Keywell LLC, Frewsburg, New York and Keywell LLC, Falconer, New York; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974, as amended ("Act"), 19 U.S.C. 2273, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on November 6, 2013, applicable to workers of Keywell LLC, Frewsburg, New York. The workers are engaged in activities related to the production of scrap stainless, titanium and high temperature alloys. The subject worker group includes workers engaged in employment related to the processing of the metals from scrap for use in other products for customers. The notice will be published soon in the **Federal Register**.

At the request of New York State agency, the Department reviewed the certification for workers of the subject firm. Information shows that the correct city location for 1873 Lyndon Boulevard is Falconer, New York not Frewsburg, New York as indicated on the petition. The original intent of the Chautauqua Workforce Office and the subject firm was to include the Frewsburg, New York and Falconer, New York locations of Keywell LLC in the certification determination.

The intent of the Department's certification is to include all workers of the subject firm who were adversely

affected by increased company imports of scrap stainless steel, titanium and high temperature alloys.

Accordingly, the Department is amending the certification to include workers of the Frewsburg, New York and Falconer, New York locations of Keywell LLC.

The amended notice applicable to TA-W-83,085 and TA-W-83,085A are hereby issued as follows:

All workers of Keywell LLC, Frewsburg, New York (TA-W-83,085) and Keywell LLC, Falconer, New York (TA-W-83,085A), who became totally or partially separated from employment on or after September 10, 2012 through November 6, 2015, and all workers in the group threatened with total or partial separation from employment on the date of certification through two years from the date of certification, are eligible to apply for adjustment assistance under Chapter 2 of Title II of the Trade Act of 1974, as amended.

Johnstown Specialty Castings Inc., a Subsidiary of WHEMCO, Including On-Site Leased Workers From Berkebile Excavating Company, Inc., Johnstown, Pennsylvania; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974, as amended ("Act"), 19 U.S.C. 2273, the Department of Labor issued a Certification of Eligibility To Apply for Worker Adjustment Assistance on June 25, 2013, applicable to workers of Johnstown Specialty Castings, Inc., a subsidiary of WHEMCO, Johnstown, Pennsylvania. The Department's notice of determination was published in the **Federal Register** on July 12, 2013 (Volume 78 FR page 41956).

At the request of three workers, the Department reviewed the certification for workers of the subject firm. The workers were engaged in production of rolling mill rolls.

New information from the company revealed that workers leased from Berkebile Excavating Company, Inc. were employed on-site at the Johnstown, Pennsylvania location of

Johnstown Specialty Castings, Inc., a subsidiary of WHEMCO. The Department has determined that these workers were sufficiently under the control of the subject firm to be considered leased workers.

The intent of the Department's certification is to include all workers of the firm who were adversely affected by increased imports of articles like or directly competitive with rolling mill rolls. Based on these findings, the Department is amending this certification to include workers leased from Berkebile Excavating Company, Inc. working on-site at the Johnstown, Pennsylvania location of Johnstown Specialty Castings, Inc.

The amended notice applicable to TA-W-82,671 is hereby issued as follows:

All workers of Berkebile Excavating Company, Inc., reporting to Johnstown Specialty Castings, Inc., a subsidiary of WHEMCO, Johnstown, Pennsylvania, who became totally or partially separated from employment on or after April 17, 2012, through June 25, 2015, and all workers in the group threatened with total or partial separation from employment on the date of certification through two years from the date of certification, are eligible to apply for adjustment assistance under Chapter 2 of Title II of the Trade Act of 1974, as amended.

Harrison Medical Center, a Subsidiary of Franciscan Health System Bremerton, Washington; Notice of Negative Determination Regarding Application for Reconsideration

By application dated November 14, 2013, the Washington State Labor Council requested administrative reconsideration of the Department of Labor's negative determination regarding eligibility to apply for Trade Adjustment Assistance (TAA), applicable to workers and former workers of Harrison Medical Center, a subsidiary of Franciscan Health System, Bremerton, Washington (subject firm). On November 12, 2013 the Department issued a negative determination applicable to workers and former

workers of the subject firm. The Department's Notice of determination will soon be published in the **Federal Register**. The subject firm supplies acute care hospital physician office services.

Pursuant to 29 CFR 90.18(c) reconsideration may be granted under the following circumstances:

(1) If it appears on the basis of facts not previously considered that the determination complained of was erroneous;

(2) If it appears that the determination complained of was based on a mistake in the determination of facts not previously considered; or

(3) If in the opinion of the Certifying Officer, a misinterpretation of facts or of the law justified reconsideration of the decision.

The negative determination applicable to workers and former workers of the subject firm was based on the Department's findings that the subject firm did not import services like or directly competitive with the services supplied by the workers, and a shift in the supply of such services to a foreign country by the workers' firm or an acquisition of such services from a foreign country by the workers' firm did not occur in the relevant time period. The investigation revealed that the petitioning worker group did not meet the criteria set forth in Section 222(a) and Section 222(e) of the Trade Act of 1974, as amended.

In the request for reconsideration, the petitioner did not supply facts not previously considered and did not provide additional documentation indicating that there was either (1) a mistake in the determination of facts not previously considered or (2) a misinterpretation of facts or of the law justifying reconsideration of the initial determination.

The request for reconsideration alleges that the subject firm entered into a contract with M Modal that may have allowed the outsourcing of services, and requested that the Department confirm that no such outsourcing occurred.

Based on these findings, the Department determines that 29 CFR 90.18(c) has not been met.

In addition, a careful review of the administrative record reveals that the Department did confirm with both the subject firm and M Modal that no such shift had occurred.

Conclusion

After careful review of the application and investigative findings, I conclude that there has been no error or misinterpretation of the law or of the facts which would justify

reconsideration of the Department of Labor's prior decision. Accordingly, the application is denied.

Signed in Washington, DC, this 27th day of November, 2013.
