Frontseating Service Valves From the People's Republic of China: Extension of Time for the Preliminary Results of the Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* January 7, 2011.

FOR FURTHER INFORMATION CONTACT: Laurel LaCivita, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-4243.

SUPPLEMENTARY INFORMATION:

Background

On May 28, 2010, the Department of Commerce ("the Department") published in the **Federal Register** a notice of initiation of an administrative review of the antidumping duty order on frontseating service valves for Zhejiang Sanhua Co., Ltd. and Zhejiang DunAn Hetian Metal Co., Ltd. for the period October 22, 2008, through March 31, 2010.¹ Currently, the preliminary results

of review are due no later than December 31, 2010. Because December 31, 2010, falls on a Federal holiday, a non-business day, the deadline for the preliminary results reverts to January 3, 2011, the next business day following the Federal holiday.²

Extension of Time Limit of Preliminary Results

Pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), the Department shall make a preliminary determination in an administrative review of an antidumping duty order within 245 days after the last day of the anniversary month of the date of publication of the order. The Act further provides, however, that the Department may extend that 245-day period to 365 days if it determines it is not practicable to complete the review within the foregoing time period.

We determine that completion of the preliminary results of this review within the 245-day period is not practicable because the Department requires additional time to analyze information pertaining to the respondent's sales practices, factors of production, and to issue and review responses to supplemental questionnaires. Therefore, we require additional time to complete these preliminary results. As a result, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time period for completion of the preliminary results of this review by 120 days until April 30, 2011. However, April 30, 2011, falls on a weekend, and it is the Department's long-standing practice to issue a determination on the next business day when the statutory deadline falls on a weekend.³ Accordingly, the deadline for completion of the preliminary results of the review is now no later than May 2, 2011.

This notice is published in accordance with sections 751(a)(3)(A) and 777(i) of the Act.

Dated: December 30, 2010.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Polyethylene Terephthalate Film, Sheet, and Strip From the Republic of Korea: Final Results of the Expedited Third Five-Year (Sunset) Review of the Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On September 1, 2010, the Department of Commerce (the Department) initiated the third sunset review of the antidumping duty order on polyethylene terephthalate film, sheet, and strip from the Republic of Korea, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). The Department has conducted an expedited (120-day) sunset review pursuant to 19 CFR

351.218(e)(1)(ii)(C)(2). As a result of this sunset review, the Department finds that revocation of the antidumping duty order would be likely to lead to continuation or recurrence of dumping at the levels indicated in the "Final Results of Review" section of this notice.

FOR FURTHER INFORMATION CONTACT:

Contact Tyler Weinhold or Robert James, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-1121, or (202) 482-0649, respectively.

SUPPLEMENTARY INFORMATION

Background

On September 1, 2010, the Department initiated the third sunset review of the antidumping duty order on polyethylene terephthalate film, sheet, and strip from the Republic of Korea, pursuant to section 751(c) of the Act. See *Initiation of Five-Year ("Sunset") Review*, 75 FR 53664 (September 1, 2010) (*Notice of Initiation*).

The Department received a notice of intent to participate from DuPont Teijin Films, Mitsubishi Polyester Film, Inc., SKC, Inc., and Toray Plastics (America), Inc. (collectively, "petitioners" or "domestic interested parties"), within the deadline specified in 19 CFR 351.218(d)(1)(i). The petitioners claimed domestic interested party status under section 771(9)(C) of the Act stating that they are producers in the United States of a domestic like product.

The Department received a response to the *Notice of Initiation* from the

domestic interested parties on October 1, 2010, within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i). On October 20, 2010, the domestic interested parties submitted a correction to their response, correcting certain inaccuracies. We received no substantive responses from respondent interested parties. We determined the response of the domestic interested parties to be an adequate substantive response in accordance with 19 CFR 351.218(d)(3). As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), the Department conducted an expedited (120-day) sunset review of the antidumping duty order on polyethylene terephthalate film, sheet, and strip from the Republic of Korea.

Scope of the Order

Imports covered by the order are shipments of all gauges of raw, pretreated, or primed polyethylene terephthalate film, sheet, and strip, whether extruded or coextruded. The films excluded from this review are metallized films and other finished films that have had at least one of their surfaces modified by the application of a performance-enhancing resinous or inorganic layer more than 0.00001 inches (0.254 micrometers) thick.

