SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-89085; File No. SR-MIAX-2020-16]

Self-Regulatory Organizations; Miami International Securities Exchange, LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Exchange Rule 518, Complex Orders

June 17, 2020.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 12, 2020, Miami International Securities Exchange, LLC ("MIAX" or the "Exchange") filed with the Securities and Exchange Commission ("Commission") a proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is filing a proposal to amend Exchange Rule 518, Complex Orders.

The text of the proposed rule change is available on the Exchange's website at <http://www.miaxoptions.com/rule-filings/> at MIAX's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these

statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Exchange Rule 518, Complex Orders, to adopt a new order type, Complex Attributable Order.

Currently, the Exchange offers an Attributable Order³ in its simple market.⁴ Current Exchange Rule 516(e) states that an Attributable Order is a market⁵ or limit order⁶ which displays the user firm ID for purposes of trading on the Exchange. Use of Attributable Orders is voluntary. Attributable Orders entered into the Exchange System⁷ will be available for execution but may not display the user firm ID for all Exchange processes. The Exchange will issue a Regulatory Circular specifying the Exchange processes and the class(es) of securities for which the Attributable Order type shall be available.⁸ Currently, an Attributable Order in the simple market will display the Executing Broker MPID⁹ when it triggers either a liquidity refresh pause,¹⁰ or a Route Timer.¹¹ Attributable Orders were made available on the Exchange on June 17, 2013, for the aforementioned liquidity seeking events.¹² The Attributable Order type is available for all option classes and can be activated on an order-by-order basis with the default set to off.¹³

³ See Exchange Rule 516(e).

⁴ The Exchange has a Simple Order Book, which is the Exchange's regular electronic book of orders and quotes. See Exchange Rule 518(a)(15). The Exchange also has a Strategy Order book, which is the Exchange's electronic book of complex orders and complex quotes. See Exchange Rule 518(A)(17).

⁵ A market order is an order to buy or sell a stated number of option contracts at the best price available at the time of execution. See Exchange Rule 516(a).

⁶ A limit order is an order to buy or sell a stated number of option contracts at a specified price or better. See Exchange Rule 516(b).

⁷ The term "System" means the automated trading system used by the Exchange for the trading of securities. See Exchange Rule 100.

⁸ See Exchange Rule 516(e).

⁹ An MPID is a Market Participant Identifier used by the Exchange.

¹⁰ See Exchange Rule 515(c)(3).

¹¹ See Exchange Rule 529(b)(2).

¹² See MIAX Options Regulatory Circular 2013-33, Attributable Order (June 13, 2013) available at https://www.miaxoptions.com/sites/default/files/circular-files/MIAX_RC_2013_33.pdf.

² 17 CFR 240.19b-4.

The Exchange now proposes to adopt new subparagraph (8) to Exchange Rule 518(b) which will similarly provide that a Complex Attributable Order is a market or limit order which displays the user firm ID for purposes of trading on the Exchange. Use of Complex Attributable Orders is voluntary. Complex Attributable Orders entered into the Exchange System will be available for execution but may not display the user firm ID for all Exchange processes. Complex Attributable Orders will be used similarly for liquidity seeking events that occur on the Exchange's Strategy Book, such as Complex Auctions. If enabled, the MPID will be displayed on the MIAX Order Feed ("MOR") and the MIAX Administrator Information Subscriber ("AIS") Feed. The Exchange will issue a Regulatory Circular specifying the Exchange processes and the class(es) of securities for which the Complex Attributable Order type shall be available.¹⁴

The Exchange will announce the implementation date of the proposed rule change by Regulatory Circular to be published no later than 90 days following the operative date of the proposed rule. The implementation date will be no later than 90 days following the issuance of the Regulatory Circular.

2. Statutory Basis

MIAX believes that its proposed rule change is consistent with Section 6(b) of the Act¹⁵ in general, and furthers the objectives of Section 6(b)(5) of the Act¹⁶ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with

¹⁴ The ability to display information pertaining to a single order depends upon the Exchange's ability to broadcast that information to its members. This is currently accomplished through the Exchange's market data products, which for example includes the Administrative Information Subscriber Feed ("AIS"). Thus, the functionality of a Complex Attributable Order is linked to what is technologically feasible through the Exchange's market data products. The definition of a Complex Attributable Order will acknowledge this relationship and allow the functionality of the Complex Attributable Order type to develop and be deployed correspondingly with technical advances related to its market data products. In its definition of a Complex Attributable Order the Exchange proposes to state that, "Complex Attributable Orders entered into the Exchange System will be available for execution but may not display the user firm ID for all Exchange processes." This will serve to put MIAX members on notice that the functionality of a Complex Attributable Order to display the user firm ID, as it continually develops, may not be available during all Exchange processes.

respect to, and facilitating transactions in, securities, to remove impediments to and perfect the mechanisms of a free and open market and a national market system and, in general, to protect investors and the public interest.

