Transportation.*

#### **Appendix A—Instructions for Obtaining Copies of Regulatory Documents**

To obtain a copy of a specific regulatory document in the Agenda, you should communicate directly with the contact person listed with the regulation at the address below. We note that most, if not all, such documents, including the Semiannual Regulatory Agenda, are available through the Internet at <http://www.regulations.gov>. See appendix C for more information.

(Name of contact person), (Name of the DOT agency), 1200 New Jersey Avenue SE., Washington, DC 20590. (For the Federal Aviation Administration, substitute the following address: Office of Rulemaking, ARM-1, 800 Independence Avenue SW., Washington, DC 20591).

#### **Appendix B—General Rulemaking Contact Persons**

The following is a list of persons who can be contacted within the Department for general information concerning the rulemaking process within the various operating administrations.

FAA—Rebecca MacPherson, Office of Chief Counsel, Regulations and Enforcement Division, 800 Independence Avenue SW., Room 915A, Washington, DC 20591; telephone (202) 267-3073.

FHWA—Jennifer Outhouse, Office of Chief Counsel, 1200 New Jersey Avenue SE., Washington, DC 20590; telephone (202) 366-0761.

FMCSA—Steven J. LaFreniere, Regulatory Ombudsman, 1200 New Jersey Avenue SE., Washington, DC 20590; telephone (202) 366-0596.

NHTSA—Steve Wood, Office of Chief Counsel, 1200 New Jersey Avenue SE., Washington, DC 20590; telephone (202) 366-2992.

FRA—Kathryn Shelton, Office of Chief Counsel, 1200 New Jersey Avenue SE., Room W31-214, Washington, DC 20590; telephone (202) 493-6063.

FTA—Richard Wong, Office of Chief Counsel, 1200 New Jersey Avenue SE., Room E56-308, Washington, DC 20590; telephone (202) 366-0675.

SLSDC—Carrie Mann Lavigne, Chief Counsel, 180 Andrews Street, Massena, NY 13662; telephone (315) 764-3200.

PHMSA—Patricia Burke, Office of Chief Counsel, 1200 New Jersey Avenue SE., Washington, DC 20590; telephone (202) 366-4400.

MARAD—Christine Gurland, Office of Chief Counsel, Maritime Administration, 1200 New Jersey Avenue SE., Washington, DC 20590; telephone (202) 366-5157.

RITA—Robert Monniere, Office of Chief Counsel, 1200 New Jersey Avenue SE., Washington, DC 20590; telephone (202) 366-5498.

OST—Neil Eisner, Office of Regulation and Enforcement, 1200 New Jersey Avenue SE., Washington, DC 20590; telephone (202) 366-4723.

#### **Appendix C—Public Rulemaking Dockets**

All comments via the Internet are submitted through the Federal Docket Management System (FDMS) at the following address: <http://www.regulations.gov>. The FDMS allows the public to search, view, download, and comment on all Federal agency rulemaking documents in one central online system. The above referenced Internet address also allows the public to sign up to receive notification when

certain documents are placed in the dockets.

The public also may review regulatory dockets at, or deliver comments on proposed rulemakings to, the Dockets Office at 1200 New Jersey Avenue SE., Room W12-140, Washington, DC 20590, 1-800-647-5527. Working Hours: 9-5.

#### **Appendix D—Review Plans for Section 610 and Other Requirements**

##### **Part I—The Plan**

##### *General*

The Department of Transportation has long recognized the importance of regularly reviewing its existing regulations to determine whether they need to be revised or revoked. Our 1979 Regulatory Policies and Procedures require such reviews. We also have responsibilities under Executive Order 12866, “Regulatory Planning and Review,” and section 610 of the Regulatory Flexibility Act to conduct such reviews. This includes the use of plain language techniques in new rules and considering its use in existing rules when we have the opportunity and resources to permit its use. We are committed to continuing our reviews of existing rules and, if needed, will initiate rulemaking actions based on these reviews.

In accordance with Executive Order 13563, “Improving Regulation and Regulatory Review,” issued by the President on January 18, 2011, the Department has added other elements to its review plan. The Department has decided to improve its plan by adding special oversight processes within the Department; encouraging effective and timely reviews, including providing additional guidance on particular problems that warrant review; and expanding opportunities for public participation. These new actions are in addition to the other steps described in this Appendix.

##### *Section 610 Review Plan*

Section 610 requires that we conduct reviews of rules that (1): Have been published within the last 10 years, and (2) have a “significant economic impact on a substantial number of small entities” (SEIOSNOSE). It also requires that we publish in the **Federal Register** each year a list of any such rules that we will review during the next year. The Office of the Secretary and each of the Department’s Operating Administrations have a 10-year review plan. These reviews comply with section 610 of the Regulatory Flexibility Act.

*Other Review Plan(s)*

All elements of the Department, except for the Federal Aviation Administration (FAA), have also elected to use this 10-year plan process to comply with the review requirements of the Department's Regulatory Policies and Procedures and Executive Order 12866.

*Changes to the Review Plan*

Some reviews may be conducted earlier than scheduled. For example, to the extent resources permit, the plain language reviews will be conducted more quickly. Other events, such as accidents, may result in the need to conduct earlier reviews of some rules. Other factors may also result in the need to make changes; for example, we may make changes in response to public comment on this plan or in response to a Presidentially-mandated review. If there is any change to the review plan, we will note the change in the following Agenda. For any section 610 review, we will provide the required notice prior to the review.

**Part II—The Review Process***The Analysis*

Generally, the agencies have divided their rules into 10 different groups and plan to analyze one group each year. For purposes of these reviews, a year will coincide with the fall-to-fall schedule for publication of the Agenda. Thus, Year 1 (2008) begins in the fall of 2008 and ends in the fall of 2009; Year 2 (2009) begins in the fall of 2009 and ends in the fall of 2010, and so on. We request public comment on the timing of the reviews. For example, is there a reason for scheduling an analysis and review for a particular rule earlier than we have? Any comments concerning the plan or particular analyses should be submitted to the regulatory contacts listed in Appendix B, General Rulemaking Contact Persons.

*Section 610 Review*

The agency will analyze each of the rules in a given year's group to

determine whether any rule has a SEIOSNOSE and, thus, requires review in accordance with section 610 of the Regulatory Flexibility Act. The level of analysis will, of course, depend on the nature of the rule and its applicability. Publication of agencies' section 610 analyses listed each fall in this Agenda provides the public with notice and an opportunity to comment consistent with the requirements of the Regulatory Flexibility Act. We request that public comments be submitted to us early in the analysis year concerning the small entity impact of the rules to help us in making our determinations.

