

DEPARTMENT OF THE INTERIOR**Fish and Wildlife Service****50 CFR Part 20**

RIN 1018-AH79

Migratory Bird Hunting; Late Seasons and Bag and Possession Limits for Certain Migratory Game Birds**AGENCY:** Fish and Wildlife Service, Interior.**ACTION:** Final rule.

SUMMARY: This rule prescribes the hunting seasons, hours, areas, and daily bag and possession limits for general waterfowl seasons and those early seasons for which States previously deferred selection. Taking of migratory birds is prohibited unless specifically provided for by annual regulations. This rule permits the taking of designated species during the 2001–02 season.

DATES: This rule is effective on September 29, 2001.

FOR FURTHER INFORMATION CONTACT: Jonathan Andrew, Chief, or Ron W. Kokel, Division of Migratory Bird Management, U.S. Fish and Wildlife Service, (703) 358–1714.

SUPPLEMENTARY INFORMATION:**Regulations Schedule for 2001**

On April 30, 2001, we published in the **Federal Register** (66 FR 21298) a proposal to amend 50 CFR part 20. The proposal dealt with the establishment of seasons, limits, and other regulations for migratory game birds under §§ 20.101 through 20.107, 20.109, and 20.110 of subpart K. On June 14, 2001, we published in the **Federal Register** (66 FR 32297) a second document providing supplemental proposals for early- and late-season migratory bird hunting regulations frameworks and the proposed regulatory alternatives for the 2001–02 duck hunting season. The June 14 supplement also provided detailed information on the 2001–02 regulatory schedule and announced the Service Migratory Bird Regulations Committee and Flyway Council meetings.

On June 20–21, we held meetings that reviewed information on the current status of migratory shore and upland game birds and developed 2001–02 migratory game bird regulations recommendations for these species plus regulations for migratory game birds in Alaska, Puerto Rico, and the Virgin Islands, special September waterfowl seasons in designated States, special sea duck seasons in the Atlantic Flyway, and extended falconry seasons. In addition, we reviewed and discussed

preliminary information on the status of waterfowl as it relates to the development and selection of the regulatory packages for the 2001–02 regular waterfowl seasons. On July 24, we published in the **Federal Register** (66 FR 38494) a third document specifically dealing with the proposed frameworks for early-season regulations and final regulatory alternatives for the 2001–02 duck hunting season. On August 21, 2001, we published in the **Federal Register** (66 FR 44010) a final rule that contained final frameworks for early migratory bird hunting seasons from which wildlife conservation agency officials from the States, Puerto Rico, and the Virgin Islands selected early-season hunting dates, hours, areas, and limits. On August 29, 2001, we published in the **Federal Register** (66 FR 45730) a final rule amending subpart K of title 50 CFR part 20 to set hunting seasons, hours, areas, and limits for early seasons.

On August 1–2, 2001, we held a public meeting in Washington, DC, as announced in the April 30, and June 14 **Federal Registers**, to review the status of waterfowl. Proposed hunting regulations were discussed for late seasons. We published proposed frameworks for the 2001–02 late-season migratory bird hunting regulations on August 28, 2001, in the **Federal Register** (66 FR 45516). We published final late-season frameworks for migratory game bird hunting regulations, from which State wildlife conservation agency officials selected late-season hunting dates, hours, areas, and limits for 2001–02 in the September 27, 2001, **Federal Register**.

The final rule described here is the eighth and final in the series of proposed, supplemental, and final rulemaking documents for migratory game bird hunting regulations for 2001–02 and deals specifically with amending subpart K of 50 CFR part 20. It sets hunting seasons, hours, areas, and limits for species subject to late-season regulations and those for early seasons that States previously deferred.

NEPA Consideration

NEPA considerations are covered by the programmatic document, “Final Supplemental Environmental Impact Statement: Issuance of Annual Regulations Permitting the Sport Hunting of Migratory Birds (FSES 88–14),” filed with the Environmental Protection Agency on June 9, 1988. We published a Notice of Availability in the **Federal Register** on June 16, 1988 (53 FR 22582). We published our Record of Decision on August 18, 1988 (53 FR 31341). Copies are available from the

address indicated under the caption **ADDRESSES**.

