

Brazil.⁶ The merchandise subject to this order is currently classifiable under subheadings 4002.19.0015 and 4002.19.0019 of the Harmonized Tariff Schedule of the United States (HTSUS). ESB rubber is described by Chemical Abstract Services (CAS) Registry No. 9003-55-8. This CAS number also refers to other types of styrene butadiene rubber. Although the HTSUS subheadings and CAS registry number are provided for convenience and customs purposes, the written description of the scope of this *Order* is dispositive.⁷

Use of Adverse Facts Available

Pursuant to sections 776(a) and (b) of the Act, Commerce continues to base ARLANXEO Brasil's dumping margin on total AFA, because it withheld requested information by declining to respond to our initial questionnaire.⁸ We have continued to use an AFA rate of 67.99 percent, which is the highest dumping margin alleged in the petition.⁹

Final Results of Review

As noted above, Commerce received no comments concerning the *Preliminary Results*. As there are no changes from, or comments upon, the *Preliminary Results*, Commerce finds that there is no reason to modify its analysis and calculations. Accordingly, we adopt the analysis and explanation in our *Preliminary Results* for the purposes of these final results of review and we have not prepared an Issues and Decision Memorandum to accompany this **Federal Register** notice.

As a result of this review, Commerce determines that the following weighted-average dumping margin exists for the period September 1, 2019, through August 31, 2020:

Exporter/producer	Weighted-average margin (percent)
ARLANXEO Brasil S.A.	67.99

Disclosure

Normally, Commerce discloses to interested parties the calculations performed in connection with the final results of an administrative review within five days of its public announcement or, if there is no public

announcement, within five days of the date of publication of the notice of final results in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, because Commerce applied total AFA to the mandatory respondent under review in accordance with section 776 of the Act, there are no calculations to disclose.

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review. Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for ARLANXEO Brasil S.A. will be equal to the rate listed for ARLANXEO Brasil in the table above; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior segment of this proceeding, the cash deposit will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the company participated; (3) if the exporter is not a firm covered in this review or the original less-than-fair-value (LTFV) investigation, but the producer is, then the cash deposit rate will be the rate established for the most recently completed segment for the producer of the subject merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 19.61 percent *ad valorem*, the all-others cash deposit rate established in the LTFV investigation.¹⁰ These cash deposit

requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Orders

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing these results of administrative review in accordance with sections 751(a) and 777(i) of the Act and 19 CFR 351.221(b)(5).

Dated: September 20, 2021.

Agency: National Oceanic and Atmospheric Administration, Commerce.

Title: StormReady, TsunamiReady, StormReady Supporter, and StormReady Supporter Application Forms.

OMB Control Number: 0648–0419.

Form Number(s): None.

Type of Request: Regular submission (extension of a current information collection).

Number of Respondents: 285.

Average Hours per Response: StormReady/TsunamiReady applications: 2 hours; StormReady/TsunamiReady Supporter applications: 1 hour.

Total Annual Burden Hours: 525.

Needs and Uses: This is a request for extension of an existing information collection.

The National Weather Service (NWS) established the StormReady program in 1999 and the TsunamiReady program in 2002 to help communities, counties, Indian nations, universities and colleges, military bases, government sites, commercial enterprises and other groups reduce the potential for weather-related and tsunami hazards through advanced planning, education and awareness. The program encourages communities to take a new, proactive approach to improving local hazardous weather operations by providing emergency managers with clear-cut guidelines on how to improve their hazardous weather operations. By participating in this program, local agencies earn recognition for their jurisdiction by meeting guidelines established by the NWS in partnership with federal, state, and local emergency management professionals. Information and details on the StormReady and TsunamiReady programs are located at <https://www.weather.gov/stormready/> and <https://www.weather.gov/tsunamiready/>.

A Supporter is an organization, business, facility, or local government entity actively engaged in weather safety and preparedness that is unable to meet

all the requirements of the full StormReady or TsunamiReady program. Sites may be eligible based on the bylaws of the local NWS StormReady Advisory Board and endorsement of local emergency management. A local StormReady Advisory Board has final approval for Supporter designation.

StormReady/TsunamiReady are voluntary programs that provide guidance and incentive to officials interested in improving their hazardous weather operations. The government will use the information collected by the StormReady/TsunamiReady application to determine whether a community has met all of the guidelines to receive StormReady/TsunamiReady recognition.

Affected Public: Business or other for profit organizations; not-for-profit institutions.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function and entering either the title of the collection or the OMB Control Number 0648–0419.