In each fall Agenda, the agency will publish the results of the analyses it has completed during the previous year. For rules that had a negative finding on SEIOSNOSE, we will give a short explanation (e.g., "these rules only establish petition processes that have no cost impact" or "these rules do not apply to any small entities"). For parts, subparts, or other discrete sections of rules that do have a SEIOSNOSE, we will announce that we will be conducting a formal section 610 review during the following 12 months. At this stage, we will add an entry to the Agenda in the prerulemaking section describing the review in more detail. We also will seek public comment on how best to lessen the impact of these rules and provide a name or docket to which public comments can be submitted. In some cases, the section 610 review may be part of another unrelated review of the rule. In such a case, we plan to clearly indicate which parts of the review are being conducted under section 610.

*Other Reviews*

The agency will also examine the specified rules to determine whether any other reasons exist for revising or revoking the rule or for rewriting the rule in plain language. In each fall Agenda, the agency will also publish information on the results of the examinations completed during the previous year.

The FAA, in addition to reviewing its rules in accordance with the section 610 Review Plan, has established a tri-annual process to comply with the review requirements of the Department's Regulatory Policies and Procedures, Executive Order 12866, and Plain Language Review Plan. The FAA's latest review notice was published November 15, 2007 (72 FR 64170). In that notice, the FAA requested comments from the public to identify those regulations currently in effect that it should amend, remove, or simplify. The FAA also requested the public to provide any specific suggestions where rules could be developed as performance-based rather than prescriptive, and any specific plain language that might be used, and provide suggested language on how those rules should be written. The FAA will review the issues addressed by the commenters against its regulatory agenda and rulemaking program efforts and adjust its regulatory priorities consistent with its statutory responsibilities. At the end of this process, the FAA will publish a summary and general disposition of comments and indicate, where appropriate, how it will adjust its regulatory priorities.

**Part III—List of Pending Section 610 Reviews**

The Agenda identifies the pending DOT section 610 Reviews by inserting "(Section 610 Review)," after the title for the specific entry. For further information on the pending reviews, see the Agenda entries at [www.reginfo.gov](http://www.reginfo.gov). For example, to obtain a list of all entries that is section 610 Reviews under the Regulatory Flexibility Act, a user would select the desired responses on the search screen (by selecting "advanced search") and, in effect, generate the desired "index" of reviews.

**OFFICE OF THE SECRETARY***Section 610 and Other Reviews*

Year	Regulations to be reviewed	Analysis year	Review year
1 .....	49 CFR parts 91 through 99 and 14 CFR parts 200 through 212 .....	2008	2009
2 .....	48 CFR parts 1201 through 1253 and new parts and subparts .....	2009	2010
3 .....	14 CFR parts 213 through 232 .....	2010	2011
4 .....	14 CFR parts 234 through 254 .....	2011	2012

#### Year 1 (Fall 2008) List of Rules Analyzed and Summary of Results

##### 49 CFR part 95—Advisory Committees

- Section 610: The agency has determined that the rule does not have a significant economic impact on a substantial number of small entities.
- General: The agency plans to remove part 95 because it has been made obsolete by other laws, regulations, and agency procedures. Removal of these regulations would be cost effective and impose no burdens. Since the regulations will be removed, a review for plain language is not necessary.

#### Year 1 (Fall 2008) List of Rules With Ongoing Analysis

- 49 CFR part 91—International Air Transportation Fair Competitive Practices
- 49 CFR part 92—Recovering Debts to the United States by Salary Offset
- 49 CFR part 98—Enforcement of Restrictions on Post-Employment Activities
- 49 CFR part 99—Employee Responsibilities and Conduct
- 14 CFR part 200—Definitions and Instructions
- 14 CFR part 201—Air Carrier Authority Under Subtitle VII of Title 49 of the United States Code [Amended]
- 14 CFR part 203—Waiver of Warsaw Convention Liability Limits and Defenses
- 14 CFR part 204—Data to Support Fitness Determinations
- 14 CFR part 205—Aircraft Accident Liability Insurance
- 14 CFR part 206—Certificates of Public Convenience and Necessity: Special Authorizations and Exemptions
- 14 CFR part 207—Charter Trips by U.S. Scheduled Air Carriers
- 14 CFR part 208—Charter Trips by U.S. Charter Air Carriers
- 14 CFR part 211—Applications for Permits to Foreign Air Carriers
- 14 CFR part 212—Charter Rules for U.S. and Foreign Direct Air Carriers

#### Year 3 (Fall 2010) List of Rules With Ongoing Analysis

- 14 CFR part 213—Terms, Conditions, and Limitations of Foreign Air Carrier Permits
- 14 CFR part 214—Terms, Conditions, and Limitations of Foreign Air Carrier Permits Authorizing Charter Transportation Only
- 14 CFR part 215—Use and Change of Names of Air Carriers, Foreign Air Carriers, and Commuter Air Carriers
- 14 CFR part 216—Comingling of Blind Sector Traffic by Foreign Air Carriers
- 14 CFR part 217—Reporting Traffic Statistics by Foreign Air Carriers in

#### Civilian Scheduled, Charter, and Nonscheduled Services

- 14 CFR part 218—Lease by Foreign Air Carrier or Other Foreign Person of Aircraft With Crew
- 14 CFR part 221—Tariffs
- 14 CFR part 222—Intermodal Cargo Services by Foreign Air Carriers
- 14 CFR part 223—Free and Reduced-Rate Transportation
- 14 CFR part 232—Transportation of Mail, Review of Orders of Postmaster General

#### Year 4 (Fall 2011) List of Rules Analyzed and Summary of Results

- 14 CFR part 234—Airline Service Quality Performance Reports
  - Section 610: The agency has determined that the existing rule does not have a significant effect on a substantial number of small entities.
  - General: The Department is anticipating proposing changes to the existing rule to expand the on-time performance “reporting carrier” pool to include smaller carriers to enable the Department to obtain and provide to the flying public a more complete picture of the performance of scheduled passenger service in general. Also, in July 2011, the Department proposed to change the way the Department computes mishandled baggage rates from mishandled baggage reports per domestic enplanement to mishandled bags per checked bags as the Department believes that the current matrix for comparing airline mishandled baggage information is outdated. OST’s plain language review indicates no need for substantial revision.

##### 14 CFR part 250—Oversales

- Section 610: Certain elements of this existing rule impose requirements on certain small air carriers but the Department has determined that the economic impact is not significant.
- General: The Department made some changes to this part in April 2008 and April 2011. No additional changes are needed. These regulations are cost effective and impose the least burden as all air carriers have control over the extent to which the rule impacts them because they control their own overbooking rates. OST’s plain language review indicates no need for substantial revision.

##### 14 CFR part 252—Smoking Aboard Aircraft

- Section 610: The agency has determined that the existing rule does not have a significant effect on a substantial number of small entities.
- General: In September 2011, the Department proposed to change the

existing rule to explicitly ban the smoking of electronic cigarettes on air carriers and foreign air carrier flights in scheduled intrastate, interstate and foreign air transportation. The Department is also considering banning smoking on charter flights with 19 or more passenger seats in part out of concern about the health effects of second hand smoke on flight attendants aboard such flights. Carriers that provide air transportation exclusively with aircraft that seat no more than 60 passenger seats are considered to be small entities. OST’s plain language review indicates no need for substantial revision.

