BILLING CODE 4164-01-P

DEPARTMENT OF STATE

22 CFR Part 181

[Public Notice 8921]

RIN 1400-AD53

Publication, Coordination, and Reporting of International Agreements

ACTION: Final rule.

SUMMARY: The Department of State ("Department") finalizes a proposed rule to add additional categories of international agreements to be exempted from the requirement to publish in the Treaties and Other International Acts Series (TIAS). The TIAS is the official treaty series of the United States and serves as evidence of the treaties, and international agreements other than treaties, in all courts of law and equity and of maritime jurisdiction, and in all the tribunals and public offices of the United States and of the several States, without any need of further proof or authentication. Certain international agreements may be exempted from publication in TIAS if the Department of State provides notice in its regulations. This rule adds three categories of international agreements that are not required to be published in TIAS.

DATES: This rule is effective on November 14, 2014.

FOR FURTHER INFORMATION CONTACT: Michael Mattler, Treaty Affairs, Office of the Legal Adviser, Department of State, Washington, DC 20520, (202) 647-1345, or at treatyoffice@state.gov.

SUPPLEMENTARY INFORMATION: Pursuant to 1 U.S.C. 112a, the Secretary of State is required to cause to be published annually a compilation of all treaties and international agreements to which the United States is a party that were signed, proclaimed, or "with reference to which any other final formality ha[d] been executed" during the calendar year.

The Secretary of State, however, may determine that publication of particular

categories of agreements is not required if certain criteria are met, which are listed in 1 U.S.C. 112a(b). The three categories of international agreements that are exempted by this rule (and which are now included in 22 CFR 181.8) are:

(1) Bilateral acquisition and cross servicing agreements and logistics support agreements governing the mutual exchange of logistics support, supplies and services with the military of certain countries or international organizations.

(2) Bilateral agreements relating to the provision of health care to military personnel on a reciprocal basis.

(3) Bilateral agreements for the reduction of intergovernmental debts.

Further description of these types of international agreements is included in the notice of proposed rulemaking. In addition to these changes, the Department amends 22 CFR 181.8(a)(9) to refer to the newer Executive Order dealing with classified information.

The Department of State received no comments on the proposed rule.
