#### **Proposed Collection; Comment Request; a Case-Control Study of Testicular Germ Cell Cancer Among Military Servicemen**

**SUMMARY:** In compliance with the  
requirement of Section 3506(c)(2)(A) of

the Paperwork Reduction Act of 1995,  
for opportunity for public comment on  
proposed data collection projects, the  
National Cancer Institute (NCI), the  
National Institutes of Health (NIH) will  
publish periodic summaries of proposed  
projects to be submitted to the Office of  
Management and Budget (OMB) for  
review and approval.

#### **Proposed Collection**

*Title:* A Case-Control Study of  
Testicular Germ Cell Cancer Among  
Military Servicemen. *Type of  
Information Collection Request:* New.  
*Need and Use of Information Collection:*  
This Study will seek to determine the  
causes of testicular germ cell cancer.  
The incidence rate of testicular cancer  
has been increasing for most of the  
twentieth century. It is the most  
common tumor among men between the  
ages of 15 and 35 years, yet its risk  
factors remain poorly understood.  
Servicemen are being studied because  
they are the right age group and  
testicular cancer is the common cancer  
among men in the service. The cancer's  
relatively young age of onset and its  
association with several congenital  
anomalies indicate that events during  
in-utero life may place men at risk of  
this tumor. Therefore, this study seeks  
to interview the mothers of men who  
developed testicular cancer and mothers  
of men who did not develop testicular  
cancer. Mothers will asked about events  
surrounding the pregnancy with the son  
and early live events. *Frequency of  
Response:* One interview is requested.  
*Affected Public:* Individuals. *Type of  
Respondents:* Mothers of servicemen  
who were diagnosed with testicular  
cancer and mothers of servicemen who  
were not diagnosed with testicular  
cancer. The annual reporting burden is  
as follows: *Estimated Number of  
Respondents:* 1,600; *Estimated Number  
of Responses per Respondent:* 1;  
*Average Burden Hours Per Response:*  
.75; and *Estimated Total Annual Burden  
Hours Requested:* 1200. The annualized  
cost to respondents is estimated at: \$0.  
There are no Capital Costs to report.  
There are no Operating or Maintenance  
Costs to report.

#### **Request for Comments**

Written comments and/or suggestion  
from the public and affected agencies  
are invited on one or more of the  
following points: (1) Whether the  
proposed collection of information is  
necessary for the proper performance of  
the function of the agency, including  
whether the information will have  
practical utility; (2) The accuracy of the  
agency's estimate of the burden of the  
proposed collection of information,

including the validity of the  
methodology and assumptions used; (3)  
Ways to enhance the quality, utility, and  
clarity of the information to be  
collected; and (4) Ways to minimize the  
burden of the collection of information  
on those who are to respond, including  
the use of appropriate automated,  
electronic, mechanical, or other  
technological collection techniques or  
other forms of information technology.

**FOR FURTHER INFORMATION CONTACT:** To  
request more information on the  
proposed project or to obtain a copy of  
the data collection plans and  
instruments, contact Dr. Katherine A.  
McGlynn, Environmental Epidemiology  
Branch, DCEG, NCI, NIH, Executive  
Plaza South, Room 7060, 6120  
Executive Boulevard, Bethesda, MD  
20892-7234, or call non-toll-free  
number (301) 435-4918 or E-mail your  
request, including your address:  
[mcglynnk@mail.nih.gov](mailto:mcglynnk@mail.nih.gov).

#### **Comments Due Date**

Comments regarding this information  
collection are best assured of having  
their full effect if received on or before  
October 22, 2001.

Dated: August 15, 2001.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### National Institutes of Health

#### **Submission for OMB Review; Comment Request; a Prospective Study of Diet and Cancer in Members of the American Association of Retired Persons (AARP)**

**SUMMARY:** Under the provisions of  
Section 3507(a)(1)(D) of the Paperwork  
Reduction Act of 1995, the National  
Cancer Institute (NCI), the National  
Institutes of Health (NIH) has submitted  
to the Office of Management and Budget  
(OMB) a request to review and approve  
the information collection listed below.  
This proposed information collection  
was previously published in the **Federal  
Register** on April 13, 2001, page 19181  
and allowed 60 days for public  
comment. No public comments were  
received. The purpose of this notice is  
to allow an additional 30 days for public  
comment. The National Institutes of  
Health may not conduct or sponsor, and  
the respondent is not required to  
respond to, an information collection  
that has been extended, revised, or  
implemented on or after October 1,