Endangered Species Act Consideration

We have considered provisions of the Endangered Species Act of 1973, as amended, (16 U.S.C. 1531–1543; hereinafter the Act) to ensure that hunting is not likely to jeopardize the continued existence of any species designated as endangered or threatened or modify or destroy its critical habitat and that the action is consistent with conservation programs for those species.

Executive Order (E.O.) 12866

This rule was reviewed by the Office of Management and Budget (OMB). The migratory bird hunting regulations are economically significant and are annually reviewed by OMB under E.O. 12866.

Regulatory Flexibility Act

These regulations have a significant economic impact on substantial numbers of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). We analyzed the economic impacts of the annual hunting regulations on small business entities in detail and issued a Small Entity Flexibility Analysis (Analysis) in 1998. The Analysis documented the significant beneficial economic effect on a substantial number of small entities. The primary source of information about hunter expenditures for migratory game bird hunting is the National Hunting and Fishing Survey, which is conducted at 5-year intervals. The Analysis was based on the 1996 National Hunting and Fishing Survey and the U.S. Department of Commerce's County Business Patterns, from which it was estimated that migratory bird hunters would spend between \$429 million and \$1.084 billion at small businesses in 1998. Copies of the Analysis are available upon request from the address indicated under the caption **ADDRESSES**.

Small Business Regulatory Enforcement Fairness Act

This rule is a major rule under 5 U.S.C. 804(2), the Small Business Regulatory Enforcement Fairness Act. For the reasons outlined above, this rule has an annual effect on the economy of \$100 million or more. However, because this rule establishes hunting seasons, we do not plan to defer the effective date under the exemption contained in 5 U.S.C. 808 (1) .

Paperwork Reduction Act

We examined these regulations under the Paperwork Reduction Act of 1995.

We utilize the various recordkeeping and reporting requirements imposed under regulations established in 50 CFR part 20, Subpart K, in the formulation of migratory game bird hunting regulations. Specifically, OMB has approved the information collection requirements of the Migratory Bird Harvest Information Program and assigned control number 1018-0015 (expires 9/30/2001). This information is used to provide a sampling frame for voluntary national surveys to improve our harvest estimates for all migratory game birds in order to better manage these populations. OMB has also approved the information collection requirements of the Sandhill Crane Harvest Questionnaire and assigned control number 1018-0023 (expires 7/31/2003). The information from this survey is used to estimate the magnitude and the geographical and temporal distribution of harvest, and the portion it constitutes of the total population. A Federal agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Unfunded Mandates Reform Act

We have determined and certify, in compliance with the requirements of the Unfunded Mandates Reform Act, 2 U.S.C. 1502 *et seq.*, that this rulemaking will not “significantly or uniquely” affect small governments, and will not produce a Federal mandate of \$100 million or more in any given year on local or State government or private entities. Therefore, this rule is not a “significant regulatory action” under the Unfunded Mandates Reform Act.

Civil Justice Reform—Executive Order 12988

The Department, in promulgating this rule, has determined that this rule will not unduly burden the judicial system and meets the requirements of sections 3(a) and 3(b)(2) of E.O. 12988.

Takings Implication Assessment

In accordance with E.O. 12630, this rule, authorized by the Migratory Bird Treaty Act, does not have significant takings implications and does not affect any constitutionally protected property rights. This rule will not result in the physical occupancy of property, the physical invasion of property, or the regulatory taking of any property. In fact, this rule will allow hunters to

exercise otherwise unavailable privileges, and, therefore, reduces restrictions on the use of private and public property.

Federalism Effects

Due to the migratory nature of certain species of birds, the Federal Government has been given responsibility over these species by the Migratory Bird Treaty Act. We annually prescribe frameworks from which the States make selections and employ guidelines to establish special regulations on Federal Indian reservations and ceded lands. This process preserves the ability of the States and Tribes to determine which seasons meet their individual needs. Any State or Tribe may be more restrictive than the Federal frameworks at any time. The frameworks are developed in a cooperative process with the States and the Flyway Councils. This allows States to participate in the development of frameworks from which they will make selections, thereby having an influence on their own regulations. These rules do not have a substantial direct effect on fiscal capacity, change the roles or responsibilities of Federal or State governments, or intrude on State policy or administration. Therefore, in accordance with E.O. 13132, these regulations do not have significant federalism effects and do not have sufficient federalism implications to warrant the preparation of a Federalism Assessment.

