2006 Emergency Agricultural Disaster Assistance Programs

AGENCY: Commodity Credit Corporation, USDA.

ACTION: Final rule.

SUMMARY: This rule sets forth the Commodity Credit Corporation regulations for the 2006 Emergency Agricultural Disaster Assistance. The rule establishes seven disaster programs to provide funds to eligible producers in counties affected by the 2005 hurricanes Katrina, Ophelia, Rita, Wilma, or a related condition. To be eligible, counties must have been designated a major disaster or emergency area by the President or declared a natural disaster by the Secretary of Agriculture. Counties contiguous to such counties will also be eligible.

DATES: This rule is effective February 9, 2007.

SUPPLEMENTARY INFORMATION:

Background

This final rule implements the Emergency Agricultural Disaster Assistance Act of 2006, Public Law 109–234, Title III (the Act). During calendar years (CY's) 2005 and 2006 the

production of agricultural commodities produced in certain counties in Alabama, Arkansas, Florida, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, and Texas was hindered by widespread and significant destruction caused by hurricanes Katrina, Ophelia, Rita, Wilma. Counties in these States which the President or the Secretary of Agriculture has designated or declared disaster areas during CY 2005, or during 2006 for a request that was pending as of December 31, 2005, and all counties contiguous to these counties, are eligible for emergency disaster assistance under the Act. The Act provides that the Secretary of Agriculture (Secretary) shall use funds of the Commodity Credit Corporation (CCC) to assist producers of agricultural commodities through programs administered by the Farm Service Agency (FSA). All counties, owners, lessees, livestock, crops, losses, must meet all of the eligibility criteria provided in this rule including being the result of the listed hurricanes as provided. The programs are summarized as follows:

- **Livestock Compensation Program (LCP).** LCP will provide payments to livestock owners and cash lessees (not both for same livestock) for certain feed losses.
- **Livestock Indemnity Program II (LIP II).** LIP–II will provide benefits to livestock owners and contract growers (not both for same livestock) for certain livestock deaths. For previous LIP programs see 67 FR 7265, February 19, 2002, and 69 FR 23721, April 30, 2004.
- **Citrus Disaster Program (Citrus).** The 2005 Citrus Program will provide benefits to citrus producers who suffered citrus crop production losses and associated fruit-bearing tree damage, including related clean-up and rehabilitation costs.
- **Fruit and Vegetable Disaster Program (Fruit and Vegetable).** The Fruit and Vegetable Program will provide benefits to producers who suffered fruit and vegetable crop production losses, including related clean-up costs.
- **Tropical Fruit Disaster Assistance Program (Tropical Fruit).** The Tropical Fruit Program will provide benefits to producers of carambola, longan, lychee, and mangos who suffered tropical fruit production losses.
- **Nursery Disaster Assistance Program (Nursery).** The Nursery Program will provide benefits to commercial ornamental nursery and fernery producers who suffered inventory losses and incurred clean-up costs.
- **Tree Assistance Program (TAP).** The 2005 Hurricane TAP will provide

benefits to producers who suffered tree, bush, or vine losses for site preparation, replacement, rehabilitation, and pruning.

- The 2005 Catfish Grant Program is authorized under the LCP provision of the Act and will provide assistance in the form of grants to states having catfish producers who suffered catfish feed losses.

Notice and Comment

Section 3034 of the Act requires that the regulations necessary to implement title III of the Act shall be made without regard to the notice and comment provisions of Section 553 of title 5, United States Code or of the Statement of Policy of the Secretary effective July 24, 1971 (36 FR 13804) relating to notices of proposed rulemaking and public participation in rulemaking, or the Paperwork Reduction Act. Thus, this rule is issued as final and is effective immediately.

Executive Order 12866

This rule has been determined to be economically significant under Executive Order 12866 and has been reviewed by the Office of Management and Budget. A Cost-Benefit Analysis (CBA) was completed and is available from the contact person listed above.

Regulatory Flexibility Act

This rule is not subject to the Regulatory Flexibility Act since the Farm Service Agency is not required to publish a notice of proposed rulemaking for this rule.

