SUPPLEMENTARY INFORMATION:

Background

Section 115 of the Copyright Act, title 17 of the United States Code, requires a copyright owner of a nondramatic musical work to grant a license (also known as the "mechanical" compulsory license) to any person who wants to make and distribute phonorecords of that work, provided that the copyright

owner has allowed phonorecords of the work to be produced and distributed, and that the licensee complies with the statute and regulations. In addition to the production or distribution of physical phonorecords (compact discs, vinyl, cassette tapes, and the like), section 115 applies to digital transmissions of phonorecords, including permanent digital downloads and ringtones.

Chapter 8 of the Copyright Act requires the Copyright Royalty Judges (Judges) to conduct proceedings every five years to determine the rates and terms for the section 115 license. 17 U.S.C. 801(b)(1), 804(b)(4). Accordingly, the Judges commenced the current proceeding in January 2021, by publishing notice of the commencement and soliciting petitions to participate from interested parties. *See* 86 FR 25 (Jan. 5, 2021).

The Judges received petitions to participate in the current proceeding from Amazon.com Services LLC, Apple Inc., Copyright Owners (joint petitioners Nashville Songwriters Association International (NSAI) and National Music Publishers' Association (NMPA)), Google LLC, George Johnson, Joint Record Company Participants (filed by Recording Industry Association of America, Inc. for joint petitioners Sony Music Entertainment, UMG Recordings, Inc., and Warner Music Group Corp.), Pandora Media, LLC, David Powell, SoundCloud Operations Inc.,¹ Spotify USA Inc., and Brian Zisk.²

The Judges gave notice to all participants of the three-month negotiation period required by 17 U.S.C. 803(b)(3) and directed that, if the participants were unable to negotiate a settlement, they should submit Written Direct Statements no later than September 10, 2021. On May 25, 2021, the Judges received a motion stating that several participants³ had reached a partial settlement regarding the rates and terms for the period commencing in January 2023 under Section 115 of the Copyright Act, namely, the applicable rates for use of musical works in physical phonorecords, permanent downloads, ringtones, and music bundles (Subpart B Configurations)⁴

¹ SoundCloud Operations Inc. withdrew from the proceeding on May 21, 2021.

² David Powell and Brian Zisk filed petitions to participate in this proceeding; neither filed a Written Direct Statement.

³ The participants who filed the motion are the "Copyright Owners" (NMPA and NSAI) and the "Record Company Participants" (Sony Music Entertainment, UMG Recordings, Inc. and Warner Music Group Corp.). Motion at 1.

⁴ Subpart B refers to subpart B, part 385, subchapter E, chapter III, 37 CFR, the regulations

and seeking approval of that partial settlement. *See Motion to Adopt Settlement of Statutory Royalty Rates and Terms for Subpart B Configurations*, Docket No. 21–CRB–0001–PR (2023–2027) at 1 (May 25, 2021). The Judges published for comment a proposed rule and received comments in opposition to the settlement from twelve interested parties, including joint comments from organizations, trade associations, and self-assembled groups of parties.⁵ *See* 86 FR 33601 (June 25, 2021), 86 FR 40793 (Jul. 29, 2021) (reopening comment period), 86 FR 58626 (Oct. 22, 2021) (reopening comment period a second time).

After considering the comments in opposition to the settlement, the Judges withdrew the proposed rule that would have adopted that settlement as statutory royalty rates. *See* Proposed rule; withdrawal; Determination of Royalty Rates and Terms for Making and Distributing Phonorecords (Phonorecords IV), 87 FR 18342 (Mar. 30, 2022).

On May 5, 2022, the Judges received a Joint Motion to Adopt New Settlement of Statutory Royalty Rates and Terms for Subpart B Configurations (Motion). The moving parties are self-identified Copyright Owners and self-identified Record Company Participants.⁶ The full text of the Motion is available on eCRB (<https://app.crb.gov>).⁷

On May 19, 2022, George Johnson d/b/a/ GEO, filed a response in opposition to the Motion.⁸

The settlement proposes that the section 115 royalty rate for subpart B

detailing royalty rates and terms for licensing musical works under the provisions of 17 U.S.C. 115 (Copyright Act).

⁵ One participant in the proceeding, George Johnson d/b/a/ GEO Music, objected to the settlement. Other parties opposing adoption of the settlement as a basis for statutory rates and terms included songwriters, publishers, music industry attorneys, and trade associations.

⁶ The composition of the moving parties is the same as in the original motion filed in May 2021.

⁷ The Motion stated that the Moving Parties had previously separately entered into a memorandum of understanding (MOU) addressing certain negotiated licensing processes and late fee waivers but that the MOU was “not consideration” for any of the terms of the current settlement. *See* Motion at 4 n. 2; 6. (<https://app.crb.gov/document/download/26619>). The Moving Parties contend that predecessor agreements to the MOU, some or all of which may be incorporated by reference in the current MOU, are publicly available online at <http://nmpalatefeesettlement.com/>.

⁸ In general, the Judges do not receive pleadings in opposition to a motion that triggers publication of notice, such as the Motion at issue here. Nonetheless, the Judges received and considered GEO’s timely opposition. The Judges will not consider that opposition as a formal comment as required by publication in the **Federal Register**. The Moving Parties communicated to the Judges that no reply is forthcoming.

configurations for the rate period commencing January 1, 2023, be set at \$0.12 per track, with annual inflation-based adjustments for subsequent years of the rate period. Motion at 3. The Moving Parties proposed editorial and substantive changes to applicable regulations found in both subparts A and B of part 385 to accomplish the rate increase.

