ACTION: Final rule; correction.

SUMMARY: HUD is correcting a final rule published in the **Federal Register** on November 15, 2013. The November 15, 2013, final rule revised HUD's regulations governing the protection of wetlands and floodplains. Upon publication, HUD discovered that it inadvertently duplicated an activity that the final rule exempts from the 8 Step Process for floodplains and wetlands management compliance. As a result, this document corrects this duplication by removing the duplication.

DATES: *Effective Date:* December 16, 2013.

FOR FURTHER INFORMATION CONTACT:

Aaron Santa Anna, Assistant General Counsel for Regulations, Office of General Counsel, Department of Housing and Urban Development, 451 7th Street SW., Room 10276, Washington, DC 20410–0500; telephone number 202–708–3055 (this is not a toll-free number). Persons with hearing or speech impairments may access this number through TTY by calling the Federal Relay Service at 800–877–8339 (this is a toll-free number).

SUPPLEMENTARY INFORMATION:

On November 15, 2013 (78 FR 68719), HUD published a final rule that revised its regulations governing the protection of wetlands and floodplains codified at 24 CFR part 55. Section 55.12(c) of the rule lists activities exempt from the applicability of 24 CFR part 55. Among other things, the final rule added to the list of exempted activities the approval of financial assistance for restoring and preserving the functions and values of floodplains and wetlands. Upon review of the published final rule, HUD discovered that this exemption was added at §§ 55.12(c)(3) and (c)(12). These duplicated paragraphs are identical. As a result, HUD is correcting this final rule by deleting § 55.12(c)(12).

In FR Doc. 2013–27427 appearing on page 68719 in the **Federal Register** of Friday, November 15, 2013, the following correction is made:

§ 55.12 [Corrected]

■ 1. On page 68732, in the second column, remove § 55.12(c)(12).

Dated: December 3, 2013.

Assistant General Counsel for Regulations.

NPRM Notice of Proposed Rulemaking

A. Regulatory History and Information

The Coast Guard is issuing this temporary final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.”

Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed

rulemaking (NPRM) with respect to this rule because the event would occur before the rulemaking process would be completed. Because of the dangers posed by the pyrotechnics used in fireworks displays, the safety zone is necessary to provide for the safety of event participants, spectators, spectator craft, and other vessels transiting the event area. For the safety concerns noted, it is in the public interest to have these regulations in effect during the event. Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**.

B. Basis and Purpose

The legal basis for the proposed rule is 33 U.S.C 1231; 46 U.S.C Chapter 701, 3306, 3703; 50 U.S.C. 191, 195; 33 CFR 1.05–1, 6.04–1, 6.04–6, 160.5; Public Law 107–295, 116 Stat. 2064; Department of Homeland Security Delegation No. 0170.1, which collectively authorize the Coast Guard to establish safety zones.

Sausalito On-the-Waterfront Foundation will sponsor the Sausalito Lighted Boat Parade Fireworks Display on December 14, 2013 off of Spinnaker Point near Sausalito, CA in approximate position 37°51'31" N, 122°28'28" W (NAD83) as depicted in National Oceanic and Atmospheric Administration (NOAA) Chart 18653. This safety zone establishes a temporary restricted area on the waters 100 feet surrounding the fireworks barge during the loading, transit and arrival of the pyrotechnics from the loading site to the launch site until the commencement of the fireworks display. Upon the commencement of the 10 minute fireworks display, the safety zone will increase in size and encompass the navigable waters around the fireworks barge within a radius of 420 feet. The fireworks display is meant for entertainment purposes. The restricted area around the fireworks barge is necessary to protect spectators, vessels, and other property from the hazards associated with pyrotechnics.

C. Discussion of the Final Rule

The Coast Guard will enforce a safety zone in navigable waters around and under a fireworks barge within a radius
