

meeting the specifications of California certification fuel. 40 CFR 88.105–94.

Greenkraft submitted a certification from the California Environmental Protection Agency's Air Resources Board to substantiate that the vehicle that is the subject of the application is a low emissions vehicle. The Air Resources Board certification states that the vehicle's combined emissions of oxides of nitrogen and nonmethane hydrocarbons are 0.13 grams per brake horsepower-hour.

B. Statement That a Temporary Exemption Would Not Unreasonably Degrade Safety

The requirements from which Greenkraft seeks a temporary exemption are the Upper Beam #3 requirements in Table XVIII and Lower Beam #3V requirements in Table XIX-b. Greenkraft states in its application for a temporary exemption that the only difference between Greenkraft's low-emission vehicle if exempted and a compliant vehicle is that the headlamps on Greenkraft's low-emission vehicle fail to meet the minimum candela requirements for two upper beam test points and six lower beam test points and exceeds the maximum candela requirement for one upper beam test point for visually/optically aimed headlamps. Greenkraft attached to its application for an exemption a test report from a test laboratory showing that the headlamps on the vehicles that would be the subject of the exemption fail to meet the upper and lower beam requirements for optically and visually aimed headlamps. Greenkraft states in the application that granting the exemption would not unreasonably degrade the safety of the vehicle because the lamps provide "excellent illumination" even though they do not comply with the photometric requirements of FMVSS No. 108.

C. Substantiation That a Temporary Exemption Would Facilitate the Development of a Low Emissions Vehicle

Greenkraft states that a temporary exemption would facilitate the development of low-emission vehicles by allowing Greenkraft to redesign the headlamp without interrupting the development of the vehicle while the headlamp is being redesigned. Greenkraft further claims that, by beginning development promptly, it can receive critical data and test results to further the development of natural gas powered vehicles.

D. Public Interest

Greenkraft states that granting the temporary exemption would be in the public interest because the exemption would help increase the availability of low-emission natural gas power vehicles to businesses in the United States. Greenkraft states that this would reduce the United States' dependence on foreign oil.

III. Issuance of Notice of Final Action

Upon receiving a petition, NHTSA conducts an initial review of the petition with respect to whether the petition is complete and whether the petitioner appears to be eligible to apply for the requested petition. The agency has tentatively concluded that the petition is complete and that the petitioner is eligible to apply for the requested exemption. The agency has not made any judgment on the merits of the application and is placing a non-confidential copy of the petition in the docket.

We are providing a 30-day comment period. After considering public comments and other available information, we will publish a notice of final action on the application in the **Federal Register**.

Research and Innovative Technology Administration

[Docket ID Number RITA 2008–0002]

Agency Information Collection; Activity Under OMB Review; Part 249 Preservation of Records

AGENCY: Research and Innovative Technology Administration (RITA), Bureau of Transportation Statistics (BTS), DOT.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, Public Law 104–13, the Bureau of Transportation Statistics invites the general public, industry and other governmental parties to comment on the continuing need for and usefulness of BTS requiring certificated air carriers to preserve accounting records, consumer complaint letters, reservation reports and records, system reports of aircraft

movements, etc. Also, public charter operators and overseas military personnel charter operators are required to retain certain contracts, invoices, receipts, bank records and reservation records.

DATES: Written comments should be submitted by April 22, 2013.

FOR FURTHER INFORMATION CONTACT: Jeff Gorham, Office of Airline Information, RTS–42, Room E34, RITA, BTS, 1200 New Jersey Avenue SE., Washington, DC 20590–0001, Telephone Number (202) 366–4406, Fax Number (202) 366–3383 or EMAIL jeff.gorham@dot.gov.

Comments: Comments should identify the associated OMB approval # 2138–0006 and Docket—RITA 2008–0002. Persons wishing the Department to acknowledge receipt of their comments must submit with those comments a self-addressed stamped postcard on which the following statement is made: Comments on OMB #2138–0006, Docket—RITA 2008–0002. The postcard will be date/time stamped and returned.

SUPPLEMENTARY INFORMATION:

OMB Approval No.: 2138–0006.

Title: Preservation of Air Carrier Records—14 CFR Part 249.

Form No.: None.

Type of Review: Extension of a currently approved recordkeeping requirement.

Respondents: Certificated air carriers and charter operators.

Number of Respondents: 90 certificated air carriers 300 charter operators.

Estimated Time per Response: 3 hours per certificated air carrier; 1 hour per charter operator.

Total Annual Burden: 570 hours.

Needs and Uses: Part 249 requires the retention of records such as: general and subsidiary ledgers, journals and journal vouchers, voucher distribution registers, accounts receivable and payable journals and ledgers, subsidy records documenting underlying financial and statistical reports to DOT, funds reports, consumer records, sales reports, auditors' and flight coupons, air waybills, etc. Depending on the nature of the document, the carrier may be required to retain the document for a period of 30 days to three years. Public charter operators and overseas military personnel charter operators must retain documents which evidence or reflect deposits made by each charter participant and commissions received by, paid to, or deducted by travel agents, and all statements, invoices, bills and receipts from suppliers or furnishers of goods and services in connection with the tour or charter. These records are

retained for six months after completion of the charter program.

Not only is it imperative that carriers and charter operators retain source documentation, but it is critical that DOT has access to these records. Given DOT's established information needs for such reports, the underlying support documentation must be retained for a reasonable period of time. Absent the retention requirements, the support for such reports may or may not exist for audit/validation purposes and the relevance and usefulness of the carrier submissions would be impaired, since the source of the data could not be verified on a test basis.

The Confidential Information Protection and Statistical Efficiency Act of 2002 (44 U.S.C. 3501 note), requires a statistical agency to clearly identify information it collects for non-statistical purposes. BTS hereby notifies the respondents and the public that BTS uses the information it collects under this OMB approval for non-statistical purposes including, but not limited to, publication of both Respondent's identity and its data, submission of the information to agencies outside BTS for review, analysis, and possible use in regulatory and other administrative matters.

Issued in Washington, DC, on February 13, 2013.

Director, Office of Airline Information.
