[Transmittal No. 20–0M]

Arms Sales Notification

AGENCY: Defense Security Cooperation Agency, Department of Defense (DoD).

ACTION: Arms sales notice.

SUMMARY: The DoD is publishing the unclassified text of an arms sales notification.

FOR FURTHER INFORMATION CONTACT: Neil Hedlund at neil.g.hedlund.civ@mail.mil or (703) 697–9214.

SUPPLEMENTARY INFORMATION: This 36(b)(5)(C) arms sales notification is published to fulfill the requirements of section 155 of Public Law 104–164 dated July 21, 1996. The following is a copy of a letter to the Speaker of the House of Representatives with attached Transmittal 20–0M.

Dated: June 24, 2024.

Aaron T. Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 6001–FR–P

DEFENSE SECURITY COOPERATION AGENCY

2800 Defense Pentagon
Washington, DC 20301-2800

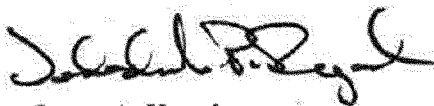

AUG 25 2022

The Honorable Nancy Pelosi
Speaker of the House
U.S. House of Representatives
H-209, The Capitol
Washington, DC 20515

Dear Madam Speaker:

Pursuant to the reporting requirements of Section 36(b)(5)(C) of the Arms Export Control Act (AECA), as amended, we are forwarding Transmittal No. 20-0M. This notification relates to enhancements or upgrades from the level of sensitivity of technology or capability described in the Section 36(b)(1) AECA certification 15-51 of November 4, 2015.

Sincerely,

for 
James A. Hursch
Director

Enclosures:

1. Transmittal
2. Regional Balance (Classified document provided under separate cover)

BILLING CODE 6001-FR-C

Transmittal No. 20-0M

*REPORT OF ENHANCEMENT OR
UPGRADE OF SENSITIVITY OF
TECHNOLOGY OR CAPABILITY (SEC.
36(B)(5)(C), AECA)*

(i) *Purchaser:* Government of the
United Arab Emirates

(ii) *Sec. 36(b)(1), AECA Transmittal
No.:* 15-51 *Date:* November 4, 2015
Military Department: Air Force

(iii) *Description:* On November 4,
2015, Congress was notified by
Congressional certification transmittal
number 15-51, of the possible sale

under Section 36(b)(1) of the Arms
Export Control Act of three thousand
two hundred and fifty (3,250) GBU-
31V1 (KMU-556 Joint Direct Attack
Munitions (JDAM) kits); three thousand
two hundred and fifty (3,250) MK-84/
BLU-117 bombs; seven hundred and
fifty (750) GBU-31V3 (KMU-557 JDAM
kits); seven hundred and fifty (750)
BLU-109 bombs; one thousand (1,000)
GBU-12 Paveway II Laser Guided bomb
kits; one thousand and two (1,002) MK-
82/BLU-111 bombs; four thousand two
hundred and fifty (4,250) FMU-152
fuzes; two hundred and sixteen (216)
GBU-24 tail kits (BSU-84); non-MDE

related munitions items (fuzes and
bomb components), sustainment, and
support. The estimated total cost was
\$380 million, including \$365 million in
Major Defense Equipment (MDE).

This transmittal reports the addition
of eight hundred (800) GBU-56V1 Laser
Joint Direct Attack Munitions (LJDAM)
(consisting of eight hundred (800)
KMU-556 tail kits (MDE); eight hundred
(800) DSU-40 Laser Sensors (SME); and
eight hundred (800) Mk-84 bombs
(MDE)); two hundred (200) GBU-56V3
Laser JDAMs (consisting of two hundred
(200) KMU-557 tail kits (MDE); two
hundred (200) DSU-42 Laser Sensors

(SME); and two hundred (200) BLU-109 bombs (MDE)); three thousand (3,000) FMU-139 fuzes (MDE); and associated munitions support items. The total cost of the new MDE articles is \$69 million. Due to a reduction in other MDE items, the total MDE case value will remain \$365 million. The total estimated case value remains \$380 million.

(iv) *Significance*: This notification is being provided to report the inclusion of MDE items not previously notified. The UAE requested a reduction of Mk-84/BLU-117s and the addition of LJDAMs and fuzes so this proposed sale may include Mk-84/BLU-117s, LJDAMs, or a mix. The addition of the LJDAMs represents an increase in capability over what was previously notified. The proposed sale increases UAE's ability to achieve more exact targeting over a wide range of conditions and greater interoperability with the U.S. Air Force.

(v) *Justification*: The proposed sale will support the foreign policy and national security objectives of the United States by helping to improve the security of an important regional partner. The UAE continues to be a vital U.S. partner for political stability and economic progress in the Middle East.

