Availability of Seats for the Hawaiian Islands Humpback Whale National Marine Sanctuary Advisory Council

AGENCY: Office of National Marine Sanctuaries (ONMS), National Ocean Service (NOS), National Oceanic and Atmospheric Administration, Department of Commerce (DOC).

ACTION: Notice and request for applications.

SUMMARY: The Hawaiian Islands Humpback Whale National Marine Sanctuary (HIHWNMS or sanctuary) is seeking applicants for both primary and alternate members of the following seats on its Sanctuary Advisory Council (council): Business/Commerce, Citizen-

At-Large, Commercial Shipping, Conservation, Ocean Recreation, Tourism, and Whale Watching. The HIHWNMS is also seeking applicants for alternate members of the Native Hawaiian seat and the Fishing seat. Applicants are chosen based upon their particular expertise and experience in relation to the seat for which they are applying; community and professional affiliations; philosophy regarding the protection and management of marine resources; and possibly the length of residence in the area affected by the Sanctuary. Applicants who are chosen as members should expect to serve 2-year terms, pursuant to the Council's Charter with the exception of the Native Hawaiian and Fishing seat alternates who will serve 1-yr terms.

DATES: Applications are due by November 15, 2008.

ADDRESSES: Application kits may be obtained from Christine Brammer, 6600 Kalaniana'ole Hwy., Suite 301, Honolulu, HI 96825 or Christine.Brammer@noaa.gov. Completed applications should be sent to the same address. Applications are also available online at <http://hawaiihihumpbackwhale.noaa.gov>.

FOR FURTHER INFORMATION CONTACT: Naomi McIntosh, 6600 Kalaniana'ole Hwy., Suite 301, Honolulu, HI 96825 or Naomi.McIntosh@noaa.gov or 808.397.2651.

SUPPLEMENTARY INFORMATION: The HIHWNMS Advisory Council was established in March 1996 to assure continued public participation in the management of the sanctuary. Since its establishment, the council has played a vital role in the decisions affecting the Sanctuary surrounding the main Hawaiian Islands.

The council's 17 voting members represent a variety of local user groups, as well as the general public.

The council is supported by three committees: A Research Committee chaired by the Research Representative, an Education Committee chaired by the Education Representative, and a Conservation Committee chaired by the Conservation Representative, each respectively dealing with matters concerning research, education and resource protection.

The council represents the coordination link between the sanctuary and the state and federal management agencies, user groups, researchers, educators, policy makers, and other various groups that help to focus efforts and attention on the humpback whale and its habitat around the main Hawaiian Islands.

The council functions in an advisory capacity to the sanctuary management and is instrumental in helping to develop policies and program goals, and to identify education, outreach, research, long-term monitoring, resource protection and revenue enhancement priorities. The council works in concert with the sanctuary management by keeping him or her informed about issues of concern throughout the sanctuary, offering recommendations on specific issues, and aiding in achieving the goals of the sanctuary within the context of Hawai'i's marine programs and policies.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Competes Act of 2007 abolished the Technology Administration of the Department of Commerce as of August 9, 2007 (sec. 3002). The administration and nomination processing for the National Medal of Technology has been officially transferred by the Commerce Secretary to the United States Patent and Trademark Office (USPTO).

The USPTO is requesting the approval of the new version of the former Technology Administration's nomination form to be officially incorporated into the USPTO information collection inventory.

The National Medal of Technology is the highest honor awarded by the President of the United States to America's leading innovators. Established by an Act of Congress in 1980, the Medal of Technology was first awarded in 1985. The Medal is given annually to individuals, teams, and/or companies/divisions for their outstanding contributions to the Nation's economic, environmental and social well-being through the development and commercialization of technology products, processes and concepts, technological innovation, and development of the Nation's technological manpower.

The purpose of the National Medal of Technology is to recognize those who have made lasting contributions to America's competitiveness, standard of living, and quality of life through technological innovation, and to recognize those who have made substantial contributions to strengthening the Nation's technological workforce. By highlighting the national importance of technological innovation, the Medal also seeks to inspire future generations of Americans to prepare for and pursue technical careers to keep America at the forefront of global technology and economic leadership.

The National Medal of Technology and Innovation Nomination Evaluation Committee, a distinguished, independent committee appointed by the Secretary of Commerce, reviews and evaluates the merit of all candidates nominated through an open, competitive solicitation process. The committee makes its recommendations for Medal candidates to the Secretary of Commerce, who in turn makes recommendations to the President for final selection. The National Medal of Technology and Innovation Laureates are announced by the White House and the Department of Commerce once the Medalists are notified of their selection.

The public uses the National Medal of Technology and Innovation Nomination Application to recognize through nomination an individual's or company's extraordinary leadership and innovation in technological achievement. The application must be accompanied by six letters of recommendation or support from individuals who have first-hand knowledge of the cited achievement(s).

II. Method of Collection

The nomination application and instructions can be downloaded from the USPTO Web site. Nomination files should be submitted by electronic mail. Alternatively, letters of recommendation may be sent by electronic mail, fax or overnight delivery.