Environmental Review

The environmental impacts of this rule have been considered in accordance with the provisions of the National Environmental Policy Act of 1969 (NEPA), 42 U.S.C. 4321 *et seq.*, the regulations of the Council on Environmental Quality (40 CFR parts 1500–1508), the FSA regulations for compliance with NEPA at 7 CFR part 799, and Section 106 of the National Historic Preservation Act. The following programs were determined to have no potential impact upon the human and natural environment because they solely involve the transfer of funds to offset production- and disaster-related losses with no site-specific or ground-disturbing activities occurring as a requirement or an immediate result of program implementation: Livestock Compensation Program, Livestock Indemnity Program II, 2005 Hurricane Citrus Disaster Program, 2005 Hurricane Fruit and Vegetable Disaster Program, 2005 Hurricane Tropical Fruit Disaster Program, 2005 Hurricane Nursery

Disaster Assistance and 2005 Catfish Grant Program. Therefore, no environmental assessment was needed for these programs.

FSA is currently completing a Programmatic Environmental Assessment (PEA) on the 2005 Hurricanes Tree Assistance Program to examine the potential impacts of program implementation on the human and natural environments. No benefit shall be paid under the program until FSA has completed the PEA and issued a decision document.

Executive Order 12372

This program is not subject to the provisions of Executive Order 12372, which requires intergovernmental consultation with State and local officials. See the Notice related to 7 CFR part 3015, subpart V, published at 48 FR 29115 (June 24, 1983).

Executive Order 12612

This rule does not have Federalism implications that warrant the preparation of a Federalism Assessment. This rule will not have a substantial direct effect on States or their political subdivisions or on the distribution of power and responsibilities among the various levels of government.

Executive Order 12988

This rule has been reviewed in accordance with Executive Order 12988. This interim rule is not retroactive and it does not preempt State law. Before any judicial action may be brought regarding the provisions of this rule the administrative appeal provisions of 7 CFR parts 11 and 780 must be exhausted.

Unfunded Mandates Reform Act of 1995

This rule contains no Federal mandates under the regulatory provisions of Title II of the UMRA for State, local, and tribal government or the private sector. Therefore, this rule is not subject to the requirements of sections 202 and 205 of the UMRA.

Paperwork Reduction Act

Section 3034(b)(3) of the Act provides that the regulations necessary to implement title III of the Act shall be promulgated without regard to the Paperwork Reduction Act, 44 U.S.C. 35.

Small Business Regulatory Enforcement Fairness Act of 1996

This rule has been determined to be Major under the Small Business Regulatory Enforcement Fairness Act of 1996, (Pub. L. 104–121) (SBREFA). SBREFA normally requires that an

agency delay the effective date of a major rule for 60 days from the date of publication to allow for Congressional review. Section 808 of SBREFA allows an agency to make a major regulation effective immediately if the agency finds there is good cause to do so. Accordingly, FSA finds that it would be contrary to the public interest to delay implementation of this rule because it would significantly delay assistance to the many people affected by the hurricane disasters addressed by this rule. This rule is thus effective immediately.

Government Paperwork Elimination Act

CCC is committed to compliance with the Government Paperwork Elimination Act (GPEA) and the Freedom to E-File Act, which require Government agencies in general and FSA in particular to provide the public the option of submitting information or transacting business electronically to the maximum extent possible. The regulation is available at <http://www.fsa.usda.gov> under the heading 'Other Partners.'

E-Government Act Compliance

CCC is committed to complying with the E-Government Act to promote the use of the internet and other information technologies to provide increased opportunities for citizen access to Government information and services, and for other purposes. For information pertinent to E-GOV compliance related to this rule, please contact the person named above under the information contact section.

