Arkansas Oklahoma Gas Corporation; Notice of Filing

Take notice that on January 14, 2011, Arkansas Oklahoma Gas Corporation (AOG) filed to request a case-specific waiver of section 284.126(b)(1)(iv) of the Commission's regulations which was promulgated in Order No. 735.¹ Order No. 735 requires all section 311 and Hinshaw pipelines to file quarterly reports containing transportation transaction information including receipt points for each transaction. AOG requests waiver so that it can identify "production pool" as the receipt point for its transactions instead of a specific receipt point as more fully described in the filing.

Any person desiring to participate in this rate filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the date as indicated below. Anyone filing an intervention or protest must serve a copy of that document on the Applicant. Anyone filing an intervention or protest on or before the intervention or protest date need not serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and

interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 7 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC.
