AGENCY: Employment and Training

ACTION: Notice.

SUMMARY: The Department of Labor (Department), as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 [44 U.S.C. 3506(c)(2)(A)]. This program helps ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed.

Currently, ETA is soliciting comments concerning the collection of data for the administration of the UCX program, the current expiration date is June 31, 2016

DATES: Submit written comments to the office listed in the addresses section below on or before October 13, 2015.

SUPPLEMENTARY INFORMATION:**I. Background**

The UCX law (5 U.S.C. 8521-8525) requires State Workforce Agencies (SWAs) to administer the UCX program in accordance with the same terms and conditions of the paying state's unemployment insurance law which apply to unemployed claimants who worked in the private sector. Each state agency needs to obtain certain military

service information on claimants filing for UCX benefits to enable the state to determine their eligibility for benefits. As needed, most state agencies record required UCX information on the form developed by the Department, ETA 843, Request for Military Document and Information. States not using the ETA 843 record required UCX information on form ETA 841, Request for Determination of Federal Military Service and Wages. The use of these forms is essential to the UCX claims process. Information pertaining to the UCX claimant which is recorded on the ETA 841 report can only be obtained from the individual's military discharge papers, maintained by the appropriate branch of military service or the Department of Veterans' Affairs (formerly the Veterans' Administration). Without the claimant's military information, a state cannot adequately determine potential UCX eligibility of ex-servicemembers and would not be able to properly administer the program.

II. Review Focus

The Department is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- enhance the quality, utility, and clarity of the information to be collected; and
- minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.