Summary of Economic Impacts

Crops

Florida and Louisiana sustained the most damage from the 2005 hurricane season. According to the Florida State Department of Agriculture, losses for citrus, vegetable, tropical fruit, and nursery damage by the 2005 hurricanes was estimated at \$1.7 billion and the Louisiana State University Ag Center reports damage of \$35.8 million. For example, Florida Citrus Mutual reports there were nearly 352,000 acres of citrus affected for Hurricane Wilma alone. There were 152,000 acres in Tier 1, 95,000 acres in Tier 2, 79,000 acres in Tier 3 and 26,000 acres in Tier 4. Based on the tier payment system Florida citrus payments alone could be more than \$350 million for producers without insurance or NAP coverage and \$368 million for producers with insurance or NAP coverage. However, most producers have received some form of

payment already and are not eligible to receive payment under this program due to the payment limitations provisions. As of November 14, 2006, the Federal Crop Insurance Cooperation (FCIC) has paid out \$463.8 million, including nearly \$60 million for citrus. Limited payment data from other payment sources prevents a definite calculation of payments paid to producers to date. Eligible producers' payments are not expected to exceed \$95 million. If payments exceed \$95 million, payments to eligible producers will be reduced by a uniform national percentage determined by CCC.

Livestock

The estimated \$50 million in expected claims for the 2006 LIP-II (\$30 million) and the 2006 LCP (\$20 million) are expected to significantly affect individual farmers; however these programs are not expected to have noticeable effects on aggregate social welfare. In comparison, FSA paid \$16.9 billion to farmers and ranchers in fiscal 2005, with the largest payments category being \$8 billion paid under the Direct and Counter Cyclical Program. However, payments to individual claimants should provide needed monetary relief from significant financial losses suffered as a result of conditions related to the 2005 Hurricanes.

Trees

Estimated TAP program payments range from \$4.6 million to \$8.6 million, with a most likely estimate of \$5.5 million. Throughout the range of estimates, Florida comprises 63 percent of the estimated damage to fruit and nut trees, vines and bushes, and thus would receive a similar level of total TAP assistance.

Subpart A—General Provisions for 2006 Emergency Agricultural Disaster Assistance Programs

§ 1416.1 Applicability.

(a) This part establishes the terms and conditions under which the following programs will be administered under Title III of the Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Hurricane Recovery, 2006 for producers affected by the 2005 hurricanes listed in § 1416.2:

(1) Livestock Compensation Program (LCP);

(2) Livestock Indemnity Program II (LIP II);

(3) Citrus Disaster Program (Citrus Disaster);

(4) Fruit and Vegetable Disaster Program (Fruit and Vegetable Disaster);

(5) Tropical Fruit Disaster Program (Tropical Fruit);

(6) Nursery Disaster Program (Nursery);

(7) 2005 Hurricane Tree Assistance Program (Hurricane TAP);

(8) Catfish Grant Program (Catfish Grants).

(b) The amount that may be expended for payments under subparts B through I of this part shall not exceed the amounts authorized in Title III of the Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Hurricane Recovery, 2006.

(c) To be eligible for payments under these programs, producers must comply with all applicable provisions under subparts B through I of this part.

§ 1416.2 Eligible counties, hurricanes, and disaster periods.

(a) Except as provided in paragraph (c) of this section, the Commodity Credit Corporation (CCC) will provide assistance under the programs listed in § 1416.1 to eligible producers who have suffered certain losses due to 2005 hurricanes Katrina, Ophelia, Rita, or Wilma, or a related condition, in the counties provided in paragraph (d) of this section. CCC funds for the programs in subparts B through I of this part are made available under the Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Hurricane Recovery, 2006.

(b) The "Disaster Period" is the time period in which losses occurred that may be considered eligible for the programs under subparts B, C, H and I of this part.

(c) The Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Hurricane Recovery, 2006 provides that no

producer receives duplicative payments under the programs in subparts B through I of this part and any other Federal program for the same loss. Under the regulations at 7 CFR part 760, Subpart E, eligible livestock owners and contract growers were provided benefits for certain livestock deaths that occurred as a result of 2005 hurricanes Dennis, Katrina, Ophelia, Rita, or Wilma in many of the same counties as provided in paragraph (d) of this

section. The benefits provided under 7 CFR part 760, Subpart E, are significantly greater than the benefits to be provided under Subpart C of this part. Accordingly, to ensure the statutory requirement that no producer receives duplicative payments under the program in Subpart C of this section and any other Federal program for the same loss, eligible livestock under the program in Subpart C of this section shall be limited to catfish and crawfish

in any county listed in paragraph (d) of this section that was an eligible county under 7 CFR 760.101.

