Animal and Plant Health Inspection Service

Title: NAHMS Emergency Epidemiologic Investigations.

OMB Control Number: 0579-0376.

Summary of Collection: Collection and dissemination of animal health data and information is mandated by 7 U.S.C. 391, the Animal Industry Act of 1884, which established the precursor of the Animal and Plant Health Inspection Service (APHIS), Veterinary Services, the Bureau of Animal Industry. Legal requirements for examining and reporting on animal disease control methods were further mandated by 7 U.S.C. 8308, 8314 of the Animal Health Protection Act, "Detection, Control, and Eradication of Disease and Pests," May 13, 2002. Emergency epidemiologic investigations will allow Veterinary Services Officials to rapidly implement prevention and control measures, keep the public informed to reduce fear or panic, and keep international markets open by informing trading partners.

Need and Use of the Information: The primary objective of the National Animal Health Monitoring System's (NAHMS) emergency epidemiologic investigations is to provide for the prevention and control of animal disease conditions and protect the U.S. livestock population from the introduction and spread of domestic, emerging, zoonotic, and foreign animal disease. APHIS will collect information using a questionnaire or telephone interview or direct interview. APHIS will use the data collected to (1) Identify the scope of the problem, (2) Define and describe the affected population and the susceptible population, (3) Predict or detect trends in disease occurrence and movement, (4) Understand the risk factors for disease, (5) Estimate the cost of disease control and develop intervention options, (6) Provide parameters for mathematical models of animal disease to evaluate potential control scenarios, (7) Make recommendation for disease control, (8) Provide lessons learned and guidance on the best methods to avoid future outbreaks, and (9) Identify areas for further research, e.g. mechanisms of disease transfer, vaccine technology, and diagnostic testing needs.

Description of Respondents: Business or other for-profit.

Number of Respondents: 3,000.

Frequency of Responses: Reporting: On occasion;

Total Burden Hours: 2,175.