##### 14 CFR part 253—Notice of Terms of Contract of Carriage

- Section 610: The agency has determined that the existing rule does not have a significant effect on a substantial number of small entities.
- General: A minor change to a provision in this part regarding retroactive changes to contracts of carriage was finalized in 2009. No additional changes are needed. These regulations are cost effective. OST’s plain language review indicates no need for substantial revision.

##### 14 CFR part 254—Domestic Baggage Liability

- Section 610: The agency has determined that the existing rule does not have a significant effect on a substantial number of small entities.
- General: The Department periodically raises the minimum limit on domestic baggage liability applicable to air carriers to reflect inflation. The Department anticipates adjusting the minimum limit of liability from the current amount of \$3,300 announced by the Department in November 2008 to \$3,400, to take into account the changes in consumer prices since the prior revision. This revision would affect only flight segments operated with large aircraft and other flight segments appearing on the same ticket as a large-aircraft segment. As a result, many operations of small entities, such as air taxis and many commuter air carriers, would not be covered by the rule. OST’s plain language review indicates no need for substantial revision.

#### Year 4 (Fall 2011) List of Rules With Ongoing Analysis

- 14 CFR part 240—Inspection of Accounts and Property
- 14 CFR part 241—Uniform System of Accounts and Reports for Large Certificated Air Carriers
- 14 CFR part 243—Passenger Manifest Information

14 CFR part 247—Direct Airport-to-Airport Mileage Records

14 CFR part 248—Submission of Audit Reports

14 CFR part 249—Preservation of Air Carrier Records

Year 5 (Fall 2012) List of Rules To Be Analyzed During the Next Year

14 CFR part 255—Airline Computer Reservations Systems

14 CFR part 256—[Reserved]

14 CFR part 271—Guidelines for Subsidizing Air Carriers Providing Essential Air Transportation

14 CFR part 272—Essential Air Service to the Freely Associated States

14 CFR part 291—Cargo Operations in Interstate Air Transportation

14 CFR part 292—International Cargo Transportation

14 CFR part 293—International Passenger Transportation

14 CFR part 294—Canadian Charter Air Taxi Operators

14 CFR part 296—Indirect Air Transportation of Property

14 CFR part 297—Foreign Air Freight Forwarders and Foreign Cooperative Shippers Associations

14 CFR part 298—Exemptions for Air Taxi and Commuter Air Carrier Operations

Year 5 (Fall 2012) List of Rules Analyzed and a Summary of Results

14 CFR part 257—Disclosure of Code-Sharing Arrangements and Long-Term Wet Leases

- Section 610: The agency has determined that the existing rule does not have a significant effect on a substantial number of small entities.
- General: The Department is anticipating proposing changes to the existing rule to codify the requirements in a statute (49 U.S.C. 41712(c)) and the Department's enforcement policy with respect to Web site disclosure of code-share and long term wet lease arrangements. OST's plain language review indicates no need for substantial revision.

14 CFR part 258—Disclosure of Change-of-Gauge Services

- Section 610: The agency has determined that the rule does not have a significant effect on a substantial number of small entities.
- General: No changes are needed. These regulations are cost effective and impose the least burden. OST's plain language review indicates no need for substantial revision.

14 CFR part 259—Enhanced Protections for Airline Passengers

- Section 610: This rule imposes requirements on small air carriers but the Department believes that the economic impact will not be significant

- General: The Department is anticipating proposing changes to the existing rule to require comfortable cabin temperatures when there is a lengthy tarmac delay and to require a marketing carrier provide assistance to its code-share partner when a flight operated by the code share partner experiences a lengthy tarmac delay. OST's plain language review indicates no need for substantial revision.

## FEDERAL AVIATION ADMINISTRATION

### Section 610 Review Plan

The FAA has elected to use the two-step, two-year process used by most DOT modes in past plans. As such, the FAA has divided its rules into 10 groups as displayed in the table below. During the first year (the “analysis year”), all rules published during the previous 10 years within a 10% block of the regulations will be *analyzed* to identify those with a SEIOSNOSE. During the second year (the “review year”), each rule identified in the analysis year as having a SEIONOSE will be *reviewed* in accordance with Section 610(b) to determine if it should be continued without change or changed to minimize impact on small entities. Results of those reviews will be published in the DOT Semiannual Regulatory Agenda.

Year	Regulations to be reviewed	Analysis year	Review year
1 .....	14 CFR parts 119 through 129 and parts 150 through 156 .....	2008	2009
2 .....	14 CFR parts 133 through 139 and parts 157 through 169 .....	2009	2010
3 .....	14 CFR parts 141 through 147 and parts 170 through 187 .....	2010	2011
4 .....	14 CFR parts 189 through 198 and parts 1 through 16 .....	2011	2012
5 .....	14 CFR parts 17 through 33 .....	2012	2013
6 .....	14 CFR parts 34 through 39 and parts 400 through 405 .....	2013	2014
7 .....	14 CFR parts 43 through 49 and parts 406 through 415 .....	2014	2015
8 .....	14 CFR parts 60 through 77 .....	2015	2016
9 .....	14 CFR parts 91 through 105 .....	2016	2017
10 .....	14 CFR parts 417 through 460 .....	2017	2018

### Year 5 (2012) List of Rules Analyzed and Summary of Results

14 CFR part 17—Procedures for Protests and Contract Disputes

- Section 610: The agency conducted a Section 610 review of this part and found no SEISNOSE.
- General: No changes are needed. These regulations are cost effective and impose the least burden. FAA's plain language review of these rules indicates no need for substantial revision.

14 CFR part 21—Certification Procedures for Products and Parts

- Section 610: The agency conducted a Section 610 review of this part and found no SEISNOSE.
- General: No changes are needed. These regulations are cost effective and impose the least burden. FAA's plain language review of these rules indicates no need for substantial revision.

14 CFR part 23—Airworthiness Standards: Normal, Utility, Acrobatic, and Commuter Category Airplanes

- Section 610: The agency conducted a Section 610 review of this part and found no SEISNOSE.
- General: No changes are needed. These regulations are cost effective and

impose the least burden. FAA's plain language review of these rules indicates no need for substantial revision.

14 CFR part 25—Airworthiness Standards: Transport Category Airplanes

- Section 610: The agency conducted a Section 610 review of this part and found that the SEISNOSE no longer exists.

- General: No changes are needed. These regulations are cost effective and impose the least burden. FAA's plain language review of these rules indicates no need for substantial revision.

14 CFR part 26—Continued  
Airworthiness and Safety  
Improvements for Transport Category  
Airplanes

• Section 610: The agency conducted a Section 610 review of this part and found no SEISNOSE.

• General: No changes are needed. These regulations are cost effective and impose the least burden. FAA's plain language review of these rules indicates no need for substantial revision.

14 CFR part 27—Airworthiness  
Standards: Normal Category  
Rotorcraft

• Section 610: The agency conducted a Section 610 review of this part and found no SEISNOSE.