(d) Counties are eligible for emergency disaster assistance under this Act if they received a Presidential designation or Secretarial declaration or are counties contiguous to such counties. Accordingly, the following counties are eligible:

Subpart D—Citrus Disaster Program

§ 1416.300 Applicability.

This subpart sets forth the terms and conditions applicable to the Citrus Disaster Program.

§ 1416.301 Definitions.

Citrus means eligible citrus types that are those listed within the Risk Management Agency (RMA) Florida Citrus Fruit Crop Provisions.

Grove means contiguous acreage of the same citrus crop.

§ 1416.302 Eligible crops and producers.

(a) A producer must be an owner, operator, landlord, tenant, or sharecropper who shares in the risk of producing the citrus crop and is entitled to share in the crop available for marketing from the farm or would have shared had the crop been produced. Producers that did not market citrus in both 2004 and 2005 are not eligible, except producers with groves that will be of fruit-bearing age for 2006, but were too immature to producer marketable fruit in 2004 or 2005.

(b)(1) Citrus producers will be reimbursed on a per-acre basis for each eligible grove. Payment will be based on the severity of destruction as determined by the paths of the storms

and damage estimates by CCC considering levels of loss correlating to the severity of damage caused by maximum sustained winds of the hurricane. The levels of damage that will determine payment rates are as follows:

Tier I—75 percent or greater crop loss and associated tree damage.

Tier II—50 to 74 percent crop loss and associated tree damage/loss.

Tier III—35 to 49 percent crop loss and associated tree damage/loss.

Tier IV—15 percent and greater associated tree damage only.

(2) Citrus producers who suffered citrus crop production losses and associated fruit-bearing tree damage, including related cleanup and rehabilitation costs, must provide to CCC a certified statement on a CCC-approved form of the level of destruction, the number of acres in the disaster-affected grove, and the geographic location of the losses.

(c) If the actual level of loss is greater than the level of loss associated with the tier based on the location of the grove, the applicant may submit documentation to CCC to request the grove be placed in the next lower-numbered tier which represents a greater level of loss and a higher payment rate. Regardless of the level of loss incurred, the grove can only be placed in the next lower-numbered tier.

(d) If the actual level of loss is less than the tier associated with the

location band for the grove, the producer shall certify to the lower loss level, which must be 15 percent or more, on the application and a lower payment rate will be used by CCC based upon the tier rate associated with the lower loss level.

§ 1416.303 Application process.

(a) Producers wishing to receive benefits must submit a completed application and report of acreage identifying the geographic location and number of acres in the disaster-affected area to their local FSA Service Center at the time an application for payment is being filed according to § 1416.5.

(b) Applicants must certify and provide adequate proof that the losses and expenses incurred to eligible citrus crops were a direct result of the hurricane, in accordance with § 1416.2.

§ 1416.304 Payment calculations.

(a) Payments will be calculated by multiplying the number of net acres in each tier times the applicable payment rate, as determined by CCC, times the producer's share of the loss. The number of net acres is determined by subtracting drainage ditches, canals, and other such land uses from the citrus acres planted in the grove. The following table provides the applicable payment rates for producers with crop insurance or NAP coverage and those without coverage:

	Producers with insurance or NAP coverage	Producers without insurance or NAP coverage
Tier I	\$1,500	\$1,425
Tier II	1,000	950
Tier III	600	570
Tier IV	100	95

(b) The percentages of the payment for citrus crops that are subject to the payment limitation and AGI provisions are:

Tier I—55 percent
Tier II—60 percent
Tier III—64 percent
Tier IV—0 percent

(c) The percentages of the payment for citrus crops that are not subject to the payment limitation and AGI provisions are:

Tier I—45 percent
Tier II—40 percent
Tier III—36 percent
Tier IV—100 percent

§ 1416.305 Availability of funds.

(a) In the event that the total amount of eligible claims submitted by eligible

citrus producers under this subpart and subparts E, F, and G of this part exceeds \$95 million, each payment to an eligible citrus producer shall be reduced by a uniform national percentage, as determined by CCC.

(b) Such payment reduction shall be applied after imposition of applicable per person payment limitation as provided in § 1416.6.

Subpart E—Fruit and Vegetable Disaster Program

§ 1416.400 Applicability.

This subpart sets forth the terms and conditions applicable to the Fruit and Vegetable Disaster Program.

