Second Record of Decision for the Barry M. Goldwater Range East Range Enhancements Final Environmental Impact Statement

ACTION: Notice of Availability (NOA) of a Second Record of Decision (ROD).

SUMMARY: On May 15, 2013, the United States Air Force signed the Second ROD for the Barry M. Goldwater Range East Range Enhancements Final Environmental Impact Statement. This ROD states the Air Force decision to implement three of the remaining four proposals analyzed in the Environmental Impact Statement. These three proposals include: Proposal 2, Establishing timely reviews and approval procedures to address reconfiguration of existing air-to-ground target complexes on tactical ranges; Proposal 5, lowering the regular flight altitude floor over a portion of the Cabeza Prieta National Wildlife Refuge; and Proposal 7, allowing additional training in combat search and rescue and similar ground-based and combined air-ground operations. While no decision has been made for the final proposal at this time, the Air Force anticipates issuing an additional ROD at a future date once consultations are complete for this proposal.

The decision was based on matters discussed in the Final Environmental Impact Statement (EIS), inputs from the public and regulatory agencies, and other relevant factors. The Final EIS was made available to the public on November, 26, 2010 through a NOA in the **Federal Register** (Volume 75, Number 227, Page 72824) with a wait period that ended on December 27, 2010. On May 20, 2011 the Air Force signed the first ROD for six proposals that were analyzed in the Final EIS. This ROD documents only the decision of the Air Force with respect to the proposed Air Force actions analyzed in the Final EIS. Authority: This NOA is published pursuant to the regulations (40 CFR Part 1506.6) implementing the provisions of the NEPA of 1969 (42 U.S.C. 4321, *et seq.*) and the Air Force's Environmental Impact Analysis Process (EIAP) (32 CFR Parts 989.21(b) and 989.24(b)(7)).

SUMMARY: On May 3, 2013, we published notices in the **Federal Register** inviting applications (NIAs) for the i3 Scale-up and Validation grants (78 FR 25977) and (78 FR 25990). SUPPLEMENTARY INFORMATION:

Corrections

1. In the **Federal Register** of May 3, 2013, on page 25985, middle column, we are correcting the evaluation requirement to read:

“Evaluation: The grantee must conduct an independent evaluation (as defined in this notice) of its project. This evaluation must estimate the impact of the i3-supported practice (as implemented at the proposed level of scale) on a relevant outcome (as defined in this notice). The grantee must make broadly available digitally and free of charge, through formal (e.g., peer-reviewed journals) or informal (e.g., newsletters) mechanisms, the results of any evaluations it conducts of its funded activities. For Scale-up and Validation grants, the grantee must also ensure that the data from its evaluation are made available to third-party

researchers consistent with applicable privacy requirements.

In addition, the grantee and its independent evaluator must agree to cooperate with any technical assistance provided by the Department or its contractor and comply with the requirements of any evaluation of the program conducted by the Department. This includes providing to the Department, within 100 days of a grant award, an updated comprehensive evaluation plan in a format and using such tools as the Department may require. Grantees must update this evaluation plan at least annually to reflect any changes to the evaluation. All of these updates must be consistent with the scope and objectives of the approved application. (2013 i3 NFP)”

2. In the **Federal Register** of May 3, 2013, beginning on page 25998, last column, and continuing on page 25999, first column, we are correcting the evaluation requirement to read:
