- (2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;
- (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and
- (4) How the agency might minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time.

While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

1. *Type of Information Collection:* Reinstatement, with change, of a previously approved collection for which approval has expired.

2. *Title of the Form/Collection:* 2022 Census of Law Enforcement Training Academies (CLETA).

3. *Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection:* The form number is CJ-52. The applicable component within the Department of Justice is the Bureau of Justice Statistics (BJS), in the Office of Justice Programs.

The survey asks about the operating entity; resources available to recruits; total operating budget; full-time and part-time instructors or trainers and their education, sworn officer experience, certifications, and ongoing training; sex, race and Hispanic origin, prior educational attainment, and veteran status of recruits starting and completing training; and the length and content of basic training curricula offered at the academy.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* BJS estimates approximately 750 law enforcement academies with a respondent burden of about 2 hours per academy to complete the survey form and about 10 minutes per agency of data quality follow-up time for approximately 450 of those academies.

6. *An estimate of the total public burden (in hours) associated with the collection:* There are an estimated 1,575 total burden hours associated with this information collection.