(vi) *Sensitivity of Technology*: The GBU-56 Laser JDAM is a 2,000-pound JDAM with a DSU-40 or DSU-42 Laser Sensor. The LJDAM uses both Global Position System aided internal navigations and/or Laser guidance allowing rapid prosecution of fixed targets. The Laser Sensor also provides the additional capability to engage mobile targets. The DSU-40 Laser Sensor is attached to the MK-84 or BLU-117 bomb body, and the DSU-42 Laser Sensor is attached to the BLU-109 bomb body, which turns a standard GBU-31 JDAM into a GBU-56 Laser JDAM.

The highest level of classification of defense articles, components, and services included in this potential sale is SECRET.

(vii) *Date Report Delivered to Congress*: August 25, 2022.

BILLING CODE 6001-FR-P

DEPARTMENT OF DEFENSE

Office of the Secretary

Notice of Intent to Grant an Exclusive License; Kapalya, Inc.

AGENCY: National Security Agency, Department of Defense (DoD).

ACTION: Notice of intent.

SUMMARY: The National Security Agency hereby gives notice of its intent to grant

Kapalya, Inc. a revocable, non-assignable, exclusive, license to practice the following Government-Owned invention as described and claimed United States Patent Application Number, 17/937,216, Security System for Hardening a Digital System Against Malware and Method of Operation.

DATES: Anyone wishing to comment or object to the grant of this license has until July 15, 2024 to file in written form including evidence and argument that establish that the grant of the license would not be consistent with the requirements of 35 United States Code (U.S.C.) 209 and 37 Code of Federal Regulations (CFR) 404.7.

ADDRESSES: Written objections are to be filed with the National Security Agency Technology Transfer Program, 9800 Savage Road, Suite 6843, Fort George G. Meade, MD 20755-6843.

FOR FURTHER INFORMATION CONTACT: Linda L. Burger, Director, Technology Transfer Program, 9800 Savage Road, Suite 6843, Fort George G. Meade, MD 20755-6843, telephone (443) 634-3518.

SUPPLEMENTARY INFORMATION: The prospective exclusive license will comply with the terms and conditions of 35 U.S.C. 209 and 37 CFR 404.7. The patent rights in these inventions have been assigned to the United States Government as represented by the National Security Agency.

Dated: June 25, 2024.

Aaron T. Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

DEPARTMENT OF DEFENSE

Office of the Secretary

[Docket ID: DoD-2024-OS-0072]

Privacy Act of 1974; System of Records

AGENCY: Pentagon Force Protection Agency, Department of Defense (DoD).

ACTION: Notice of a modified system of records.

SUMMARY: In accordance with the Privacy Act of 1974, the DoD is modifying and reissuing a current system of records titled, "Pentagon Facilities Access Control System," DPFPA 01. This system of records was originally established by the Pentagon Force Protection Agency (PFPA) to collect and maintain a listing of personnel who are authorized to access Pentagon Facilities and verify the identity of approved individuals with

access to such facilities and offices. The system name is changing from "Pentagon Facilities Access Control System" to "Pentagon Facilities Access Control Records." This system of records notice (SORN) is being updated to expand the purpose for which the system of records was established and incorporate the DoD standard routines uses (A through J). The DoD is also modifying various other sections within the SORN to improve clarity or update information that has changed.

DATES: This system of records is effective upon publication; however, comments on the Routine Uses will be accepted on or before July 29, 2024. The Routine Uses are effective at the close of the comment period.

ADDRESSES: You may submit comments, identified by docket number and title, by either of the following methods:

* *Federal Rulemaking Portal*: <https://www.regulations.gov>. Follow the instructions for submitting comments.

* *Mail*: Department of Defense, Office of the Assistant to the Secretary of Defense for Privacy, Civil Liberties, and Transparency, Regulatory Directorate, 4800 Mark Center Drive, Attn: Mailbox 24, Suite 08D09, Alexandria, VA 22350-1700.

Instructions: All submissions received must include the agency name and docket number for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <https://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: Mr. Dajonte Holsey, Pentagon Force Protection Agency, Department of Defense, 9000 Defense Pentagon, Washington DC 20301-9000, (703) 571-2939.

SUPPLEMENTARY INFORMATION:

I. Background

The Pentagon Facilities Access Control Records are maintained by the Pentagon Facilities and used to maintain a listing of personnel who are authorized to access Pentagon Facilities and verify the identity of approved individuals with access to such facilities and offices. The system name is changing from "Pentagon Facilities Access Control System" to "Pentagon Facilities Access Control Records." Subject to public comment, the DoD is updating this SORN to add the standard DoD routine uses (routine uses A through J). Additionally, the following