• General: No changes are needed. These regulations are cost effective and impose the least burden. FAA's plain language review of these rules indicates no need for substantial revision.

14 CFR part 29—Airworthiness  
Standards: Transport Category  
Rotorcraft

• Section 610: The agency conducted a Section 610 review of this part and found no SEISNOSE.

• General: No changes are needed. These regulations are cost effective and impose the least burden. FAA's plain language review of these rules indicates no need for substantial revision.

14 CFR part 31—Airworthiness  
Standards: Manned Free Balloons

• Section 610: The agency conducted a Section 610 review of this part and found no SEISNOSE.

• General: No changes are needed. These regulations are cost effective and impose the least burden. FAA's plain language review of these rules indicates no need for substantial revision.

14 CFR part 33—Airworthiness  
Standards: Aircraft Engines

• Section 610: The agency conducted a Section 610 review of this part and found no SEISNOSE.

• General: No changes are needed. These regulations are cost effective and impose the least burden. FAA's plain

language review of these rules indicates no need for substantial revision.

Year 6 (2013) List of Rules To Be  
Analyzed During the Next Year

14 CFR part 34—Fuel venting and  
exhaust emission requirements for  
turbine engine powered airplanes

14 CFR part 35—Airworthiness  
standards: Propellers

14 CFR part 36—Noise standards:  
Aircraft type and airworthiness  
certification

14 CFR part 39—Airworthiness  
directives

14 CFR part 400—Basis and scope

14 CFR part 401—Organization and  
definitions

14 CFR part 404—Regulations and  
licensing requirements

14 CFR part 405—Investigations and  
enforcement

*Federal-Aid Highway Program*

The FHWA has adopted regulations in title 23 of the CFR, chapter I, related to the Federal-Aid Highway Program. These regulations implement and carry out the provisions of Federal law relating to the administration of Federal aid for highways. The primary law authorizing Federal aid for highways is chapter I of title 23 of the U.S.C. Section 145 of title 23 expressly provides for a federally assisted State program. For this reason, the regulations adopted by the FHWA in title 23 of the CFR primarily relate to the requirements that States must meet to receive Federal funds for the construction and other work related to highways. Because the regulations in title 23 primarily relate to States, which are not defined as small entities under the Regulatory Flexibility

Act, the FHWA believes that its regulations in title 23 do not have a significant economic impact on a substantial number of small entities. The FHWA solicits public comment on this preliminary conclusion.

Year 4 (Fall 2011) List of Rules  
Analyzed and a Summary of Results

23 CFR part 500—Management and  
Monitoring Systems

• Section 610: No SEISNOSE. No small entities are affected.

• General: No changes are needed. These regulations are cost effective and impose the least burden. FHWA's plain language review of these rules indicates no need for substantial revision.

Year 5 (Fall 2012) List of Rules That  
Will be Analyzed During the Next Year

23 CFR part 620—Engineering

23 CFR part 625—Design Standards for  
Highways

23 CFR part 626—Pavement Policy

23 CFR part 627—Value Engineering

23 CFR part 630—Preconstruction  
Procedures

10 .....	49 CFR part 395 .....	2017	2018

#### Year 1 (Fall 2008) List of Rules Analyzed and a Summary of Results

##### 49 CFR part 372—Exemptions from the operating authority regulations applicable to for-hire motor carriers

- Section 610: There is no SEIOSNOSE. No small entities are affected.
- General: No changes are needed. These regulations provide exemptions from the requirements for certain for-hire motor carriers to apply for operating authority from FMCSA. The regulations reduce the regulatory burden on small businesses by enabling certain for-hire carriers to conduct business without being required to apply for operating authority. The regulations are cost effective and impose the least burden. FMCSA's plain language review of these rules indicates no need for substantive revision.

#### Year 2 (Fall 2009) List of Rules Analyzed and a Summary of Results

##### 49 CFR part 386—Rules of Practice for Motor Carrier, Broker, Freight Forwarder, and Hazardous Materials Proceedings

- Section 610: There is a SEIOSNOSE, as a significant number of small entities may be affected by legal fees and safety consultants' fees associated with preparing an adequate response to FMCSA notices of claims and notices of violations and the submission of corrective action plans following an unsuccessful new entrant audit or compliance review. It was

found that the cost for legal representation and other costs for a formal hearing to appeal a decision may have a significant impact on small firms. However, these proceedings would only come about if the regulated entity failed to comply with applicable Federal regulations and FMCSA initiated enforcement action as a result of non-compliance.

Subpart D, "General Rules and Hearings," addresses rules and procedures for the conduct of formal hearings. The principal economic impact of part 386 is the cost to a small firm of defending itself under these procedures. However, as noted above, carriers that achieve compliance with FMCSA's commercial and safety regulations would not be subject to enforcement actions and therefore would not undergo such procedures.

- General: The Agency considered whether the rules of practice impose unnecessary burdens on small businesses that undergo enforcement actions as a result of non-compliance with the Agency's commercial and safety regulations. The Agency concluded that the rules of practice do not impose unnecessary burdens on such businesses when they achieve compliance with the applicable safety and hazardous materials regulations.

#### Year 3 (Fall 2010) List of Rules with Ongoing Analysis

##### 49 CFR part 325—Compliance with Interstate Motor Carrier Noise Emission

##### 49 CFR part 390—Federal Motor Carrier Safety Regulations, General

- *This rule was moved up from Year 4 as a result of the Department's Retrospective Regulatory Review.*

Year 4 (Fall 2011) List of Rules Analyzed and a Summary of the Results

49 CFR part 571.131—School Bus Pedestrian Safety Devices

- Section 610: There is no SEIOSNOSE.
- General: No changes are needed. These regulations are cost effective and impose the least burden. NHTSA's plain language review of these rules indicates no need for substantial revision.

49 CFR part 571.217—Bus Emergency Exits and Window Retention and Release

- Section 610: There is no SEIOSNOSE.
- General: No changes are needed. These regulations are cost effective and impose the least burden. NHTSA's plain language review of these rules indicates no need for substantial revision.

49 CFR part 571.220—School Bus Rollover Protection

- Section 610: There is no SEIOSNOSE.
- General: No changes are needed. These regulations are cost effective and impose the least burden. NHTSA's plain

language review of these rules indicates no need for substantial revision.

49 CFR part 571.221—School Bus Body Joint Strength

- Section 610: There is no SEIOSNOSE.
- General: No changes are needed. These regulations are cost effective and impose the least burden. NHTSA's plain language review of these rules indicates no need for substantial revision.

49 CFR part 571.222—School Bus Passenger Seating and Crash Protection

- Section 610: There is no SEIOSNOSE.
- General: No changes are needed. These regulations are cost effective and impose the least burden. NHTSA's plain language review of these rules indicates no need for substantial revision.

