

goods; and the profit rate as a percentage of the cost of manufacture plus SG&A and traded goods. *See Surrogate Value Memorandum* for a full discussion of the calculation of these ratios.

For packing materials, we used the per-kilogram values obtained from the Indian WTA import data and made adjustments to account for freight costs incurred between the PRC supplier and Shanghai Fortune. *See Surrogate Value Memorandum* at Attachment 4.

Currency Conversion

We made currency conversions into U.S. dollars, in accordance with section 773A(a) of the Act, based on the exchange rates in effect on the dates of the U.S. sales, as certified by the Federal Reserve Bank.

Preliminary Results of Review

We preliminarily find the weighted-average dumping margin for Shanghai Fortune for the period July 1 2005, through June 30, 2006, to be 47.60 percent.

Disclosure

Any interested party may request a hearing within 30 days of publication of this notice. *See* 19 CFR 351.310(c). Any hearing, if requested, will be held 42 days after the date of publication of this notice. *See* 19 CFR 351.310(d). Rebuttal briefs and rebuttals to written comments, limited to issues raised in such briefs or comments, may be filed no later than 35 days after the date of publication. *See* 19 CFR 351.309(d). The Department requests that parties submitting written comments also provide the Department with an additional copy of those comments on diskette or CD. The Department will issue the final results of this administrative review, which will include the results of its analysis of issues raised in any such comments, within 120 days of publication of these preliminary results, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

Upon issuance of the final results, the Department will determine, and CBP shall assess, antidumping duties on all appropriate entries. The Department

intends to issue appropriate assessment instructions directly to CBP 15 days after the date of publication of the final results of this administrative review. In accordance with 19 CFR 351.212(b)(1), we calculated an exporter/importer—or customer—specific assessment rate or value for merchandise subject to this review. For these preliminary results, we divided the total dumping margins for the reviewed sales by the total entered quantity of those reviewed sales for each applicable importer. In this review, if these preliminary results are adopted in our final results of review, we will direct CBP to assess the resulting rate against the entered customs value or per-unit assessment, as appropriate, for the subject merchandise on each importers'/customers' entries during the POR.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) for Shanghai Fortune, which has a separate rate, the cash deposit rate will be the company-specific rate established in the final results of review (except, if the rate is zero or *de minimis*, no cash deposit will be required); (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (3) for all PRC exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the PRC-wide rate of 329.33 percent; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporters that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties

occurred and the subsequent assessment of double antidumping duties.

This determination is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: April 27, 2007.

David M. Spooner,

Assistant Secretary for Import Administration.

SUPPLEMENTARY INFORMATION:

Background

On September 29, 2006, the Department of Commerce ("the Department") published a notice of initiation of administrative review of the antidumping duty order on certain small diameter seamless carbon and alloy steel standard, line and pressure pipe from Brazil, covering the period August 1, 2005, through July 31, 2006. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 71 FR 57465 (September 29, 2006). The preliminary results for this review are currently due no later than May 3, 2007.

Statutory Time Limits

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires the Department to issue the preliminary results of an administrative review within 245 days after the last day of the anniversary month of an order for which a review is requested and the final results of review within 120 days after the date on which the preliminary

results are published. If it is not practicable to complete the review within the time period, section 751(a)(3)(A) of the Act allows the Department to extend these deadlines to a maximum of 365 days and 180 days, respectively.

Extension of Time Limits for Preliminary Results

The deadline for the preliminary results of this administrative review is currently May 3, 2007. The Department determines that completion of the preliminary results within the statutory time period is not practicable. The Department issued a supplemental sales and cost questionnaire to respondent V&M do Brasil, S.A. ("VMB") to gather information with respect to how VMB reported certain production costs and calculated its interest expense ratio on April 18, 2007, and the supplemental questionnaire response is currently due on May 2, 2007. The Department requires additional time to review and analyze VMB's supplemental questionnaire response, and to issue additional supplemental cost questionnaires, if necessary.

Therefore, given the additional time needed to conduct complete analyses for this administrative review, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time limit for completion of these preliminary results by an additional 60 days to no later than July 2, 2007. The final results continue to be due no later than 120 days after the publication of the notice of the preliminary results.

We are issuing and publishing this notice in accordance with sections 751(a)(3)(A) and 777(i)(1) of the Act.

Dated: April 30, 2007.

Background

On April 3, 2006, the Department published in the **Federal Register** a notice of "Opportunity To Request Administrative Review" of the antidumping duty order on rebar from Turkey. *See Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity To Request Administrative Review*, 71 FR 16549 (Apr. 3, 2006).

In accordance with 19 CFR 351.213(b)(2), on April 28, 2006, the Department received requests to conduct an administrative review of the antidumping duty order on rebar from Turkey from the following producers/exporters of rebar: Colakoglu; Diler; Ekinciler Demir ve Celik Sanayi A.S. and Ekinciler Dis Ticaret A.S. (collectively "Ekinciler"); Habas Sinai ve Tibbi Gazlar Istihsal Endustrisi A.S. (Habas); and Kaptan Demir Celik Endustrisi ve Ticaret A.S. and Kaptan Metal Dis Ticaret ve Nakliyat A.S. (collectively "Kaptan"). As part of their requests, Colakoglu and Diler also requested that the Department revoke

the antidumping order with regard to them, in accordance with 19 CFR 351.222(b). Also, on April 28, 2006, the domestic interested parties, Nucor Corporation, Gerdau AmeriSteel Corporation and Commercial Metals Company, requested an administrative review for Colakoglu, Diler, Ekinciler, and Habas pursuant to section 751(a) of the Tariff Act of 1930, as amended (the Act), and in accordance with 19 CFR 351.213(b)(1). Further, in accordance with 19 CFR 351.214(b), on April 28, 2006, the Department received a request to conduct a new shipper review of the antidumping duty order on rebar from Turkey from Kroman Celik Sanayii A.S. and Yucelboru Ihracat Ithalat ve Pazarlama A.S. In May 2006, the Department initiated an administrative review for Colakoglu, Diler, Ekinciler, Habas, and Kaptan and a new shipper review for Kroman, and we issued antidumping duty questionnaires to these companies. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 71 FR 30864 (May 31, 2006), and *Notice of Initiation of New Shipper Antidumping Duty Review: Certain Steel Concrete Reinforcing Bars from Turkey*, 71 FR 30383 (May 26, 2006). On May 22, 2006, Kroman agreed in writing to waive the time limits in order for the Department, pursuant to 19 CFR 351.214(j)(3), to conduct the new shipper review concurrently with the administrative review.

In July 2006, we received responses to sections A through D of the questionnaire from Colakoglu, Diler, Ekinciler, and Habas, and to sections A through C of the questionnaire from Kaptan and Kroman.