Government-to-Government Relationship with Tribes

In accordance with the President's memorandum of April 29, 1994, “Government-to-Government Relations with Native American Tribal Governments” (59 FR 22951), E.O. 13175, and 512 DM 2, we have evaluated possible effects on Federally recognized Indian tribes and have determined that there are no effects.

Energy Effects—E.O. 13211

On May 18, 2001, the President issued E.O. 13211 on regulations that significantly affect energy supply, distribution, and use. E.O. 13211 requires agencies to prepare Statements of Energy Effects when undertaking certain actions. While this rule is a significant regulatory action under E.O. 12866, it is not expected to adversely affect energy supplies, distribution, or

use. Therefore, this action is not a significant energy action and no Statement of Energy Effects is required.

Regulations Promulgation

The rulemaking process for migratory game bird hunting must, by its nature, operate under severe time constraints. However, we intend that the public be given the greatest possible opportunity to comment on the regulations. Thus, when the preliminary proposed rulemaking was published, we established what we believed were the longest periods possible for public comment. In doing this, we recognized that, when the comment period closed, time would be of the essence. That is, if there were a delay in the effective date of these regulations after this final rulemaking, the States would have insufficient time to implement their selected season dates and limits and start their seasons in a timely manner.

We therefore find that “good cause” exists, within the terms of 5 U.S.C. 553(d)(3) of the Administrative Procedure Act, and these regulations will, therefore, take effect immediately upon publication. Accordingly, with each conservation agency having had an opportunity to participate in selecting the hunting seasons desired for its State or Territory on those species of migratory birds for which open seasons are now prescribed, and consideration having been given to all other relevant matters presented, certain sections of title 50, chapter I, subchapter B, part 20, subpart K, are hereby amended as set forth below.

List of Subjects in 50 CFR Part 20

Exports, Hunting, Imports, Reporting and recordkeeping requirements, Transportation, Wildlife.

Dated: September 19, 2001.

Joseph E. Doddridge,

Acting Assistant Secretary for Fish and Wildlife and Parks.

For the reasons set out in the preamble, title 50, chapter I, subchapter B, Part 20, subpart K of the Code of Federal Regulations is amended as follows:

PART 20—[AMENDED]

1. The authority citation for Part 20 continues to read as follows:

Authority: 16 U.S.C. 703–712 and 16 U.S.C. 742 a–j, Pub. L. 106–108.

BILLING CODE 4310–55–P

Note - The following annual regulations provided for by §§20.104, 20.105, 20.106, 20.107, and 20.109 of 50 CFR part 20 will not appear in the Code of Federal Regulations because of their seasonal nature.

CHECK STATE REGULATIONS FOR ADDITIONAL RESTRICTIONS AND DELINEATIONS OF GEOGRAPHICAL AREAS. SPECIAL RESTRICTIONS MAY APPLY ON FEDERAL AND STATE PUBLIC HUNTING AREAS AND FEDERAL INDIAN RESERVATIONS.

2. Section 20.104 is amended by adding the entries for the following States in alphabetical order to read as follows:

§20.104 Seasons, limits, and shooting hours for rails, woodcock, and common snipe.

Subject to the applicable provisions of the preceding sections of this part, areas open to hunting, respective open seasons (dates inclusive), shooting and hawking hours, and daily bag and possession limits for the species designated in this section are prescribed as follows:

Shooting and hawking hours are one-half hour before sunrise until sunset, except as otherwise restricted by State regulations. Area descriptions were published in the August 21 and September 27 Federal Registers.

NOTE: The following seasons are in addition to the seasons published previously in the August 29, 2001, Federal Register (66 FR 45730).

The Mississippi Flyway: Includes Alabama, Arkansas, Illinois, Indiana, Iowa, Kentucky, Louisiana, Michigan, Minnesota, Mississippi, Missouri, Ohio, Tennessee, and Wisconsin.

The Central Flyway: Includes Colorado (east of the Continental Divide), Kansas, Montana (Blaine, Carbon, Fergus, Judith Basin, Stillwater, Sweetgrass, Wheatland, and all counties east thereof), Nebraska, New Mexico (east of the Continental Divide except that the Jicarilla Apache Indian Reservation is in the Pacific Flyway), North Dakota, Oklahoma, South Dakota, Texas, and Wyoming (east of the Continental Divide).

The Pacific Flyway: Includes the States of Arizona, California, Colorado (west of the Continental Divide), Idaho, Montana (including and to the west of Hill, Chouteau, Cascade, Meagher, and Park Counties), Nevada, New Mexico (the Jicarilla Apache Indian Reservation and west of the Continental Divide), Oregon, Utah, Washington, and Wyoming (west of the Continental Divide including the Great Divide Basin).

Light Geese: Includes lesser snow (including blue) geese, greater snow geese, and Ross' geese.

Dark Geese: Includes Canada geese, white-fronted geese, emperor geese, brant (except in California, Oregon, Washington, and the entire Atlantic Flyway) and all other geese except light geese.

ATLANTIC FLYWAYFlyway-wide Restrictions

Duck Limits: The daily bag limit of 6 ducks may include no more than 4 mallards (2 hen mallards), 3 scaup, 1 black duck, 1 pintail, 1 canvasback, 1 mottled duck, 2 wood ducks, 2 redheads, and 1 fulvous tree duck. The possession limit is twice the daily bag limit.

Harlequin Ducks: All areas of the Flyway are closed to harlequin duck hunting.

Merganser Limits: The merganser limits include no more than 1 hooded merganser daily and 2 in possession.

(1) In Connecticut, the season is closed for black ducks prior to November 16 in the North Zone and prior to November 20 in the South Zone. (2) In Delaware, the season on black ducks is only open November 19 through January 15. (3) In Delaware, the January 21 to March 9 snow goose season is open Mondays, Wednesdays, Fridays, and Saturdays only. (4) In Florida, the Canada goose season is only open in the Florida waters of Lake Seminole in Jackson County that are south of SR2, north of the Jim Woodruff Dam, and east of SR271. (5) In Florida, the light goose season is only open north and west of the Suwannee River. (6) In Maine, the season is closed for black ducks October 1 through October 5; in addition to the daily bag limit, 2 additional teal may be taken. A possession limit of 12 ducks is permitted provided it includes 4 or more teal. (7) In Maryland, the black duck season is closed October 6 through October 13. In addition to the daily bag limit, 1 additional teal may be taken. (8) In Maryland, the February 1 to March 9 snow goose season is open Mondays, Wednesdays, Fridays, and Saturdays only. (9) In Massachusetts, the daily bag limit may include no more than 4 of any single species in addition to the flyway-wide bag restrictions. (10) In New Jersey, the daily bag limit for buffleheads is 4. (11) In New York, in the Lake Champlain Zone, the daily bag limit may include no more than 4 goldeneyes. (12) In North Carolina, the season is closed for black ducks October 3 through October 6 and November 3 through November 24. (13) In South Carolina, the daily bag limit of 6 may not exceed 1 female mallard and 1 black duck or 1 mottled duck in the aggregate. (14) In Virginia, the season is closed for black ducks October 10 through October 13 and December 1 through December 15. (15) In West Virginia, the daily bag limit may include no more than 4 oldsquaws and the season is closed for scoters, eiders, whistling ducks, and mottled ducks. MISSISSIPPI FLYWAY Flyway-wide Restrictions Duck Limits: The daily bag limit of 6 ducks may include no more than 4 mallards (no more than 2 of which may be females), 1 black duck, 1 pintail, 1 canvasback, 2 redheads, 3 scaup, and 2 wood ducks. The possession limit is twice the daily bag limit.			

Merganser Limits: The merganser limits include no more than 1 hooded merganser daily and 2 in possession. In states that include mergansers in the duck bag limit, the daily limit is the same as the duck bag limit, of which only 1 daily and 2 in possession may be hooded mergansers.

(1) In Arkansas, shooting hours for Canada geese are one-half hour before sunrise to noon.