Year 5 (Fall 2012) List of Rules That Will Be Analyzed During the Next Year

- 49 CFR part 571.101—Controls and Displays
- 49 CFR part 571.102—Transmission Shift Position Sequence, Starter Interlock, and Transmission Braking Effect

10 .....	49 CFR parts 173 and 194 .....	2017	2018

Year 4 (Fall 2011) List of rules analyzed and a summary of results

49 CFR section 171.15—Immediate Notice Of Certain Hazardous Materials Incidents

- Section 610: There is no SEIOSNOSE. Annually fewer than 100 small entities are required to file a report telephonic report. Therefore, though some small entities may be

affected the economic impact on small entities will not be significant.

- General: This rule prescribes requirements for the immediate notice of certain hazardous materials incidents by telephone to the National Response

Center (NRC). The primary function of the National Response Center is to serve as the sole national point of contact for reporting all oil, chemical, radiological, biological, and etiological discharges into the environment anywhere in the United States and its territories. In addition to gathering and distributing spill data for Federal On-Scene Coordinators and serving as the communications and operations center for the National Response Team, the NRC maintains agreements with a variety of Federal entities to make additional notifications regarding incidents meeting established trigger criteria. Section 171.15(b) establishes the trigger criteria for a reportable hazardous materials incident. PHMSA's plain language review of this rule indicates no need for substantial revision.

**49 CFR section 171.16—Detailed Hazardous Materials Incident Reports**

• Section 610: There is no SEIOSNOSE. Based on a review of detailed incident reports PHMSA found that only 3 percent of the nearly 15,000 incidents reports submitted in FY2011

were filed by small entities. Therefore, though some small entities may be affected the economic impact on small entities will not be significant.

• General: This rule prescribes requirements for detailed hazardous materials incident reports. PHMSA relies on this data and information to evaluate the effectiveness of the existing regulations; determine the need for regulatory changes to cover changing transportation safety problems; and identify major problem areas that should receive priority attention. In addition, both government and industry use this information to chart trends, identify problems and training inadequacies, evaluate packaging, and assess ways to reduce hazardous materials releases. In FY2011 PHMSA accepted two petitions for rulemaking (P-1562; PHMSA-2010-0207 and P-1566; PHMSA-2010-0225) that request revisions to the incident reporting requirements. As a result of these petitions, PHMSA is currently conducting research to evaluate the effectiveness of the requirements for detailed hazardous materials incident

reporting in section 171.16. PHMSA concluded this study in FY2012. Based on the results of the study PHMSA is considering regulatory action to address its findings, the petitions, and simplify the incident reporting process. PHMSA's plain language review of this rule indicates no need for substantial revision.

Year 5 (Fall 2012) List of rules that will be analyzed during the next year

49 CFR part 106—Rulemaking Procedures

366 .....	+Regulations To Be Followed by All Departments, Agencies and Shippers Having Responsibility To Provide a Preference for U.S.-Flag Vessels in the Shipment of Cargoes on Ocean Vessels (RRR).	2133–AB74

+ DOT-designated significant regulation.

## DEPARTMENT OF TRANSPORTATION (DOT)

*Office of the Secretary (OST)*

Proposed Rule Stage

## 337. +Enhancing Airline Passenger Protections III

*Legal Authority:* 49 U.S.C. 41712; 49 U.S.C. 40101; 49 U.S.C. 41702

*Abstract:* This rulemaking would address the following issues: (1) Whether the Department should require a marketing carrier to provide assistance to its code-share partner when a flight operated by the code-share partner

experiences a lengthy tarmac delay; (2) whether the Department should enhance disclosure requirements on code-share operations, including requiring on-time performance data, reporting of certain data code-share operations, and codifying the statutory amendment of 49 U.S.C. 41712(c) regarding Web site schedule disclosure of code-share operations; (3) whether the Department should expand the on-time performance “reporting carrier” pool to include smaller carriers; (4) whether the Department should require travel agents to adopt minimum

customer service standards in relation to the sale of air transportation; (5) whether the Department should require ticket agents to disclose the carriers whose tickets they sell or do not sell and information regarding any incentive payments they receive in connection with the sale of air transportation; (6) whether the Department should require ticket agents to disclose any preferential display of individual fares or carriers in the ticket agent’s Internet displays; (7) whether the Department should require additional or special disclosures regarding certain substantial fees, e.g.,

oversize or overweight baggage fees; (8) whether the Department should prohibit post-purchase price increase for all services and products not purchased with the ticket or whether it is sufficient to prohibit post-purchase price increases for baggage charges that traditionally have been included in the ticket price; and (9) whether the Department should require that ancillary fees be displayed through all sale channels.

## DEPARTMENT OF TRANSPORTATION (DOT)

*Federal Aviation Administration (FAA)*

Proposed Rule Stage

### 339. +Operation and Certification of Small Unmanned Aircraft Systems (SUAS)

*Legal Authority:* 49 U.S.C. 44701; Pub. L. 112-95

*Abstract:* This rulemaking would enable small unmanned aircraft to safely operate in limited portions of the national airspace system (NAS). This action is necessary because it addresses the novel legal or policy issues about the minimum safety parameters for operating recreational remote control model and toy aircraft in the NAS. The intended effect of this action is to develop requirements and standards to ensure that risks are adequately mitigated, such that safety is maintained for the entire aviation community.

### 340. +Flight Crewmember Mentoring, Leadership and Professional Development (HR 5900)

*Legal Authority:* 49 U.S.C. 44701(a)(5); Pub. L. 111-216, sec 206

*Abstract:* This rulemaking would amend the regulations for air carrier training programs under part 121. The action is necessary to ensure that air carriers establish or modify training programs that address mentoring, leadership, and professional development of flight crewmembers in part 121 operations. The amendments are intended to contribute significantly to airline safety by reducing aviation accidents and respond to the mandate in Public Law 111-216.

Final Rule Stage

### 341. +Qualification, Service, and Use of Crewmembers and Aircraft Dispatchers

*Legal Authority:* 49 U.S.C. 106(g); 49 U.S.C. 40113; 49 U.S.C. 40119; 49 U.S.C. 44101; 49 U.S.C. 44701; 49 U.S.C. 44702; 49 U.S.C. 44705; 49 U.S.C. 44709 to 44711; 49 U.S.C. 44713; 49 U.S.C. 44716; 49 U.S.C. 44717; 49 U.S.C. 44722; 49 U.S.C. 44901; 49 U.S.C. 44903; 49 U.S.C. 44904; 49 U.S.C. 44912; 49 U.S.C. 46105

*Abstract:* This rulemaking would amend the regulations for crewmember and dispatcher training programs in domestic, flag, and supplemental operations. The rulemaking would enhance traditional training programs by requiring the use of flight simulation training devices for flight crewmembers and including additional training requirements in areas that are critical to safety. The rulemaking would also reorganize and revise the qualification and training requirements. The changes are intended to contribute significantly to reducing aviation accidents.