The Exchange believes its proposal to adopt a Complex Attributable Order promotes just and equitable principles of trade, and removes impediments to and perfects the mechanisms of a free and open market system and, in general, protects investors and the public interest by introducing an order type for use on the complex market that is currently available for use on the Exchange's simple market. Use of Complex Attributable Orders is voluntary and provides Members¹⁷ of the Exchange similar order types for use on both the simple market and the complex market for use during liquidity seeking events to facilitate executions.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

The Exchange does not believe that the proposed rule change to adopt a Complex Attributable Order will impose any burden on inter-market competition but rather may increase competition among exchanges.¹⁸ The Exchange notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues who offer similar functionality. The Exchange believes the proposed rule change will enhance competition among the various markets for complex order execution, potentially resulting in more active complex order trading on all exchanges.

The Exchange does not believe that the proposed rule change to adopt a Complex Attributable Order will impose any burden on intra-market competition as use of a Complex Attributable Order is voluntary and all Members of the Exchange have the option to use a Complex Attributable Order when submitting a complex order to the Exchange.

¹⁷ The term "Member" means an individual or organization approved to exercise the trading rights associate with a Trading Permit. Members are deemed "members" under the Exchange Act. See Exchange Rule 100.

¹⁸ The Nasdaq ISE Exchange and Nasdaq MRX Exchange currently offer Attributable Complex Orders. See Nasdaq ISE Exchange, Options 3, Section 14, Complex Orders (b)(4); and Nasdaq MRX Exchange, Options 3, Section 14, Complex Orders (b)(4).

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate, it has become effective pursuant to 19(b)(3)(A) of the Act¹⁹ and Rule 19b-4(f)(6)²⁰ thereunder.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<http://www.sec.gov/rules/sro.shtml>); or

Rule 613 of Regulation NMS

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 ("PRA") (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") has submitted to the

Office of Management and Budget ("OMB") a request for approval of extension of the previously approved collection of information provided for in connection with a National Market System (NMS) Plan filed with the Commission under Rule 613 (17 CFR 242.613), under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*).

Rule 613 of Regulation NMS (17 CFR part 242) required national securities exchanges and national securities associations ("Participants") to jointly submit to the Commission a national market system ("NMS") plan to govern the creation, implementation, and maintenance of a consolidated audit trail ("CAT") and Central Repository for the collection of information for NMS securities. On February 27, 2015, the Participants submitted the CAT NMS Plan to the Commission.¹ On April 27, 2016, the Commission published a notice soliciting comments from the public ("CAT NMS Plan Notice").² On November 15, 2016, the Commission approved the CAT NMS Plan ("CAT NMS Plan Order"), including the information collections proposed in the CAT NMS Plan Notice and certain additional information collections.³

Since November 15, 2016, the Commission believes that three information collection requirements have been completed, specifically: (1) A document outlining how the Participants could incorporate into the consolidated audit trail information regarding certain products that are not

¹ See Letter from Participants to Brent J. Fields, Secretary, Commission, dated February 27, 2015. The Participants filed the CAT NMS Plan on September 30, 2014. See Letter from the Participants, to Brent J. Fields, Secretary, Commission, dated September 30, 2014. The CAT NMS Plan filed on February 27, 2015, was an amendment to and replacement of the Initial CAT NMS Plan (the "Amended and Restated CAT NMS Plan"). On December 24, 2015, the Participants submitted an Amendment to the Amended and Restated CAT NMS Plan. See Letter from Participants to Brent J. Fields, Secretary, Commission, dated December 23, 2015 (the "Amendment"). On February 9, 2016, the Participants filed with the Commission an identical, but unmarked, version of the Amended and Restated CAT NMS Plan, dated February 27, 2015, as modified by the Amendment, as well as a copy of the request for proposal issued by the Participants to solicit Bids from parties interested in serving as the Plan Processor for the consolidated audit trail. Unless the context otherwise requires, the "CAT NMS Plan" shall refer to the Amended and Restated CAT NMS Plan, as modified by the Amendment.