(2) Harvests of Canada geese will be limited by quotas established in the September 27, 2001, Federal Register. When it has been determined that the quota of Canada geese allotted to the Northern Illinois, Central Illinois, Southern Illinois and Rend Lake Quota Zones in Illinois, Posey County in Indiana, the Ballard and Henderson-Union Subzones in Kentucky, the Allegan County, Muskegon Wastewater, Saginaw County, and Tuscola/Huron Goose Management Units in Michigan, the Lac Qui Parle Zone in Minnesota, the Northwest Zone in Tennessee, and the Exterior Zone in Wisconsin will have been filled, the season for taking Canada geese in the respective zone (and associated area, if applicable) will be closed by either the Director upon giving public notice through local information media at least 48 hours in advance of the time and date of closing, or by the State through State regulations with such notice and time (not less than 48 hours) as they deem necessary.

(3) In Illinois, shooting hours for geese in the Southern Illinois and Rend Lake Quota Zones through January 28 shall close at 3 p.m.

(4) In Illinois, white-fronted goose, light goose, and brant seasons will close with Canada goose seasons if the season closes early due the quota being reached.

(5) In Kentucky, in Fulton County, if the Canada goose season closes after January 31 and before February 15, the season for light geese will close with the Canada goose season.

(6) In Louisiana, during the Canada goose season, a special permit is required by the State.

(7) In Michigan, the daily bag limit includes no more than 1 hen mallard.

(8) In Minnesota, the daily bag limit is 15 and the possession limit is 30 coots and moorhens in the aggregate.

(9) In Minnesota, in the Lac Qui Parle Zone, seasons for white-fronted geese, brant, and light geese are open only when the Canada goose season is open.

(10) In Tennessee, see State regulations for permit requirements and additional restrictions.

CENTRAL FLYWAY

Flyway-wide Restrictions

Duck Limits: The daily bag limit of 6 ducks may include no more than 5 mallards (2 female mallards), 1 mottled duck, 1 pintail, 2 redheads, 1 canvasback, 3 scaup, and 2 wood ducks. The possession limit is twice the daily bag limit.

Merganser Limits: The daily bag limit is 5 mergansers with 10 in possession and may include no more than 1 hooded merganser daily and 2 in possession. In states that include mergansers in the duck bag limit, the daily limit is the same as the duck bag limit, of which only 1 daily and 2 in possession may be hooded mergansers.

	Season Dates
(1) In <u>Arizona</u> , the daily limit may include no more than either 2 female mallards or 2 Mexican-like ducks, or 1 of each; and not more than 4 female mallards and Mexican-like ducks, in the aggregate, may be in possession.	
(2) In <u>Arizona</u> , in Yuma County, La Paz County, Game Management Units 13B, 15, and that portion of Unit 16 lying within Mohave County, the bag and possession limits are 3 and 6 for Canada geese and 3 and 6 for light geese, respectively.	
(3) In <u>California</u> , small Canada geese are cackling and Aleutian Canada geese.	
(4) In <u>Idaho</u> , the season on light geese is closed in Fremont and Teton Counties.	
(5) In <u>Montana</u> , check State regulations for special seasons/exceptions in Freezeout Lake WMA; Canyon Ferry; Flathead; Deer Lodge County; and Missoula County.	
(6) In <u>Nevada</u> , there is no open season on light geese in Ruby Valley within Elko and White Pine Counties, White River Valley of Nye County, and Pahrangat Valley of Lincoln County.	
(7) In <u>Oregon</u> , the Northwest Special Permit Zone is closed to all goose hunting, except for designated areas. See State regulations for specific boundary descriptions, times, days, and other conditions of the special permit season.	
(8) In <u>Oregon</u> , those portions of Coos and Curry Counties west of US 101 are closed to all Canada goose hunting.	
(9) In <u>Utah</u> , the shooting hours are 8:00 a.m. to sunset on October 6 in Cache, Salt Lake, Davis, Weber, and Box Elder Counties, and November 3 statewide.	
(10) In <u>Utah</u> , the season in Washington County is for Canada geese only.	
(11) In <u>Washington</u> , the daily bag limit in the West Zone may include no more than 4 scoters and 4 oldsquaws, with the possession limit twice the daily bag limit. The daily bag and possession limit for harlequins is 1.	
(12) In <u>Washington</u> , daily bag and possession limits may include no more than 3 and 6 light geese, respectively.	
(13) In <u>Washington</u> , see State regulations for specific dates and conditions of permit hunts and closures for Canada geese.	
(14) In <u>Washington</u> , in State Goose Area 4, hunting is only on Saturdays, Sundays, Wednesdays, and certain holidays. In State Goose Areas 3 and 5, hunting is everyday. See State regulations for details, including shooting hours.	
(15) In <u>Washington</u> , brant may be hunted in Skagit and Pacific Counties only; see State regulations for specific dates.	
(f) <u>Youth Waterfowl Hunting Day</u>	
The following seasons are open only to youth hunters. Youth Hunters must be accompanied into the field by an adult at least 18 years of age. This adult can not duck hunt but may participate in other open seasons.	
Definition	
Youth Hunters: Includes youths 15 years of age or younger.	
NOTE: The following seasons are in addition to the seasons published previously in the August 29, 2001, <u>Federal Register</u> (66 FR 45730). Bag and possession limits will conform to those set for the regular season.