*RIN:* 2120–AJ00

**342. +Pilot Certification and Qualification Requirements (Formerly First Officer Qualification Requirements) (HR 5900)**

*Legal Authority:* 49 U.S.C. 106(g); 49 U.S.C. 35301 to 45302; 49 U.S.C. 40113; 49 U.S.C. 40119; 49 U.S.C. 41706; 49 U.S.C. 44101; 49 U.S.C. 44701(a)(5); 49 U.S.C. 44701 to 44703; 49 U.S.C. 44705; 49 U.S.C. 44707; 49 U.S.C. 44709 to 44711; 49 U.S.C. 44713; 49 U.S.C. 44716; 49 U.S.C. 44722; 49 U.S.C. 45102 to 45103; 49 U.S.C. 46105; 49 U.S.C. 44717; Pub. L. 111–216

*Abstract:* This rulemaking would amend the eligibility and qualification requirements for pilots engaged in part 121 air carrier operations. Additionally, it would modify the requirements for an airline transport pilot certificate. These actions are necessary because recent airline accidents and incidents have brought considerable attention to the experience level and training of air carrier flight crews. This rulemaking is a result of requirements in Public Law 111–216.

**343. +Safety Management Systems for Certificate Holders (Section 610 Review)**

*Legal Authority:* 49 U.S.C. 106(g); 49 U.S.C. 40113; 49 U.S.C. 40119; 49 U.S.C. 41706; 49 U.S.C. 44101; 49 U.S.C. 44701; 49 U.S.C. 44702; 49 U.S.C. 44705; 49 U.S.C. 44709 to 44711; 49 U.S.C. 44713; 49 U.S.C. 44716; 49 U.S.C. 44717; 49 U.S.C. 44722; 49 U.S.C. 46105; Pub. L. 111–216, sec 215

*Abstract:* This rulemaking would require each certificate holder operating under 14 CFR part 121 to develop and implement a safety management system (SMS) to improve the safety of its aviation related activities. A safety

management system is a comprehensive, process-oriented approach to managing safety throughout an organization. An SMS includes an organization-wide safety policy; formal methods for identifying hazards, controlling, and continually assessing risk and safety performance; and promotion of a safety culture. SMS stresses not only compliance with technical standards but increased emphasis on the overall safety performance of the organization. This rulemaking is required under Public Law 111–216, section 215.

**344. +Electronic Logging Devices and Hours of Service Supporting Documents**

*Legal Authority:* 49 U.S.C. 31502; 31136(a); Pub. L. 103.311; 49 U.S.C. 31137(a)

*Abstract:* This rulemaking would establish: (1) Minimum performance standards for electronic logging devices (ELDs); (2) requirements for the mandatory use of the devices by drivers required to prepare handwritten records of duty status (RODS); (3) requirements concerning HOS supporting documents; and (4) measures to ensure that the mandatory use of ELDs will not result in harassment of drivers by motor carriers and enforcement officials. This rulemaking would supplement the Agency's February 1, 2011, Notice of Proposed Rulemaking (NPRM) and address issues raised by the U.S. Court

of Appeals for the Seventh Circuit Court in its 2011 decision vacating the Agency's April 5, 2010, final rule concerning ELDs. This action would improve compliance with the hours-of-service (HOS) rules and thereby decrease the risk of fatigue-related crashes attributable to non-compliance with the applicable HOS requirements.

**345. +Inspection, Repair, and Maintenance; Driver-Vehicle Inspection Report (RRR)**

*Legal Authority:* 49 U.S.C. 31136; 49 U.S.C. 31502

*Abstract:* This rulemaking would rescind the requirement that commercial motor vehicle (CMV) drivers operating in interstate commerce submit, and motor carriers retain, driver-vehicle inspection reports when the driver has neither found nor been made aware of any vehicle defects or deficiencies. Specifically, this rulemaking would remove a significant information collection burden without adversely impacting safety. This rulemaking would remove a significant information collection burden without adversely impacting safety. The value of the time saved by eliminating the paperwork burden associated with the filing of no-defect DVIRs is more than 1 billion dollars per year. This rulemaking responds in part to the President's January 2012 Regulatory Review and Reform initiative.

## DEPARTMENT OF TRANSPORTATION (DOT)

*Federal Motor Carrier Safety Administration (FMCSA)*

Final Rule Stage

### 346. +Unified Registration System

*Legal Authority:* Pub. L. 104-88; 109 Stat 803, 888 (1995); 49 U.S.C. 13908; Pub. L. 109-159, sec 4304

*Abstract:* This rule would establish a new Unified Registration System (URS) to replace three legacy systems in support of FMCSA's safety and commercial oversight responsibilities. It would require all entities subject to FMCSA jurisdiction to comply with a new URS registration and biennial update requirement, disclose the cumulative registration information collected by URS and provides a cross-reference to all regulatory requirements necessary to obtain permanent registration. It implements statutory provisions in the ICC Termination Act and SAFTEA-LU. URS would serve as a clearinghouse and depository of information on, and identification of, brokers, freight forwarders, and others required to register with the Department of Transportation. The agency has determined the total net societal benefits of the rule to be \$19.5 million and the total societal costs to be \$26.5 million.

### 347. Self Reporting of Out-of-State Convictions (RRR) (Section 610 Review)

*Legal Authority:* Commercial Motor Vehicle Safety Act of 1986

*Abstract:* This rulemaking would clarify the requirement for holders of commercial drivers licenses (CDL) convicted of violating traffic laws in a State other than the State that issued their CDL, to notify the State of issuance about those violations under part 383.31 of FMCSA's Commercial Drivers License Standards; and clarify the requirement for the licensing agency from the jurisdiction in which the conviction takes place to notify the State licensing Agency that issued the CDL under part 384.209 State Compliance with Commercial Drivers License Program. This rulemaking would also ensure that notifications required in sections 383.31 and 384.209 take place within 30 days of the conviction.

### 349. Risk Reduction Program (RRR)

*Legal Authority:* Pub. L. 110-432, Div A, 122 Stat 4848 *et seq.*; Rail Safety Improvement Act of 2008; sec 103, 49 U.S.C. 20156 "Railroad Safety Risk Reduction Program"

*Abstract:* This rulemaking would require each Class I railroad and each railroad with inadequate safety performance to develop and implement a Risk Reduction Program (RRP) to improve the safety of their operations. Each RRP would be required to include a risk analysis, a technology implementation plan, and a fatigue management plan. Railroads would be required to conduct annual internal assessments of their RRP's, which could also be externally audited by FRA.

### 350. +Positive Train Control Systems: De Minimis Exception, Yard Movements, En Route Failures; Miscellaneous Grade Crossing/Signal and Train Control Amendments (RRR)

*Legal Authority:* 49 U.S.C. 20102 to 20103; 28 U.S.C. 2461, note; 49 CFR 1.49; 49 U.S.C. 20107; 49 U.S.C. 20133; 49 U.S.C. 20141; 49 U.S.C. 20157; 49 U.S.C. 20301 to 20303; 49 U.S.C. 20306; 49 U.S.C. 21301 to 21302; 49 U.S.C. 21304

**Abstract:** This rulemaking would revise Positive Train Control regulations by defining the de minimis exception and en route failures, proposing exceptions relating to yard movements that may not be considered on the main line system, and amending regulations governing grade crossing and signal and train control systems. The rulemaking is in response to a petition for rulemaking from the Association of American Railroads.

