FOR FURTHER INFORMATION CONTACT: Cynthia Gillham, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814; (301) 504-7791, or by email to: pra@cpsc.gov.

SUPPLEMENTARY INFORMATION: CPSC seeks to extend the following currently approved collection of information, and to revise it to include additional forms of qualitative studies:

Title: Focus Groups and Other Qualitative Studies.

OMB Number: 3041-0136.

Type of Review: Extension and revision of collection.

Frequency of Response: On occasion.

Affected Public: Consumers.

Estimated Number of Respondents: CPSC estimates that this collection will involve 2,620 participants, including prospective focus group participants who are screened but ultimately not selected for participation.

Estimated Time per Response: We estimate that the average response time for each participant will be 1.1 hours.

Total Estimated Annual Burden: Based on CPSC's estimates that 2,620 participants will each spend an average of 1.1 hours responding to the collection, CPSC estimates that the total annual burden of this collection is 2,882 hours. The annualized cost to respondents for the information collection is \$124,675.32 (2,882 hours × \$43.26/hr), as estimated from total compensation data available from the U.S. Bureau of Labor Statistics.¹

General Description of Collection: Section 5(a) of the Consumer Product Safety Act (CPSA), 15 U.S.C. 2054(a), authorizes the Commission to conduct studies and investigations relating to the causes and prevention of deaths, accidents, injuries, illnesses, other health impairments, and economic losses associated with consumer products. Section 5(b) of the CPSA, 15 U.S.C. 2054(b), further provides that the Commission may conduct research, studies, and investigations on the safety of consumer products, or test consumer products and develop product safety test methods and testing devices.

To help identify and evaluate product-related incidents, Commission staff invites and obtains direct feedback from consumers on issues related to product safety, such as recall effectiveness, product use, and perceptions regarding safety issues. The information that the CPSC collects from future focus groups—including usability studies and ethnographic studies for consumer products, which are being added to this revised collection—will help inform the Commission's identification and evaluation of consumer products and product use, by providing insight and information into consumer perceptions and usage patterns. In some cases, one-on-one interviews may be conducted as a more in-depth extension of a focus group, or in place of a traditional focus group or study. This information may also assist the Commission in its efforts to support voluntary standards activities and help CPSC identify emerging consumer safety issues requiring additional research. In addition, based on the information obtained, CPSC may be able to provide safety information to the public that is easier to read and understood by a wider range of consumers.

¹ Total hourly compensation for all civilian workers is estimated by the U.S. Bureau of Labor Statistics to be \$43.26: Employer Costs for Employee Compensation, June 2023, Table 1, (https://www.bls.gov/news.release/archives/ecec_09122023.pdf).

Request for Comments

The Commission solicits written comments from all interested persons about the proposed collection of information. The Commission specifically solicits information relevant to the following topics:

- whether the collection of information described above is necessary for the proper performance of the Commission's functions, including whether the information would have practical utility;
- whether the estimated burden of the proposed collection of information is accurate;
- whether the quality, utility, and clarity of the information to be collected could be enhanced; and
- whether the burden imposed by the collection of information could be minimized by use of automated, electronic, or other technological collection techniques, or other forms of information technology.

Alberta E. Mills,

Secretary, Consumer Product Safety Commission.