The proposed editorial changes apply to two definitions in subpart A and would clarify the reach and application of the terms “Licensed Activity,” and “Sound Recording Company.” The substantive changes occur in secs. 385.10 and 385.11, which state the proposed rate for 2023 and describe the proposed annual inflation-based rate adjustment for subsequent years. The Moving Parties provided a redlined version of the regulations and the proposed changes thereto, along with the stated rationale for each change. Motion at 6–7.

As part of this proposed rule, the Judges propose an additional minor revision to the definition of “Eligible Digital Download” in section 385.2. The cross-reference to 17 U.S.C. 115(c)(3)(C) and (D) in that definition is shortened to 17 U.S.C. 115 because, following enactment of the Music Modernization Act, the section no longer has a subsection (c)(3). *See* Orrin G. Hatch–Bob Goodlatte Music Modernization Act, Public Law 115–264, 132 Stat. 3678, 3679–3684 (October 11, 2018).

Section 801(b)(7)(A) of the Copyright Act authorizes the Judges to adopt rates and terms negotiated by “some or all of the participants in a proceeding at any time during the proceeding” provided they are submitted to the Judges for approval. This section provides that the Judges shall provide notice and an opportunity to comment on the agreement to (1) those that would be bound by the terms, rates, or other determination set by the agreement and (2) participants in the proceeding that would be bound by the terms, rates, or other determination set by the agreement. *See* sec. 801(b)(7)(A). The Judges may decline to adopt the agreement as a basis for statutory terms and rates for participants not party to the agreement if any *participant* objects and the Judges conclude that the agreement does not provide a reasonable basis for setting statutory terms or rates. *Id.*

If the Judges adopt rates and terms reached pursuant to a negotiated settlement, those rates and terms are binding on all copyright owners of musical works and those using the musical works in the activities described in the proposed regulations.

The Judges solicit comments on whether they should adopt the proposed regulations as statutory rates and terms relating to the making and distribution of physical or digital phonorecords of nondramatic musical works encompassed in subpart B, part 385 of the applicable regulations.

Comments and objections regarding the rates and terms and the revisions to the regulations proposed by the Moving Parties and the Judges must be submitted no later than July 1, 2022.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R05-OAR-2021-0536; FRL-9802-01-R5]

Approval and Promulgation of Air Quality Implementation Plans; Michigan; Federal Implementation Plan for the Detroit Sulfur Dioxide Nonattainment Area

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing a Federal Implementation Plan (FIP) for attaining the 2010 sulfur dioxide (SO₂) primary national ambient air quality standard (NAAQS) for the Detroit SO₂ nonattainment area. The FIP includes an attainment demonstration and other elements required under the Clean Air Act (CAA). In addition to an attainment demonstration, the FIP addresses the requirement for meeting reasonable further progress (RFP) toward attainment of the NAAQS, reasonably available control measures and reasonably available control technology (RACM/RACT), enforceable emission limitations and control measures to provide for NAAQS attainment, and contingency measures. This action supplements a prior action which found that Michigan had satisfied emission inventory (EI) and nonattainment new source review (NSR) requirements for this area but had not met requirements for the elements addressed in the proposed FIP. EPA is proposing to determine that the FIP provides for attainment of the 2010 primary SO₂ NAAQS in the Detroit SO₂ nonattainment area and meets the other applicable requirements under the CAA. **DATES:** Comments must be received on or before July 18, 2022.

Virtual Public Hearing. In order to comply with current Centers for Disease Control and Prevention (CDC) recommendations, as well as state and local orders, for social distancing to limit the spread of COVID-19, EPA is holding a virtual public hearing to provide interested parties the opportunity to present data, views, or arguments concerning the proposal. EPA will hold a virtual public hearing to solicit comments on June 16, 2022. The hearing will convene at 3:00 p.m. Eastern Time (ET) and will conclude at 9:00 p.m. ET, or 15 minutes after the last pre-registered presenter in attendance has presented if there are no additional presenters. EPA will announce further

details, including information on how to register for the virtual public hearing, on the virtual public hearing website at <https://www.epa.gov/mi/detroit-so2-federal-implementation-plan>.

EPA will begin pre-registering presenters and attendees for the hearing upon publication of this document in the **Federal Register**. To pre-register to attend or present at the virtual public hearing, please use the online registration form available at <https://www.epa.gov/mi/detroit-so2-federal-implementation-plan> or contact Abigail Teener at 312-353-7314 or by email at DetroitFIP@epa.gov. The last day to pre-register to present at the hearing will be June 13, 2022. On June 13, 2022, EPA will post a general agenda for the hearing that will list pre-registered presenters in approximate order at <https://www.epa.gov/mi/detroit-so2-federal-implementation-plan>. Additionally, requests to present will be taken on the day of the hearing as time allows.

EPA will make every effort to follow the schedule as closely as possible on the day of the hearing; however, please plan for the hearing to run either ahead of schedule or behind schedule. Each commenter will have 5 minutes to provide oral testimony. EPA encourages commenters to provide EPA with a copy of their oral testimony electronically by including it in the registration form or emailing it to DetroitFIP@epa.gov. EPA may ask clarifying questions during the oral presentations but will not respond to the presentations at that time. Written statements and supporting information submitted during the comment period will be considered with the same weight as oral comments and supporting information presented at the virtual public hearing. A transcript of the virtual public hearing, as well as copies of oral presentations submitted to EPA, will be included in the docket for this action.

EPA is asking all hearing attendees to pre-register, even those who do not intend to present. EPA will send information on how to join the public hearing to pre-registered attendees and presenters.

Please note that any updates made to any aspect of the hearing will be posted online at <https://www.epa.gov/mi/detroit-so2-federal-implementation-plan>.
