SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995 (PRA, 44 U.S.C. 3501 *et seq.*) and 5 CFR 1320.8(d)(1), we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

A **Federal Register** notice with a 60-day public comment period soliciting comments on this collection of information was published on September 12, 2022 (87 FR 55839). No comments were received.

As part of our continuing effort to reduce paperwork and respondent burdens, we are again soliciting comments from the public and other Federal agencies on the proposed ICR that is described below. We are especially interested in public comment addressing the following:

- (1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;
- (2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;
- (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and
- (4) How might the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of

information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: Section 418, Public Law 105-391 (54 U.S.C. 101925) gives the Secretary of the Interior the authority to authorize a private person, corporation, or other entity to provide services to visitors in units of the National Park System through a Commercial Use Authorization (CUA). The NPS authorizes commercial operations that originate and operate entirely within a park; commercial operations that provide services originating and terminating outside of the park boundaries; noncommercial organized children's camps, outdoor clubs, and nonprofit institutions; and other uses as the Secretary determines appropriate. The NPS Commercial Use Authorization Program uses forms 10-550, 10-550s, 10-660, and 10-660A to:

- Manage the program and operations.
- Determine the qualifications and abilities of the commercial operators to provide high-quality, safe, and enjoyable experiences for park visitors.
- Determine the impact on the park's natural and cultural resources.
- Manage the use and impact of multiple operators.

The information is used to evaluate requests and determine the suitability of the applicants to provide an appropriate service safely and effectively to the visiting public.

Notice of Inventory Completion: New Jersey State Museum, Trenton, NJ

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the New Jersey State Museum has completed an inventory of human remains and has determined that there is a cultural affiliation between the human remains and Indian Tribes or Native Hawaiian organizations in this notice. The human remains were removed from Monmouth County, NJ.

DATES: Repatriation of the human remains in this notice may occur on or after April 28, 2023.

ADDRESSES: Dr. Gregory D. Lattanzi, New Jersey State Museum, 205 West State Street, Trenton, NJ 08625, telephone (609) 984-9327, email gregory.lattanzi@sos.nj.gov.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the New Jersey State Museum. The National Park Service is not responsible for the determinations in this notice. Additional information on the determinations in this notice, including the results of consultation, can be found

in the inventory or related records held by the New Jersey State Museum.

Description

Human remains representing, at minimum, one individual were removed from Monmouth County, NJ. In May of 2020, the Executive Director of the New Jersey State Museum received a package mailed from Tennessee. Inside the package were a letter and a partial cranium. At the time, the State Museum was shut down because of Covid-19, and the package remained secure in the director's office. Close to two years later, when the State Museum reopened, the Executive Director presented Dr. Gregory Lattanzi with both the ancestral remains and the accompanying letter. These ancestral remains had been discovered and identified in a residential homeowner's backyard in 1964, during construction in the Town of Keansburg, in Monmouth County, NJ. After the homeowner contacted the Geology Department at Rutgers University (the Anthropology Department had not yet been established), Dr. Bennett Smith and students from Rutgers excavated the ancestral remains. One of the students kept the partial cranium until May of 2020, when he mailed it to the New Jersey State Museum.

Further communication with the individual who had mailed the letter and the ancestral remains revealed that, initially, a complete skeleton had been uncovered along with associated funerary objects and that this collection had been brought back to Rutgers University but that, once back at the University, almost all the ancestral remains were discarded except for the partial cranium now located in the New Jersey State Museum. No known individual was identified. No associated funerary objects are present.

Cultural Affiliation

The human remains in this notice are connected to one or more identifiable earlier groups, tribes, peoples, or cultures. There is a relationship of shared group identity between the identifiable earlier groups, tribes, peoples, or cultures and one or more Indian Tribes or Native Hawaiian organizations. The following types of information were used to reasonably trace the relationship: archeological and historical.

Determinations

Pursuant to NAGPRA and its implementing regulations, and after consultation with the appropriate Indian Tribes and Native Hawaiian

organizations, the New Jersey State Museum has determined that:

- The human remains described in this notice represent the physical remains of one individual of Native American ancestry.
- There is a relationship of shared group identity that can be reasonably traced between the human remains described in this notice and the Delaware Nation, Oklahoma; Delaware Tribe of Indians; and the Stockbridge Munsee Community, Wisconsin.

Requests for Repatriation

Written requests for repatriation of the human remains in this notice must be sent to the Responsible Official identified in **ADDRESSES**. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the human remains in this notice to a requestor may occur on or after April 28, 2023. If competing requests for repatriation are received, the New Jersey State Museum must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains are considered a single request and not competing requests. The New Jersey State Museum is responsible for sending a copy of this notice to the Indian Tribes identified in this notice.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3003, and the implementing regulations, 43 CFR 10.9, 10.10, and 10.14.

Dated: March 22, 2023.

Melanie O'Brien,

Manager, National NAGPRA Program.