§ 1416.401 Definitions.

Other than plasticulture means conventional row-cropped fruits and vegetables, and those crops that are double cropped on a previous crop's or season's plastic.

Specialty crop means any commercially grown fruit or vegetable eligible for crop insurance or NAP coverage.

§ 1416.402 Eligible fruit and vegetable producers.

(a) Producers of fruits and vegetables utilizing "plasticulture", and "other

than plasticulture" production practices are eligible for assistance. Producer must be an owner, operator, landlord, tenant, or sharecropper who shares in the risk of producing the crop and is entitled to share in the crop available for marketing from the farm or would have shared had the crop been produced. Payments will be made on a per-acre basis, and are based on tiers and the severity of destruction as specified for citrus crops and the type of production practice.

(b) Producers must have at least a 35 percent loss in production, or a 15 percent or more associated crop damage. Producers must also document that the necessary materials and procedures were followed to produce vegetables using plasticulture or other than plasticulture.

(c)(1) Fruit and vegetable producers will be reimbursed on a per-acre basis for eligible acreage. Payment will be based on the severity of destruction as determined by the paths of the storms and damage estimates developed by CCC. Estimates take into account levels of loss generally correlating to the severity of damage caused by maximum sustained winds of the applicable hurricanes. The levels of damage that

will determine payment rates are as follows:

Tier I—75 percent or greater crop and/or yield loss

Tier II—50 to 74 percent crop and/or yield loss

Tier III—35 to 49 percent crop and/or yield loss

Tier IV—15 percent or more crop and/or field damage

(2) Fruit and vegetable producers who suffered crop production losses and associated crop damage, including related cleanup, must provide to CCC a certified statement on a CCC approved form of the level of destruction, the number of the disaster affected acres, and the geographic location of the losses.

(d) If the actual level of loss is greater than the tier associated with the location of the acreage, the applicant may submit documentation to CCC to request the acreage be placed in the next lower-numbered tier which represents a greater level of loss and a higher payment rate.

(e) If the actual level of loss is less than the tier associated with the location of the acreage, the producer shall certify to the lower loss level on the application and a lower payment rate will be used by CCC based upon the

tier rate associated with the lower loss level.

§ 1416.403 Application process.

(a) Producers wishing to receive benefits must submit a completed application and report of acreage identifying the geographic location and number of acres in the disaster-affected area to their local FSA Service Center at the time an application for payment is being filed according to § 1416.5.

(b) Applicants must certify and provide adequate proof that the losses and expenses incurred to eligible fruit and vegetable crops were a direct result of the applicable disaster, as set forth in § 1416.2.

§ 1416.404 Payment calculations.

(a) Payments will be calculated by multiplying the number of net acres in each tier times the applicable payment rate, as determined by CCC, times the producer's share of the loss. The number of net acres is determined by subtracting drainage ditches, canals, and other such land uses from the planted fruit and vegetable acres. The following table provides the applicable payment rates for producers with crop insurance or NAP coverage and those without coverage:

	Producers with insurance or NAP coverage		Producers without insurance or NAP coverage	
	Plasticulture	Other than plasticulture	Plasticulture	Other than plasticulture
Tier I	\$3,750	\$1,125	\$3,560	\$1,070
Tier II	2,500	750	2,375	710
Tier III	1,500	450	1,425	425
Tier IV	250	75	235	70

(b) The percentage of the payment for fruit and vegetable crops that are subject to the payment limitation and AGI provisions are:

Tier I—94.6667 percent

Tier II—94 percent

Tier III—93.3333 percent

Tier IV—0 percent

(c) The percentage of the payment for fruit and vegetable crops that are not subject to the payment limitation and AGI provisions are:

Tier I—5.3333 percent

Tier II—6 percent

(d) In addition to the prohibition in § 1416.6(g) a producer may not receive duplicate benefits under this subpart and subpart H of this part, the 2005 Hurricanes Tree Assistance Program.

§ 1416.405 Availability of funds.

(a) In the event that the total amount of eligible claims submitted by eligible fruit and vegetable producers under this subpart and subparts D, F, and G exceeds \$95 million, each payment to an eligible fruit and vegetable producer shall be reduced by a uniform national percentage, as determined by CCC.

