

ACTION: Notice of public hearing on proposed rulemaking.

SUMMARY: This document provides notice of public hearing on proposed regulations relating to the flat rate of withholding applicable to calculating the amount of income tax withholding on supplemental wages.

DATES: The public hearing is being held on Thursday, June 9, 2005, at 10 a.m. The IRS must receive outlines of the topics to be discussed at the hearing by Thursday, May 19, 2005.

ADDRESSES: The public hearing is being held in the Auditorium, Internal Revenue Service Building, 1111 Constitution Avenue, NW., Washington, DC. Due to building security procedures, visitors must enter at the Constitution Avenue entrance. In addition, all visitors must present photo identification to enter the building.

Mail outlines to: CC:PA:LPD:PR (REG-152945-04), Room 5203, Internal Revenue Service, POB 7604, Ben Franklin Station, Washington, DC 20044. Submissions may be hand delivered Monday through Friday between the hours of 8 a.m. and 4 p.m. to CC:PA:LPD:PR (REG-152945-04), Courier's Desk, Internal Revenue Service, 1111 Constitution Avenue, NW., Washington, DC. Submit outlines electronically to the IRS e-mail address notice.comments@irs.counsel.treas.gov.

FOR FURTHER INFORMATION CONTACT: Concerning submissions of comments, the hearing, and/or to be placed on the building access list to attend the hearing Treena Garrett, (202) 622-7180 (not a toll-free number).

SUPPLEMENTARY INFORMATION: The subject of the public hearing is the notice of proposed rulemaking (REG-152945-04) that was published in the **Federal Register** on Wednesday, January 5, 2005 (70 FR 767).

The rules of 26 CFR 601.601(a)(3) apply to the hearing. Persons who have submitted written or electronic comments and wish to present oral comments at the hearing must submit an outline of the topics to be discussed and the amount of time to be devoted to each topic (signed original and eight (8) copies) by May 19, 2005.

A period of 10 minutes is allotted to each person for presenting oral comments. After the deadline for receiving outlines has passed, the IRS will prepare an agenda containing the schedule of speakers. Copies of the agenda will be made available, free of charge, at the hearing. Because of access restrictions, the IRS will not admit visitors beyond the immediate entrance area more than 30 minutes before the

hearing starts. For information about having your name placed on the building access list to attend the hearing, see the **FOR FURTHER INFORMATION CONTACT** section of this document.

Cynthia E. Grigsby,

Acting Chief, Publications and Regulations Branch, Legal Processing Division, Associate Chief Counsel, (Procedures and Administration).

BILLING CODE 4830-01-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[R09-OAR-2005-CA-01; FRL-7900-4]

Revision to the California State Implementation Plan, Monterey Bay Unified Air Pollution Control District and San Joaquin Valley Unified Air Pollution Control District

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve revisions to the Monterey Bay Unified Air Pollution Control District (MBUAPCD) and San Joaquin Valley Unified Air Pollution Control District (SJVUAPCD) portions of the California State Implementation Plan (SIP). The revisions concern the emission of particulate matter (PM-10) from open outdoor burning and from incinerator burning. We are proposing to approve local rules that regulate these emission sources under the Clean Air Act as amended in 1990 (CAA or the Act).

DATES: Any comments on this proposal must arrive by May 25, 2005.

ADDRESSES: Submit comments, identified by docket number R09-OAR-2005-CA-01, by one of the following methods:

1. Agency Web site: <http://docket.epa.gov/rmepub/>. EPA prefers receiving comments through this electronic public docket and comment system. Follow the on-line instructions to submit comments.
2. Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the on-line instructions.
3. E-mail: steckel.andrew@epa.gov.
4. Mail or deliver: Andrew Steckel (Air-4), U.S. Environmental Protection Agency Region IX, 75 Hawthorne Street, San Francisco, CA 94105.

Instructions: All comments will be included in the public docket without change and may be made available

online at <http://docket.epa.gov/rmepub/>, including any personal information provided, unless the comment includes Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Information that you consider CBI or otherwise protected should be clearly identified as such and should not be submitted through the agency Web site, eRulemaking portal, or e-mail. The agency website and eRulemaking portal are "anonymous access" systems, and EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send e-mail directly to EPA, your e-mail address will be automatically captured and included as part of the public comment. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

Docket: The index to the docket for this action is available electronically at <http://docket.epa.gov/rmepub> and in hard copy at EPA Region IX, 75 Hawthorne Street, San Francisco, California. While all documents in the docket are listed in the index, some information may be publicly available only at the hard copy location (e.g., copyrighted material), and some may not be publicly available in either location (e.g., CBI). To inspect the hard copy materials, please schedule an appointment during normal business hours with the contact listed in the **FOR FURTHER INFORMATION CONTACT** section.

FOR FURTHER INFORMATION CONTACT: Al Petersen, Rulemaking Office (AIR-4), U.S. Environmental Protection Agency, Region IX, (415) 947-4118, petersen.alfred@epa.gov.

SUPPLEMENTARY INFORMATION: This proposal addresses the approval of local MBUAPCD Rules 408 and 438 and SJVUAPCD Rule 4103. In the Rules section of this **Federal Register**, we are approving these local rules in a direct final action without prior proposal because we believe these SIP revisions are not controversial. If we receive adverse comments, however, we will publish a timely withdrawal of the direct final rule and address the comments in subsequent action based on this proposed rule. Please note that if we receive adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, we may adopt as final those provisions of the rule that are not the subject of an adverse comment.

We do not plan to open a second comment period, so anyone interested in commenting should do so at this

time. If we do not receive adverse comments, no further activity is planned. For further information, please see the direct final action.

Dated: March 29, 2005.

Wayne Nastri,

Regional Administrator, Region IX.