*RIN:* 2130-AC32

## DEPARTMENT OF TRANSPORTATION (DOT)

*Federal Railroad Administration (FRA)*

Final Rule Stage

### 351. Roadway Worker Protection; Miscellaneous Revisions

**Legal Authority:** 28 U.S.C. 2461; 49 CFR 1.49; 49 U.S.C. 20103; 49 U.S.C. 20107; 49 U.S.C. 21301; 49 U.S.C. 21304

**Abstract:** This rulemaking would revise FRA's Roadway Worker Protection regulations in 49 CFR, Part 214, to further advance the on-track safety of railroad employees and contractors engaged in maintenance-of-way activities throughout the general railroad system of transportation, including clarification of existing regulations. In doing so, FRA will review existing technical bulletins and a safety advisory dealing with on-track safety to consider implications, and as appropriate, consider enhancements to the existing regulations.

*RIN:* 2130-AB89

### 352. +Training Standards for Railroad Employees (RRR)

**Legal Authority:** Pub. L. 110 thru 432, Div A, 122 Stat 4848 *et seq.*; Railroad Safety Improvement Act of 2008; sec 401 (49 U.S.C. 20162)

**Abstract:** This rulemaking would (1) Establish minimum training standards for each class or craft of safety-related employee and equivalent railroad contractor and subcontractor employee that require railroads, contractors, and subcontractors to qualify or otherwise document the proficiency of such employees in each such class and craft regarding their knowledge and ability to comply with Federal railroad safety laws and regulations and railroad rules and procedures intended to implement those laws and regulations, etc.; (2) require submission of railroads', contractors', and subcontractors' training and qualification programs for FRA approval; and (3) establish a minimum training curriculum and ongoing training criteria, testing, and skills evaluation measures for track and equipment inspectors employed by railroads and railroad contractor and subcontractors. It is anticipated that crane operator provisions contained in this rulemaking will further the objectives of EO 13563.

*RIN:* 2130-AC06

### 353. +Emergency Escape Breathing Apparatus (RRR)

**Legal Authority:** Pub. L. 110-432, Div A, 122 Stat 4848 *et seq.*; Rail Safety Improvement Act of 2008; sec 413 49 U.S.C. 20166

**Abstract:** This rulemaking would prescribe regulations that require

railroads to provide specified emergency escape breathing apparatus for all crew members in locomotive cabs on freight trains carrying poison-inhalation-hazardous material and provide training in its use.

**Timetable:**

Action	Date	FR Cite
NPRM .....	10/05/10	75 FR 61386

*RIN:* 2130-AC14

### 354. Passenger Train Emergency Systems; Doors, Emergency Lighting, Emergency Signage and Markings for Egress and Access, and Low-Location Emergency Exit Path Marking; Miscellaneous Amendments

**Legal Authority:** 28 U.S.C. 241, note; 49 CFR 1.49; 49 U.S.C. 20103, 20107, 20133, 20141, 20302 to 20303, 20306, 20701 to 20702; 49 U.S.C. 21301 to 21302, 21304

**Abstract:** This rulemaking would amend the passenger equipment safety standards to enhance standards for passenger train emergency systems and would clarify the passenger train emergency preparedness standards. Specifically, FRA would incorporate by reference three APTA emergency system standards: "Standard for Emergency Lighting System Design for Passenger Cars," "Standard for Emergency Signage for Egress/Access of Passenger Rail Equipment," and "Standard for Low-Location Exit Path Marking." Miscellaneous amendments to FRA's existing regulations would include: (1) Clarifying that new passenger cars must have at least two exterior side doors, one on each side; (2) requiring removable panels/windows in vestibule doors for new passenger cars; (3) consolidating various door requirements into one section for easier reference; and (4) revising part 239 to explicitly address train crew participation in debrief and critique sessions.

*RIN:* 2130-AC22

### 355. Amendments Expanding the Drug Panel for FRA Post-Accident Toxicological Testing

*Legal Authority:* 28 U.S.C. 2461, note; 49 CFR 1.49(m); 49 U.S.C. 20103; 49 U.S.C. 20107; 49 U.S.C. 20140; 49 U.S.C. 21301; 49 U.S.C. 21304

*Abstract:* This rulemaking would expand the drug testing panel for FRA's post-accident toxicological testing (PATT) program, which investigates the role of alcohol and drug use in serious train accidents. This rulemaking would also amend the requirements regarding the analysis of PATT results in 49 CFR SS 219.211 to reflect that some of the drugs in the expanded panel are prescription and over-the-counter drugs that are not controlled substances. FRA has tested for the same basic panel of drugs since the beginning of PATT in 1985. Currently, FRA tests blood and urine specimens for eight drug classifications: alcohol, marijuana, cocaine, the opiates, the amphetamines, phencyclidine (PCP), the barbiturates, and the benzodiazepines. FRA would expand the PATT panel to include synthetic opiates, sedating antihistamines, MDMA and one of its analogues, and additional benzodiazepines. This rulemaking does not make any substantive changes to the prohibitions on the abuse of controlled substances and prescription drugs found in 49 CFR SS 219.102 and 219.103.

*RIN:* 2130-AC24

### 356. Track Safety Standards: Improving Rail Integrity (RRR)

*Legal Authority:* 28 U.S.C. 2461, note; 49 CFR 1.49; 49 U.S.C. 20102 to 20114; 49 U.S.C. 20142; sec 403, Div A; Pub. L. 110-432, 122 Stat 4885

*Abstract:* This rulemaking would prescribe specific requirements for effective rail inspection frequencies, rail flaw remedial actions, minimum operator qualifications, and requirements for rail inspection records. In addition, it would remove the regulatory requirements concerning joint bar fracture reporting. Section 403(c) of the Rail Safety Improvement Act of 2008 mandates that FRA promulgate regulations addressing rail flaw detection inspections.

*RIN:* 2130-AC28

### 357. Railroad System Safety Program

*Legal Authority:* 49 U.S.C. 20103; 49 U.S.C. 20107; 49 U.S.C. 20133; 49 U.S.C. 21301 to 21302; 49 U.S.C. 21304; 49 U.S.C. 21311; 28 U.S.C. 2461, note; 49 CFR 1.49

*Abstract:* This rulemaking would improve passenger railroad safety through structured, proactive processes and procedures developed by passenger railroad operators. It would require passenger railroads to establish a System Safety Program that would systematically evaluate and manage risks in order to reduce the number and rates of railroad accidents, incidents, injuries and fatalities. This rulemaking was bifurcated from 2130-AC11.