(b) Such payment reduction shall be applied after imposition of applicable per person payment limitation as provided in § 1416.6.

Subpart F—Tropical Fruit Disaster Program

§ 1416.503 Application process.

(a) Producers wishing to receive benefits must submit a completed application and report of acreage identifying the geographic location and number of acres in the disaster-affected area to their local FSA Service Center at the time an application for payment is

being filed as provided in § 1416.5. Applications will not be accepted after such date as announced by FSA. Applications for assistance are available at local FSA Service Centers.

The payment rate for insured or NAP covered tropical fruit is a flat rate of \$5000 per acre. The rate for uninsured or acreage without NAP coverage is \$4750 per acre. The total payment is subject to the limitations in § 1416.6.

(b) In addition to the prohibition in § 1416.6(g), producers cannot receive duplicate benefits under this subpart and subpart H of this part, Hurricane TAP, for the same loss.

§ 1416.505 Availability of funds.

(a) In the event that the total amount of eligible claims submitted by eligible tropical fruit producers under this subpart and subparts D, E, and G exceeds \$95 million, each payment to an eligible tropical fruit producer shall be reduced by a uniform national percentage, as determined by CCC.

For a nursery to be considered a commercial nursery, it must be certified by the appropriate state agency. Eligible producers include producers of the following types of nursery stock and such stock as announced by CCC:

(1) Deciduous shrubs, broadleaf evergreens, coniferous evergreens, shade and flowering trees.

(2) Stock for use as propagation in a commercial ornamental nursery operation.

orchard operations growing fruit or nuts.

(b) Eligible nursery inventory does not include:

(1) Edible varieties.

(2) Plants produced for reforestation purposes or for the purpose of producing a crop for which RMA does not provide insurance, or for which CCC does not provide assistance under NAP.

(c) Losses will be determined on an individual-nursery basis. Production loss from one nursery will not be offset by production from another nursery operated by the same applicant.

§ 1416.602 Application process.

(a) Producers wishing to receive benefits must submit a completed application and report of acreage identifying the geographic location, number of acres in the disaster-affected area, the inventory value before the hurricane, and the inventory value after the hurricane to their local FSA Service Center at the time an application for payment is being filed as provided in § 1416.5. The value of the inventory is the producer's wholesale price list, less the maximum customer discount they provide, not to exceed the prices in RMA's "Eligible Plant List and Price Schedule."

(b) Applicants must certify and provide adequate proof that the losses and expenses incurred to eligible nursery crops were a direct result of the applicable hurricane during the disaster period.

§ 1416.603 Payment calculations.

uniform national percentage, as determined by CCC.

(b) Such payment reduction shall be applied after imposition of applicable per person payment limitation as provided in § 1416.6.

Subpart H—2005 Hurricane Tree Assistance Program

§ 1416.700 Applicability.

This subpart sets forth the terms and conditions applicable to the 2005 Hurricane Tree Assistance Program (TAP) for losses in eligible counties as defined according to § 1416.2.

§ 1416.701 Definitions.

Application means the "2005 Hurricane Tree Assistance Program" Application form.

Fruit tree means a woody perennial plant having a single main trunk, commonly exceeding 10 feet in height and usually devoid of branches below, but bearing a head of branches and foliage or crown of leaves at the summit that is grown for the production of an annual crop, including nuts, for commercial market for human consumption.

Stand means a contiguous acreage of the same crop of trees (including Christmas trees, ornamental trees, nursery trees, and potted trees), bushes (including shrubs), or vines.

§ 1416.702 Eligible producers and stands.

(a) An eligible producer means an individual, or legal entity, including an Indian tribe as defined under the Indian Self-Determination and Education Assistance Act; an Indian organization or entity chartered under the Indian Reorganization Act; a tribal organization as defined under the Indian Self-Determination Education and Assistance Act; or, an economic enterprise as defined under the Indian Financing Act of 1974, which owns a tree, bushes, or vine.

(b) An eligible stand must:

(1) Be physically located in an eligible county;

(2) Have been impacted during an eligible disaster as set forth in § 1416.2; and

(3) Be grown for commercial use.

