

Commission, United States and Mexico (USIBWC).

ACTION: Notice.

SUMMARY: Pursuant to Section 102(2)(c) of the National Environmental Policy Act of 1969; the Council on Environmental Quality Final Regulations, and the USIBWC Operational Procedures for Implementing Section 102 of NEPA, published in the **Federal Register** September 2, 1981, the USIBWC hereby gives notice that the *Final Environmental Assessment and Finding of No Significant Impact for the Continued Implementation of the River Management Plan for the Rio Grande Canalization Project* is available.

FOR FURTHER INFORMATION CONTACT:

Elizabeth Verdecchia, Natural Resources Specialist, USIBWC, 4191 N Mesa, C-100; El Paso, Texas 79902. Telephone: (915) 832-4701, Fax: (915) 493-2428, email: Elizabeth.Verdecchia@ibwc.gov.

Availability: The electronic version of the Final EA is available on the USIBWC web page: https://www.ibwc.gov/EMD/EIS_EA_Public_Comment.html.

SUPPLEMENTARY INFORMATION: The USIBWC prepared the EA to evaluate the environmental effects of continuing to implement the River Management Plan (RMP) for the Rio Grande Canalization Project (RGCP) in Sierra and Doña Ana Counties, New Mexico and El Paso County, Texas. The RMP covers sediment removal from the channel and lower end of tributary arroyos; vegetation management along channel banks, floodways, and levees; replacement of channel bank rip rap; maintenance of sedimentation/flood control dams in the tributary arroyos (since the construction of those dams in the early 1970s); maintenance of all RGCP infrastructure, including levee roads, bridges, and the American Diversion Dam; implementation of channel maintenance alternatives (CMAs) within the USIBWC right-of-way (ROW) as outlined in the RMP; and implementation/maintenance of habitat restoration sites. The EA evaluates potential impacts of seven alternatives, including the No Action Alternative. Under the Preferred Alternative, USIBWC would continue implementation of the RMP; designate up to 65 miles through the USIBWC ROW for the New Mexico Rio Grande Trail and Texas trails under USIBWC's lease program; conduct increased sediment removal; re-evaluate and construct additional CMAs potentially outside of the ROW; increase efforts to engage stakeholders through the

Sediment Control Initiative Federal Workgroup and stakeholder groups; and transfer up to 500 acres of unsuccessful restoration (either No-Mow Zone managed grasslands or habitat restoration) to areas outside of the USIBWC jurisdiction, via partnerships.

Potential impacts on natural, cultural, and other resources were evaluated. A Finding of No Significant Impact has been prepared for the Preferred Alternative based on a review of the facts and analyses contained in the EA. Notice of the Draft EA was published in the **Federal Register** on May 31, 2019 (**Federal Register** Notice, Vol. 84, No. 105, Page 25307); USIBWC extended the original thirty-five (35) day comment period an additional thirty-one (31) calendar days for a total of sixty-six (66) days. USIBWC modified the Preferred Alternative to incorporate public input. An environmental impact statement will not be prepared unless additional information which may affect this decision is brought to our attention within 30 days from the date of this Notice.

Dated: December 5, 2019.

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-612-613 and 731-TA-1429-1430 (Final)]

Polyester Textured Yarn From China and India

Determinations

On the basis of the record¹ developed in the subject investigations, the United States International Trade Commission ("Commission") determines, pursuant to the Tariff Act of 1930 ("the Act"), that an industry in the United States is materially injured by reason of imports of polyester textured yarn from China and India, provided for in subheadings 5402.33.3000 and 5402.33.6000 of the Harmonized Tariff Schedule of the United States, that have been found by the U.S. Department of Commerce ("Commerce") to be sold in the United States at less than fair value ("LTFV"), and to be subsidized by the governments of China and India.²

¹ The record is defined in sec. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

² The Commission also finds that imports subject to Commerce's affirmative critical circumstances

Background

The Commission instituted these investigations effective October 18, 2018, following receipt of petitions filed with the Commission and Commerce by Unifi Manufacturing, Inc., Greensboro, North Carolina; and Nan Ya Plastics Corp. America, Lake City, South Carolina. The final phase of the investigations was scheduled by the Commission following notification of preliminary determinations by Commerce that imports of polyester textured yarn from China and India were subsidized within the meaning of section 703(b) of the Act (19 U.S.C. 1671b(b)) and sold at LTFV within the meaning of 733(b) of the Act (19 U.S.C. 1673b(b)). Notice of the scheduling of the final phase of the Commission's investigations and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** on July 29, 2019 (84 FR 36619). The hearing was held in Washington, DC, on November 13, 2019, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission made these determinations pursuant to sections 705(b) and 735(b) of the Act (19 U.S.C. 1671d(b) and 19 U.S.C. 1673d(b)). It completed and filed its determinations in these investigations on January 3, 2020. The views of the Commission are contained in USITC Publication 5007 (January 2020), entitled *Polyester Textured Yarn from China and India: Investigation Nos. 701-TA-612-613 and 731-TA-1429-1430 (Final)*.

By order of the Commission.

Issued: January 3, 2020.

Lisa Barton,

Secretary to the Commission.