### 358. Revisions to Passenger Train Emergency Preparedness Regulations

*Legal Authority:* 49 U.S.C. 20103; 49 U.S.C. 20107; 49 U.S.C. 20133; 49 U.S.C. 20141; 49 U.S.C. 20302 to 20303; 49 U.S.C. 20306; 49 U.S.C. 20701 to 20702; 49 U.S.C. 21301 to 21302; 49 U.S.C. 21304; 28 U.S.C. 2461, note; 49 CFR 1.49

*Abstract:* The rulemaking would propose a series of unrelated revisions to 49 CFR part 239. These proposed revisions would: (1) Create a definition for emergency response communication centers to ensure that railroad personnel who coordinate first responders receive control center employee training provided by part 239; (2) require railroads develop procedures to promote the safe evacuation of disabled passengers; (3) make the FRA emergency preparedness plan approval process more efficient; and (4) create new testing and inspection requirements for railroads covered by part 239. These revisions are based on a recommendation made to FRA by the Railroad Safety Advisory Committee.

### 359. Roadway Worker Protection; Adjacent-Track On-Track Safety—Response to Petitions for Reconsideration

*Legal Authority:* 49 U.S.C. 20103  
*Abstract:* This rulemaking would respond to petitions for reconsideration of the final rule published on November 30, 2011. FRA received two petitions for reconsideration of the final rule from railroad industry organizations. The first petition raised concern with the final rule's cost-benefit analysis and requested several amendments to the final rule to lessen the potential costs.

The second petition discussed the final rule's potential impact on passenger train service/resultant costs and requested an amendment to the final rule to allow passenger trains to travel at higher speeds when passing maintenance of way work zones implicated by the rulemaking. This Final Rule will make amendments to the original Adjacent-Track On-Track Safety Final Rule.

**360. • Telephonic Notification at Grade Crossings—Response to Petitions for Reconsideration**

*Legal Authority:* 28 U.S.C. 2461, note; 49 CFR 1.49; 49 U.S.C. 20103; 49 U.S.C. 20107; 49 U.S.C. 20152; 49 U.S.C. 21301; 49 U.S.C. 21304; 49 U.S.C. 21311; 49 U.S.C. 22501, note; Pub. L. 110-432, Div. sec 202, 205

*Abstract:* The rulemaking would respond to petitions for reconsideration of the final rule published June 12, 2012. This final rule will make amendments to the original Systems for Telephonic Notification of Unsafe Conditions at Highway-Rail and Pathway Grade Crossings Final Rule. Amendments will be made to certain compliance dates, signage, and third-party telephone service requirements.

**361. • Locomotive Safety Standards Amendments—Response to Petitions for Reconsideration**

*Legal Authority:* 49 U.S.C. 20701

*Abstract:* This rulemaking would amend and clarify certain sections of the Locomotive Safety Standards final rule that was issued on April 9, 2012. In response to eight petitions for reconsideration of the final rule, this rulemaking would amend and clarify the requirements related to remote control locomotives (RCL), locomotive alerters, and locomotive electronics. This rulemaking would also clarify how to properly record the air flow method calibration date and the duration of the audio indication for RCL.

*Pipeline and Hazardous Materials Safety Administration (PHMSA)*

Proposed Rule Stage

**362. +Pipeline Safety: Safety of On-Shore Liquid Hazardous Pipelines**

*Legal Authority:* 49 U.S.C. 60101 *et seq.*

*Abstract:* This rulemaking would establish effective procedures that hazardous liquid operators can use to improve the protection of High Consequence Areas (HCA) and other vulnerable areas along their hazardous liquid onshore pipelines. PHMSA is considering whether changes are needed to the existing regulations covering hazardous liquid onshore pipelines, whether other areas should be included as HCAs for integrity management (IM) protections, what the repair timeframes should be for areas outside the HCAs that are assessed as part of the IM program, whether leak detection standards are necessary, valve spacing requirements are needed on new construction or existing pipelines, and PHMSA should extend regulation to certain pipelines currently exempt from regulation. The agency would also address the public safety and environmental aspects any new

requirements, as well as the cost implications and regulatory burden.

**DEPARTMENT OF TRANSPORTATION (DOT)**

*Pipeline and Hazardous Materials Safety Administration (PHMSA)*

Final Rule Stage

**364. +Hazardous Materials: Revisions to Requirements for the Transportation of Lithium Batteries**

*Legal Authority:* 49 U.S.C. 5101 *et seq.*

*Abstract:* This rulemaking would amend the Hazardous Materials Regulations to comprehensively address the safe transportation of lithium cells and batteries. The intent of the rulemaking is to strengthen the current regulatory framework by imposing more effective safeguards, including design testing to address risks related to internal short circuits, and enhanced packaging, hazard communication, and operational measures for various types and sizes of lithium batteries in specific transportation contexts. The rulemaking would respond to several recommendations issued by the National Transportation Safety Board.

**365. Hazardous Materials: Miscellaneous Amendments (RRR) (Section 610 Review)**

*Legal Authority:* 49 U.S.C. 5101 *et seq.*

*Abstract:* This rulemaking would update and clarify existing requirements by incorporating changes into the Hazardous Materials Regulations (HMR) based on PHMSA's own initiatives through an extensive review of the HMR and previously issued letters of

interpretation. Specifically, among other provisions, PHMSA would provide for the continued use of approvals until final administrative action is taken, when a correct and completed application for approval renewal was received 60 days prior to expiration date; update various entries in the hazardous materials table and the corresponding special provisions; clarify the lab pack requirements for temperature controlled materials; correct an error in the HMR with regard to the inspection of cargo tank motor vehicles containing corrosive materials; and revise the training requirements to require that hazardous materials employers ensure their hazardous materials employee training records are available upon request to an authorized official of the Department of Transportation or the Department of Homeland Security.

**DEPARTMENT OF TRANSPORTATION (DOT)**

*Maritime Administration (MARAD)*

Long-Term Actions

**366. +Regulations To Be Followed by All Departments, Agencies and Shippers Having Responsibility To Provide a Preference for U.S.-Flag Vessels in the Shipment of Cargoes on Ocean Vessels (RRR)**

*Legal Authority:* 49 CFR 1.66; 46 app U.S.C. 1101; 46 app U.S.C. 1241; 46 U.S.C. 2302(e)(1); Pub. L. 91-469

*Abstract:* This rulemaking would revise and clarify the Cargo Preference rules that have not been revised substantially since 1971. Revisions would include an updated purpose and definitions section along with the removal of obsolete provisions. This rulemaking also would establish a new Part 383 to implement the Cargo Preference regulations. This rulemaking would cover Public Law 110-417, section 3511, National Defense Authorization Act for FY2009 changes to the cargo preference rules. The rulemaking also would include compromise, assessment, mitigation, settlement, and collection of civil penalties. Originally the agency had two separate rulemakings in process under RIN 2133-AB74 and 2133-AB75. RIN 2133-AB74 would have revised existing regulations and RIN 2133-AB75 would have established a new part 383: Guidance and Civil Penalties and implement Public Law 110-417, section 3511, National Defense Authorization Act for FY 2009. MARAD has decided it would be more efficient to merge both efforts under one; RIN 2133-AB75 has been merged with this action.
