

Proposed Rules

Federal Register

Vol. 76, No. 15

Monday, January 24, 2011

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Parts 52 and 70

[EPA-R07-OAR-2010-0176; FRL-9248-5]

Approval and Promulgation of Implementation Plans and Operating Permits Program; State of Missouri

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve a revision to Missouri's State Implementation Plan (SIP) and Operating Permits Program. EPA is proposing to approve the rescission of initial compliance dates in the Missouri SIP. These requirements were established more than thirty years ago and are obsolete. EPA is also proposing to approve revisions to the Operating Permits Program to change the reporting threshold for small sources and remove references to the requirement to annually set the emission fee. Approval of these revisions will ensure consistency between the State and the Federally-approved rules.

DATES: Comments on this proposed action must be received in writing by February 23, 2011.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-R07-OAR-2010-0176, by mail to Chrissy Wolfersberger, Environmental Protection Agency, Air Planning and Development Branch, 901 North 5th Street, Kansas City, Kansas 66101. Comments may also be submitted electronically or through hand delivery/courier by following the detailed instructions in the **ADDRESSES** section of the direct final rule located in the rules section of this **Federal Register**.

FOR FURTHER INFORMATION CONTACT: Chrissy Wolfersberger at (913) 551-7864 or by e-mail at Wolfersberger.chris@epa.gov.

SUPPLEMENTARY INFORMATION: In the final rules section of the **Federal Register**, EPA is approving the State's

SIP and Operating Permits Program revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision amendment and anticipates no relevant adverse comments to this action. A detailed rationale for the approval is set forth in the direct final rule. If no relevant adverse comments are received in response to this action, no further activity is contemplated in relation to this action. If EPA receives relevant adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed action. EPA will not institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time. Please note that if EPA receives adverse comment on part of this rule and if that part can be severed from the remainder of the rule, EPA may adopt as final those parts of the rule that are not the subject of an adverse comment. For additional information, see the direct final rule which is located in the rules section of this **Federal Register**.

Dated: December 27, 2010.

Karl Brooks,

Regional Administrator, Region 7.

National Oceanic and Atmospheric Administration

50 CFR Part 622

[Docket No. 110103005-1005-01]

RIN 0648-BA48

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Reef Fish Fishery of the Gulf of Mexico; Greater Amberjack Management Measures

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Proposed rule; request for comments.

SUMMARY: NMFS issues this proposed rule that would implement a regulatory amendment to the Fishery Management

Plan for the Reef Fish Resources of the Gulf of Mexico (FMP) prepared by the Gulf of Mexico Fishery Management Council (Council). This proposed rule would establish a June through July seasonal closure of the recreational sector for greater amberjack in or from the Gulf of Mexico (Gulf) exclusive economic zone (EEZ). The intended effect of the proposed rule is to maintain the rebuilding plan targets for the overfished greater amberjack resource, reduce the likelihood of exceeding the recreational quota for greater amberjack, minimize in-season quota closures for greater amberjack during peak recreational fishing months, and increase social and economic benefits for Gulf recreational fishers by maximizing the number of fishing days available to the recreation sector. This rule also proposes revisions to the codified text to clarify the definition of a venting device used to deflate the abdominal cavity of a Gulf reef fish.

DATES: Written comments must be received on or before February 23, 2011.

ADDRESSES: You may submit comments on the proposed rule identified by 0648-BA48 by any of the following methods:

- **Electronic submissions:** Submit electronic comments via the Federal e-Rulemaking Portal: <http://www.regulations.gov>. Follow the instructions for submitting comments.
- **Mail:** Rich Malinowski, Southeast Regional Office, NMFS, 263 13th Avenue South, St. Petersburg, FL 33701.

Instructions: No comments will be posted for public viewing until after the comment period has closed. All comments received are a part of the public record and will generally be posted to <http://www.regulations.gov> without change. All Personal Identifying Information (for example, name, address, etc.) voluntarily submitted by the commenter may be publicly accessible. Do not submit Confidential Business Information or otherwise sensitive or protected information.

To submit comments through the Federal e-rulemaking portal: <http://www.regulations.gov>, enter "NOAA-NMFS-2010-0281" in the keyword search, then check the box labeled "Select to find documents accepting comments or submissions", then select "Send a comment or submission". NMFS will accept anonymous comments (enter N/A in the required