BILLING CODE 6560–50–P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 261

[R5–GMJA–05; SW–FRL–7903–4]

Hazardous Waste Management System; Identification and Listing of Hazardous Waste Proposed Exclusion

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA (also, “the Agency” or “we” in this preamble) is proposing to grant a petition to exclude or “delist” wastewater treatment sludge from conversion coating on aluminum generated by the General Motors Corporation (GM) Janesville Truck Assembly Plant (JTAP) in Janesville, Wisconsin from the requirements of hazardous waste regulations under the Resource Conservation and Recovery Act (RCRA). This proposed exclusion, if finalized, conditionally excludes the petitioned waste from the requirements of hazardous waste regulations under RCRA.

This petition was evaluated in a manner similar to the expedited process developed as a special project in conjunction with the Michigan Department of Environmental Quality (MDEQ) for delisting similar wastes generated by a similar manufacturing process. Based on an evaluation of waste-specific information provided by GM, we have tentatively concluded that the petitioned waste from JTAP is nonhazardous with respect to the original listing criteria and that there are no other factors which would cause the waste to be hazardous. This exclusion, if finalized, would be valid only when the sludge is disposed of in a Subtitle D landfill which is permitted, licensed, or registered by a State to manage industrial solid waste.

DATES: We will accept public comments on this proposed rule until June 9, 2005.

ADDRESSES: Please send two copies of your comments to Judy Kleiman, Waste Management Branch (DW–8J), Environmental Protection Agency, 77 W. Jackson Blvd., Chicago, Illinois

60604. We will stamp comments postmarked after the close of the comment period as “late.” These “late” comments may not be considered in formulating a final decision. Any person may request a hearing on this proposed decision by filing a request with Margaret Guerriero, Director, Waste, Pesticides and Toxics Division, Environmental Protection Agency, 77 W. Jackson Blvd., Chicago, Illinois 60604. Your request for a hearing must reach EPA by May 10, 2005. The request must contain the information prescribed in Title 40 Code of Federal Regulations (40 CFR) 260.20(d).

FOR FURTHER INFORMATION CONTACT: The RCRA regulatory docket for this proposed rule, number R5–GMJA–04, is located at EPA Region 5, 77 W. Jackson Blvd., Chicago, IL 60604, and is available for viewing from 8 a.m. to 4 p.m., Monday through Friday, excluding Federal holidays. The public may copy material from the regulatory docket at \$0.15 per page. For further technical information concerning this document or for appointments to view the docket, contact Judy Kleiman at the address above, by calling 312–886–1482 or by e-mail at kleiman.judy@epa.gov.

SUPPLEMENTARY INFORMATION: The information in this section is organized as follows:

- I. Background
 - A. What is a delisting petition?
 - B. What regulations allow a waste to be delisted?
- II. GM’s Petition to Delist Waste from Janesville Truck Assembly Plant
 - A. How is the petitioned waste generated?
 - B. What is the process for delisting F019 from zinc phosphating operations at automobile and light truck assembly plants?
 - C. What information did GM submit in support of its petition?
- III. EPA’s Evaluation of This Petition
 - A. How did EPA evaluate the information submitted?
 - B. What did EPA conclude about this waste?
- IV. Proposal to Delist Waste from Janesville Truck Assembly Plant
 - A. What is EPA proposing?
 - B. What are the terms of this exclusion?
 - C. What are the maximum allowable concentrations of hazardous constituents in the waste?
- V. Statutory and Executive Order Reviews

I. Background

A. What Is a Delisting Petition?

A delisting petition is a request from a generator to exclude waste from the list of hazardous wastes under RCRA regulations. In a delisting petition, the petitioner must show that waste generated at a particular facility does not meet any of the criteria for which

EPA listed the waste as set forth in 40 CFR 261.11 and the background document for the waste. In addition, a petitioner must demonstrate that the waste does not exhibit any of the hazardous waste characteristics (that is, ignitability, reactivity, corrosivity, and toxicity) and must present sufficient information for us to decide whether factors other than those for which the waste was listed warrant retaining it as a hazardous waste. (See 40 CFR 260.22, 42 United States Code (U.S.C.) 6921(f) and the background document for a listed waste.)

A generator remains obligated under RCRA to confirm that its waste remains nonhazardous based on the hazardous waste characteristics even if EPA has “delisted” the waste and to ensure that future generated waste meets the conditions set.

B. What Regulations Allow a Waste To Be Delisted?

Under 40 CFR 260.20, 260.22, and 42 U.S.C. 6921(f), a facility may petition the EPA to remove its waste from the lists of hazardous wastes contained in 40 CFR 261.31 and 261.32. Specifically, 40 CFR 260.20 allows any person to petition the Administrator to modify or revoke any provision of parts 260 through 266, 268, and 273 of 40 CFR.

II. GM’s Petition To Delist Waste From Janesville Truck Assembly Plant

A. How Is the Petitioned Waste Generated?

GM is petitioning to exclude wastewater treatment sludge resulting from a conversion coating process on truck bodies which have aluminum components. The truck bodies are immersed in a zinc phosphate bath which applies a conversion coating on the surface of the metal. The rinses and overflows from the conversion coating process comeingle with wastewaters from cleaning and rinsing operations which may include alkaline cleaners, surfactants, organic detergents and rinse conditioners. After the zinc phosphating bath, the truck bodies are subjected to an electrocoating process and spray painting. Overflows and rinse water from the electrocoating process and from the paint booths combine with the wastewater from the conversion coating before entering the wastewater treatment plant. When treated, the wastewater from the conversion coating on aluminum causes all the sludge generated from these wastewaters to be a listed waste, F019.

In the wastewater treatment plant, large particles are screened out and the wastewater is sent to various thickeners