4. Section 20.106 is amended by adding the entries for the following States in alphabetical order to read as follows:

\$20.106 Seasons, limits, and shooting hours for sandhill cranes.

Subject to the applicable provisions of the preceding sections of this part, areas open to hunting, respective open seasons (dates inclusive), shooting and hawking hours, and daily bag and possession limits on the species designated in this section are as follows:

Shooting and Hawking hours are one-half hour before sunrise until sunset, except as otherwise restricted by State regulations. Area descriptions were published in the August 21, 2001, Federal Register (66 FR 44010).

Note: The following seasons are in addition to the seasons published previously in the August 29, 2001, Federal Register (66 FR 45730).

(1) Each hunter participating in a regular sandhill crane hunting season must obtain and carry in his possession while hunting sandhill cranes a valid Federal sandhill crane hunting permit available without cost from conservation agencies in the States where crane hunting seasons are allowed. The permit must be displayed to any authorized law enforcement official upon request.

Subject to the applicable provisions of the preceding sections of this part, areas open to hunting, respective open seasons (dates inclusive), hawking hours, and daily bag and possession limits for the species designated in this section are prescribed as follows:

Hawking hours are one-half hour before sunrise until sunset except as otherwise restricted by State regulations. Area descriptions were published in the August 21 and September 27 Federal Registers.

Limits: The daily bag limit may include no more than 3 migratory game birds, singly or in the aggregate. The possession limit is twice the daily bag limit.

These limits apply to falconry during both regular hunting seasons and extended falconry seasons -- unless further restricted by State regulations. The falconry bag and possession limits are not in addition to regular season limits.

Unless otherwise specified, extended falconry for ducks does not include sea ducks within the special sea duck areas.

Although many States permit falconry during the gun seasons, only extended falconry seasons are shown below. Please consult State regulations for details.

NOTE: The following seasons are in addition to the seasons published previously in the August 29, 2001, Federal Register (66 FR 45730).

5. Section 20.107 is revised to read as follows:

§20.107 Seasons, limits, and shooting hours for swans.

Subject to the applicable provisions of the preceding sections of this part, areas open to hunting, respective open seasons (dates inclusive), shooting and hawking hours, and daily bag and possession limits on the species designated in this section are as follows:

Shooting hours are one-half hour before sunrise until sunset, except as otherwise restricted by State regulations. Hunting is by State permit only.

NOTE: Successful permittees must immediately validate their harvest by that method required in State regulations.

(2) Any species of swan may be taken.

(3) All harvested swans and tags must be checked or registered within 3 days of harvest.

(4) Harvests of trumpeter swans are limited to 5 in Nevada and 10 in Utah. When it has been determined that the quota of trumpeter swans allotted to Nevada and Utah will have been filled, the season for taking of any swan species in the respective State will be closed by either the Director upon giving public notice through local information media at least 48 hours in advance of the time and date of closing, or by the State through State regulations with such notice and time (not less than 48 hours) as they deem necessary.

6. Section 20.109 is amended by adding the entries for the following States in alphabetical order to read as follows:

§20.109 Extended seasons, limits, and hours for taking migratory game birds by falconry.
