

development and implementation of their transition plans and to respond to the changes brought about by the transition.

NASADAD is in the unique position to facilitate these activities because:

- NASADAD is the sole and unique organization with a direct official relationship with the SSAs. SSAs, which form the membership of NASADAD, are the only entities that may directly apply for and administer SAMHSA's SAPT Block Grant funds.

- The activities required under this grant program will require NASADAD and its members (SSAs) to provide the necessary State perspective regarding needs and potential changes to the State substance abuse treatment system practices and to their information system's infrastructure.

- NASADAD is the sole organization that has been utilizing, in support of CSAT, a Web-based process to facilitate SSA dialogue on NOMs.

- NASADAD's constituency and staff are a repository of knowledge on State issues related to substance abuse treatment indicators and are accountable for performance in the SAPT Block Grant. This knowledge is critical to the grant project.

- NASADAD has a Data Subcommittee that is essential to the required grant activities. In addition, NASADAD is uniquely qualified to conduct the required activities because of its relationship with the SSAs and its history of collaboration with the Federal government and other organizations that represent issues of importance to State government.