§ 1416.703 Application process.

(a) A complete application for 2005 Hurricane TAP benefits and related supporting documentation must be submitted to the county office prior to the deadline announced by the Deputy Administrator.

(b) A complete application includes all of the following:

(1) A form CCC-896 provided by CCC;

(2) Report of acreage identifying the geographic location and number of acres in the disaster-affected stand of claimed trees, bushes, and vines according to part 718 of this title;

(3) A written estimate of the number of acres of trees, bushes or vines lost or damaged which is prepared by the owner or someone who is a qualified expert, as determined by the county committee;

(4) Sufficient evidence of the loss to allow the county committee to calculate whether an eligible loss occurred.

(c) Before requests will be approved, the county committee:

(1) Must verify actual qualifying losses and the number of acres involved by on-site visual inspection of the land and trees, bushes or vines.

(2) May request additional information and may consider all relevant information in making their determination, including their members' own knowledge about the applicant's normal operations.

§ 1416.704 Payment calculation.

(a) An approved eligible producer shall be reimbursed in an amount not to exceed 75 percent of the eligible costs for the qualifying practice. The payment shall be the lesser of the 75% of actual costs for the practice or the amount calculated using rates established by the Deputy Administrator. The costs permitted shall only be approved for:

(1) Seedlings or cuttings, for trees, bushes or vine replanting;

(2) Site preparation and debris handling within normal cultural practices for the type of individual stand being re-established and necessary to ensure successful plant survival;

(3) Chemicals and nutrients necessary for successful establishment;

(4) Labor to plant seedlings or cuttings as determined reasonable by the county committee;

(5) Replacement, rehabilitation, and pruning; and

(6) Labor used to transplant existing seedlings established through natural regeneration into a productive tree stand.

(b) Costs for fencing, irrigation, irrigation equipment, protection of seedlings from wildlife, general improvements, re-establishing structures, windcreens and other costs as determined by the Deputy Administrator are not eligible for reimbursement benefits.

(c) When lost stands are replanted, the types planted may be different than those originally planted if the new types have the same general end use, as the county committee determines and approves. Payments will be based on the

lesser of rates established to plant the types actually lost or the cost to establish the eligible alternative type used. If the species of plantings, seedlings or cuttings differs significantly from the species lost then, except as the county committee determines, the costs may not be reimbursed.

(d) Eligible producers may elect not to replant or rehabilitate the entire eligible stand. If so, the county committee shall calculate payment based on the number of qualifying trees, bushes or vines actually replanted or rehabilitated.

(e) In addition to the prohibition in § 1416.6(g), and the payment limitation in § 783.6(f) of this title, producers cannot receive duplicate benefits under this subpart and subpart D of this part, the Hurricane Citrus Disaster Program, for the same loss.

§ 1416.705 Obligations of a participant.

(a) Eligible producers must execute all required documents and complete the 2005 Hurricane TAP funded practice within 12 months of application approval.

(b) If a person was erroneously determined to be eligible or becomes ineligible for all or part of a 2005 Hurricane TAP benefit, the person and successor shall refund any payment paid under this part together with interest from the date of disbursement at a rate in accordance with part 1403 of this chapter.

(c) Participants must allow representatives of FSA to visit the site for the purpose of certifying compliance with 2005 Hurricanes TAP requirements.

Subpart I—2005 Catfish Grant Program

§ 1416.800 General.

(a) CCC will administer a limited program to provide assistance to catfish producers in eligible counties. Under the Catfish Grant Program, CCC will provide grants to the State governments of States where eligible counties are located. The amount of each grant will be based on the total value of the catfish feed loss suffered in every eligible county in the subject state as determined by CCC. Available grant funds under this subpart and funds under subpart B of this part will be uniformly prorated to ensure that available funding is not exceeded. Catfish producers in eligible counties who suffered at least a 30-day catfish feed loss may be eligible for these funds. Among other conditions of these grants, assistance provided by a State under such a grant to an applicant shall not exceed \$80,000, except for general partnerships and joint ventures, in

which case assistance shall not exceed \$80,000 times the number of members that constitute the general partnership or joint venture.

(b) No producer may receive duplicate payments under this subpart and any other Federal programs for the same loss.
