

A. Conditions

In addition to those conditions already required by 29 CFR 1910.7, SGS must abide by the following conditions of the recognition:

1. SGS must inform OSHA as soon as possible, in writing, of any change of ownership, facilities, or key personnel, and of any major change in its operations as a NRTL, and provide details of the change(s);

2. SGS must meet all the terms of its recognition and comply with all OSHA policies pertaining to this recognition; and

3. SGS must continue to meet the requirements for recognition, including all previously published conditions on SGS's scope of recognition, in all areas for which it has recognition.

Pursuant to the authority in 29 CFR 1910.7, OSHA hereby expands the scope of recognition of SGS as a NRTL, subject to the limitations and conditions specified above.

III. Authority and Signature

James S. Frederick, Deputy Assistant Secretary of Labor for Occupational Safety and Health, authorized the preparation of this notice. Accordingly, the agency is issuing this notice pursuant to 29 U.S.C. 657(g)(2), Secretary of Labor's Order No. 8–2020 (85 FR 58393, Sept. 18, 2020), and 29 CFR 1910.7.

Signed at Washington, DC, on August 20, 2024.

James S. Frederick,

Deputy Assistant Secretary of Labor for Occupational Safety and Health.

NATIONAL SCIENCE FOUNDATION

Request for Information on the CHIPS and Science Act Section 10343. Research Ethics

AGENCY: National Science Foundation.

ACTION: Request for Information.

SUMMARY: The U.S. National Science Foundation (NSF) is an independent federal agency that supports research at the frontiers of current knowledge, across all fields of science, engineering and education in all 50 states and U.S. territories. NSF is issuing this Request for Information (RFI) to seek input to

inform the development of the agency's response to Section 10343. Research Ethics in the CHIPS and Science Act of 2022. NSF welcomes feedback from interested parties. This includes representatives from non-profit organizations, philanthropies, industry, local, state, and tribal government offices/agencies, K–12 schools and districts, institutions of higher education, trade, and/or vocational schools.

DATES: Interested persons or organizations are invited to submit comments on or before 11:59 p.m. (EST) on Friday, November 15, 2024.

ADDRESSES: To respond to this Request for Information, please use the official submission form available at: <https://www.surveymonkey.com/r/ResearchEthicsRFI>.

Respondents only need to provide feedback on one or more questions of interest or relevance to them. Each question is voluntary and optional. The response to each question has a 4,000-character limit including spaces.

FOR FURTHER INFORMATION CONTACT: For further information, please direct questions to Jason Borenstein through email: CHIPSethicsRFI@nsf.gov, phone: 703–292–4207, or mail: 2415 Eisenhower Avenue, Alexandria, VA 22314, USA.

SUPPLEMENTARY INFORMATION: Section 10343 (“Research Ethics”) of the CHIPS and Science Act of 2022 (Pub. L. 117–167) directs NSF to incorporate ethical, social, safety, and security considerations into the merit review process that is used to evaluate research projects or other activities for funding. Section 10343 notes that “a number of emerging areas of research have potential ethical, social, safety, and security implications that might be apparent as early as the basic research stage.” In addition, Section 10343 states that “the incorporation of ethical, social, safety, and security considerations into the research design and review process for Federal awards may help mitigate potential harms before they happen.” Moreover, Section 10343 states that “The Foundation should continue to work with stakeholders to promote best practices for governance of research in emerging technologies at every stage of research.”

Through this Request for Information, NSF seeks input on ways to incorporate ethical, social, safety, and security considerations into the agency's merit review process and to develop strategies for mitigating the potential harms of scientific research and amplifying societal benefits from such research.
