Medicare Subsidy Quality Review Case Analysis Forms—20 CFR 418(b)(5)—0960-0707

Under the aegis of the Medicare Modernization Act of 2003, SSA will make Medicare Part D subsidy determinations for the Medicare Prescription Drug program for Medicare beneficiaries with limited income and resources. The subsidy determination is based on applicants' answers to questions about household size, income, and resources. This information is self-reported by applicants using form OMB No. 0960-0696 (SSA-1020), and thus, SSA needs a way to determine if this form is being completed accurately and completely and a way to validate its determination decisions. To this end, SSA will use the new Medicare Quality Review system to check the accuracy of the determination. In this system, SSA will conduct phone interviews with selected applicants and will confirm information such as household size, income, and resources. A questionnaire and several other forms will be used as part of the Medicare Quality Review System. The collection instruments, their descriptions, and burden information are listed in the table below.

Note: This Notice is for the permanent approval of this collection, which was cleared by OMB temporarily through February 2006 as an emergency information collection.
