DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 10828–007]

Fairfax County Water Authority; Notice of Availability of Final Environmental Assessment

October 29, 2009.

In accordance with the National Environmental Policy Act of 1969, as amended, and the Federal Energy Regulatory Commission's regulations, 18 CFR part 380 (Order No. 486, 52 FR 47879), the Commission has reviewed an application, filed January 15, 2009, to surrender the project license for the Occoquan River Hydroelectric Project, FERC Project No. 10828. The Environmental Assessment (EA) analyzes the environmental impacts of the proposed license surrender, decommissioning of hydroelectric facilities, and various dam safety related repairs, and concludes that approval of the application, with appropriate environmental measures, would not constitute a major federal action significantly affecting the quality of the