Polyethylene terephthalate film, sheet, and strip is currently classifiable under Harmonized Tariff Schedule of the United States (HTSUS) subheading 3920.62.00. The HTSUS subheading is provided for convenience and for customs purposes. The written description remains dispositive as to the scope of the product coverage.

Analysis of Comments Received

All issues raised in this sunset review are addressed in "Issues and Decision Memorandum for the Final Results of Expedited Third Sunset Review of the Antidumping Duty Order on Polyethylene Terephthalate Film, Sheet, and Strip from the Republic of Korea" from Edward C. Yang, Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Ronald K. Lorentzen, Deputy Assistant Secretary for Import Administration (Issues and Decision Memorandum), which is hereby adopted by, and issued concurrently with, this notice. The issues discussed in the Issues and Decision Memorandum are the likelihood of continuation or recurrence of dumping and the magnitude of the margins likely to prevail if the order was revoked. Parties can find a complete discussion of all issues raised in this review and the corresponding recommendations in this public

memorandum which is on file in the Central Records Unit, room 7046 of the main Commerce Department building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the Web at <http://ia.ita.doc.gov/frn>. The paper copy and electronic version of the Issues and Decision Memorandum are identical in content.

Final Results of Review

We determine that revocation of the antidumping duty order on polyethylene terephthalate film, sheet and strip from the Republic of Korea would be likely to lead to continuation or recurrence of dumping at the following weighted-average percentage margins:

Manufacturers/Exporters/ Producers	Weighted- average margin (percent)
SKC Limited	13.92
All Others	21.50

These dumping margins are from the Less-Than-Fair-Value Investigation, as amended pursuant to remand in *E.I. duPont de Nemours & Co., Inc. v. United States*, 954 F. Supp. 263 (CIT 1997). See *Polyethylene Terephthalate Film, Sheet, and Strip From the Republic of Korea; Notice of Final Court Decision and Amended Final Determination of Antidumping Duty Investigation*, 62 FR 50557 (September 26, 1997).

Notification to Interested Parties

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of the return or destruction of APO materials or conversion to judicial protective orders is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing the results and notice in accordance with sections 751(c), 752(c), and 777(i)(1) of the Act.

Dated: December 29, 2010.

Edward C. Yang,

Acting Deputy Assistant Secretary for Import Administration.

Electroshock Weapons Test and Measurement Workshop

AGENCY: National Institute of Standards and Technology (NIST), United States Department of Commerce.

ACTION: Notice of public meeting.

SUMMARY: NIST invites stakeholders (manufacturers, law enforcement, corrections, academia, military, test instrument manufacturers, etc.) of electroshock weapons that provide stand-off delivery of an electric shock to attend a public meeting. The purpose of the meeting is to discuss the need for standardized methods of testing the proper operation and performance of ESWs as well as other issues important to the stakeholder community. Attendance is limited to 45 and registration will be conducted on a first-come first-served basis. Teleconferencing will also be available and also requires pre-registration.

DATES: The public meeting will be held on Friday, 21 January 2011 from 0900 to 1700.

ADDRESSES: The public meeting will be held at NIST, 100 Bureau Drive, Gaithersburg, MD. Information on accommodations, location, and travel can be found at: http://www.nist.gov/public_affairs/visitor/visitor.htm. Please note admittance and teleconference participation instructions under the **SUPPLEMENTARY INFORMATION** section of this notice.

FOR FURTHER INFORMATION CONTACT: Cindy Stanley at 301-975-2756 or by e-mail at cindy.stanley@nist.gov.

SUPPLEMENTARY INFORMATION: To support the development of rigorous performance requirements for electroshock weapons, the Law Enforcement Standards Office (OLES) at NIST has developed methods to measure the current and high-voltage output of these weapons, to calibrate these measurement methods, and to compute measurement uncertainties.

All visitors to the NIST site are required to pre-register to be admitted. Anyone wishing to attend this meeting must register by close of business Friday, 14 January 2011. Please contact Cindy Stanley with your interest to participate and, pending availability of space, she will provide you with instructions for admittance. Non-U.S. citizens must also complete form NIST 1260, which can be requested from Cindy Stanley. Cindy Stanley's e-mail
