Proposal Under OMB Delegated Authority To Extend for Three Years, Without Revision, the Following Information Collection

Collection title: Policy Impact Survey.
Collection identifier: FR 3075.

OMB control number: 7100-0362.

General description of collection: The Policy Impact Survey collects information from certain types of institutions regulated by the Board in order to assess the effects of proposed, pending, or recently adopted policy changes at the domestic and international levels. The Board uses the survey to collect information used for certain quantitative impact studies sponsored by financial stability bodies such as the Basel Committee on Banking Supervision and the Financial Stability Board. Recent collections have included the Basel III monitoring exercise, which monitors the global impact of the Basel III framework, the global systemically important bank exercise, which assesses firms' systemic risk profiles, and a survey of the domestic systemic risk footprint of large foreign banking organizations. Since the collected data may change from survey to survey, there is no fixed reporting form.

Frequency: On occasion.

Respondents: Bank holding companies, savings and loan holding companies, nonbank financial companies, and foreign banking organizations.

Total estimated number of respondents: 14.

Estimated average hours per response: 700.

Total estimated annual burden hours: 68,600.

Proposal Under OMB Delegated Authority To Extend for Three Years, Without Revision, the Following Information Collection

Collection title: Domestic Branch Application.

Collection identifier: FR 4001.

OMB control number: 7100-0097.

General description of collection: The Federal Reserve Act and the Board's Regulation H—*Membership of State Banking Institutions in the Federal Reserve System* (12 CFR part 208) require a state member bank to seek prior approval of the Federal Reserve System before establishing or acquiring a domestic branch. Such requests for approval must be filed as applications at the appropriate Reserve Bank for the state member bank. Due to the limited information that a state member bank generally has to provide for branch proposals, there is no formal reporting form for a domestic branch application. A state member bank is required to notify the Federal Reserve by letter of its intent to establish one or more new branches and provide evidence that public notice of the proposed branch(es) has been published by the state member bank in the appropriate newspaper(s). The applicant may include with its letter a copy of the Conference of State Bank Supervisors Uniform Interstate Application/Notice form. The Federal Reserve uses the information provided by the applicant to fulfill its statutory obligation to review branch applications before acting on the proposals and to otherwise supervise state member banks.

Frequency: Event-generated.

Respondents: State member banks.

Total estimated number of respondents: 179.

Total estimated annual burden hours: 425.

Deputy Secretary and Ombuds of the Board.
